The longest winning streak of 15 games was done by Bloomington (8/10-8/30). The longest losing streak of 17 games was by Arkansas around the same time period (8/11-8/29).

Oakdale set a new **TML Record** for most team triples with 94. The North Adams pitchers set a new TML Record for fewest HRs allows with 43.

11/5/1943, OK43-SM43, Ebbets Field

Ken Fusci won his first TML Championship when his Summer Cyclones defeated Mike Landin's defending TNL Champion Oakdale Ravagers in Game 6 of the World Series! For Summer, it was their 3rd TML Championship, but their first since 1983! The Series saw Summer win three come-from-behind games, including two in extra-innings and an extraordinary one in Game 6, down 7-3, with 2 outs in the bottom of the 9th! Lou Klein hit a Grand Slam to tie the game at 7 and Rudy York hit a walk-off HR leading off the 10th to complete the unlikely comeback and avoid a Game 7. Both teams had sailed into the World Series in 5 games, with Summer defeating Sioux Falls and Oakdale defeating Seattle. Summer MVP Rudy York batted .385 (10/26) in the World Series, socking 4 HRs and tallying 7 RBI.

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 64 **Occupation:** Retired; Cat Servant; MLB Datacaster

The Season Story

A 100-loss season as the Avalanche appeared to surrender during the war years. One bright spot in a lost season was Jeff Heath who hit .313 with 21 homers. He was rewarded at seasons end by being traded to a contender. The complete rebuild was on as Ted Williams, Dick Bartell, Bobby Estalella, Johnny Schnitz Ray Starr and Max Macon were also ushered out of town. Left in the wreckage was Joe Cronin and little else. A long rebuild is ahead of us. 1941 will be a lien year.

ARKANSAS Travelers

Manager: Bill "Willie" Jelks (Lynda)

Age: 78 **Occupation:** Retired USAF Flyboy

The Season Story

Another 100+ losing season for the Travs BUT sunnier times appear to be on the horizon as players such Joe Medwick, Arkie Vaugh, Jimmie Foxx and Bill continue to develop along with a host of promising pitchers. An offseason trade in which Arkansas acquired three proven stars and a hopefully good 1942 draft should bring happier times.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 52 **Occupation:** Meteorologist/Scientist

The Season Story

The 1943 season was, I hope, the beginning of better times at the Cement Pond. Beverly's offense showed signs of life as the older players slide into their prime years. The pitching remained an issue with the "better" pitchers producing only middling results. The "future" is brighter with the return of key players from the war effort. The Hillbillies are headed to better things.

BLOOMINGTON Burning Bunyans

Manager: Bob Weisman (Janet)

Age: 61 **Occupation:** Retired Meteorology Professor

The Season Story

Through the first 112 games, there was little to distinguish the 1943 Burning Bunyans from the slightly below-.500 teams of the future 5 years. But, a late surge produced a 53-31 record against division opponents, tied with Summer for the best in the division. The pitching improved to 3rd in the league, led by starters Early Wynn and Al Javery. A Higbe and Turner bullpen was shaky, but ended up producing Bobo Newsom, victory vulture with 16 relief wins and 9 saves, who played a key role in the 16-8 extra inning and 35-20 1-run game records. The offense welcomed back Elbie Fletcher, and had a good limited contributions from Goodman, Litwhiler, and Lombardi. The foot ailments say a fond farewell to Gene Woodling, 2nd in BY career batting, and Buddy Kerr, a useful shortstop for several years.

BRONX Highlanders

Manager: Hank Pedicone (Eileen)

Age: 71 **Occupation:** Retired Attorney

The Season Story

The Highlanders posted a surprisingly respectable 80 wins in the last of the roster-depressing war years. It was only good enough for a fourth place finish in the division, but it was encouraging to finish over .500. The offense was paced by Bill Nicholson, who produced a .322 BA, .433 OBP, 32 HRs and 127 RBI. Bill Dietrich led a fairly effective pitching corps (3.48 overall ERA) with a fine ERA of 2.39. That said, management is breathing a sigh of relief and eagerly awaits the return of the DiMaggio brothers, Joe and Dom, for the 1941 season, and is hoping for a brighter future (past?).

