# The Major League

\* 1 \*

1984

by Jim Pertierra

The TML has reached the end of it's first half decade. I guess that's my way of making five years sound momentous. Five years! It does not seem possible that we have reached that milestone. As I write this we are about to rocket into our 6th year without even flinching.

If there is one distinguishing mark of the TML History it has been the reluctance