CHESTERTOWN Blue Herons

Manager: Eric Rogers

Age: 63 **Occupation:** Meteorologist

The Season Story

A thoroughly blah season for the Blue Herons, not good enough to contend but not bad enough to embarrass the GM. Harry Walker had a great season, contending for the batting title; in retrospect, I probably should have traded him before the season ;-). Johnny Niggeling was the pitching star (15-6, 2.60 ERA) and unlimited Ken Trinkle somehow won the Fireman of the Year award, thank you Diamond Mind! Next year's team looks as bad or worse, and getting back to contention will be a very slow process.

DULUTH Thundercats

Manager: Kevin Tyle (Bryan)

Age: 57 **Occupation:** Computer Administrator/Meteorologist

The Season Story

Another good year for the Thundercats, but not enough for the postseason. Had the starting rotation been just a bit more durable in terms of games started, it might have been enough to squeak by Seattle. Johnny Vander Meer was the staff leader, while Vern Stephens, Whitey Kurowski, Tommy Holmes, and Bobby Doerr had their usual good years. Probably the last contending year for a while as the core of the team reverse-ages out.

NORTH ADAMS Bevers

Manager: Mike Ameen

Age: 57 **Occupation:** Restaurateur & H.S. Softball Coach

The Season Story

The North Adams Bevers finished 83-71 in 4th place 11 games out of 1st place in 1943. The Bevers were led by Charlie Keller who hit .289 with 20 doubles 11 triples and 21 homers to go along with 93 runs scored and 93 rbi's. Keller was helped by Dixie Walker's .308 and 76 runs scored and Walker Cooper who hit .291 with 14 homers and 71 rbi's. The pitching staff was led by Hi Bithorn who checked in with a 19-8 record and a 3.08 era. Newt Kimball's 10-4 3.07 was a solid effort. The Bevers team era was 3.53. Moving into the 1942 season the Bevers will start to show its youth and lack of depth as the next few years its core players who made the playoffs 4 times and won a championship in the 1940's begin to fade away. With a 2 or 3 year rebuild in its future General Manager Ameen asks for a little time from the home fans. He will try to build back better and hope to be back in the hunt as the decade turns its lonely eyes to the 1930's!

OAKDALE Ravagers

Manager: Mike Landin (Teri)

Age: 68 **Occupation:** Retired/Senior Softball Player

The Season Story

A fifth Conference Pennant in the past six seasons led to a defense of their 1944 Championship. This team was the most balanced yet, 1st in offense, 2nd in pitching and 1st in fielding. The team was led by Stan Musial, but had a total of 5 regulars who played all 154 games, each with 105+ RCs! Red Barrett and Dutch Leonard were 19-game winners and were supported by Dick Barrett and Wally Hebert. Nels Potter was delegated to the bullpen, where he saved 7 games and had only 1 BS. After going 4-10 against Seattle in the regular season, the Ravagers somehow easily defeated them in the Conference Final to advance to the World Series. Summer proved to be a tough opponent with their come-from-behind, never-give-up, attitude! Late in Game 6, with the Ravagers leading 7-3 heading into the bottom of the 9th, it appeared that a Game 7 was inevitable! However, for some inexplicable reason, Manager Mike Landin left Dutch Leonard in the game, refusing to go to the bullpen. Summer was sending up unused backup players, to “save ABs,” only to see them load the bases with 2 outs. Lou Klein blasted a Grand Slam to tie the game. Potter was finally brought in for Leonard only to serve up a series-winning HR to Rudy York. Shortly after this horrible defeat, Landin was **fired** as Manager, but will remain on as GM. There will be a designated “MP” running the team from 1942 back to the turn of the century. Time to “house clean!”

SEATTLE Rainiers

Manager: Rob Fovell (Mei-Ying)

Age: 63 **Occupation:** Meteorology Professor

The Season Story

The Rainiers exceeded my expectations in their first (last!) season in Seattle, finishing with 97 wins. Success was due to solid pitching, led by Virgil Trucks (ERA leader by 0.3 runs) and workhorse Rip Sewell (17 CG), decent offense, headed by Roy Cullenbine (leader in batting average and runs created), and despite sloppy fielding (slightly above average at 161 errors).

SIoux FALLS Fighting Sioux

Manager: Jeff Chapman (Sally)

Age: 55 **Occupation:** NWS Meteorologist

The Season Story

After spending most of the year as the best hitting, pitching and fielding team in the league, the Fighting Sioux had way too many multiple error games and continued with lack of enough power at the plate to make up for it. The end result was a 2-seed in the Atmospheric, and in the end the team with the most success against Sioux Falls during the regular season (Summer) matched it with a 4-1 playoff loss, although three games were one run losses. We have to admit that it was fun watching George Case and Wally Moses steal more bases than any other TEAM. Six 10 game winners on the bump. See some clouds on horizon though, and a storm is a comin'!

SONOMA Crushers

Manager: Jack Kohn (Patti)

Age: 84 **Occupation:** Retired USAF Lt. Colonal

The Season Story

Extensive preseason planning failed to result in the Crushers being able to be much of a threat in the conference pennant chase. The Crushers settled for a disappointing 78-76 record which netted a fourth place finish. The 1943 performance kept the franchise barely above water at 925-923 since Jack Kohn took over the franchise in the 1954 season....12 TML seasons. Leadoff hitter Augie Galan was the igniter of the offense at .341/.452/.469, playing in all 154 games in CF or 1B. Retiring LF Dick Wakefield posted his best season with the team leading 93 RBI. Tiny Bonham, with a couple of seasons still to play, was the pitching leader with a 15-8 record and 2.43 ERA.

SUMMER Cyclones

Manager: Ken Fusci (Rozanne)

Age: 74 **Occupation:** Retired – Part Time at Saratoga Casino

TML Champion

The Season Story

At long last, a first ever Championship for the Summer Cyclones and the franchise! The Team won the Regular Season Atmospheric Conference and was tied for third in team Batting but only .004 points behind League leader OK. Although the Team ERA ranked mid-pack at 8th in the League, it boasted the League's top two winningest pitchers in Chandler and Trout, and a decent support bullpen. Easily, the Team's MVP was First-baseman Rudy York who led or tied for the League lead in an incredible NINE categories: HRs, RBI, Runs, Total Bases, Extra Base Hits, Game Winning RBI, AB per HR, Isolated Power and Slugging percentage! With some clutch hitting and pitching, SM managed to win both Playoff Series for the Title (vs SF 4-1 and vs OK 4-2), taking all six of the one-run games (three in each Series). And of course, the biggest clutch hits came in Game 6 of the Championship Series, when with two-out in the B-9th, Klein hit a game-tying grand slam, followed by (who else) York's dramatic Game and Series winning walk-off HR in the B-10th. SM hopes to continue the good fortune heading back to '42, with what should be a fairly well balanced, competitive playoff contending team.

WALLA WALLA Wombats

Manager: Bryan Sakolsky

Age: 54 **Occupation:** Technology Sales Manager

The Season Story

Definitely not a remarkable season. The Wombats won only 40 games and finished 59 games out of first place. Overall, the Wombats only managed to score 490 runs, and other than shortstop Al Glossop's 77 RBI, no one had more than 46. Glossop also led the team with 11 HRs. Clyde Shoun was the only real bright spot on the pitching staff going 5-4 with 2 saves and a 2.35 ERA. Buck Ross and Dick Newsome each had 8 wins to lead the team, but Newsome (23) Atley Donald (23), and Bert Kuczynski (27) all finished with 20 plus losses.

Stat Key

RC (Runs Created) = [(A times B) plus C], all divided by D, where

$$A = H + BB + HBP - CS - GIDP$$

$$B = TB + [.26 \times (BB - IBB + HBP)]$$

$$C = .52 \times (SH + SF + SB)$$

$$D = AB + BB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS (Quality Starts): the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or fewer.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

♦ - **TML Record**

◇ - **Tied TML Record**

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a caret (^) indicates that the player or pitcher tied for the lead in his Association in that stat category.
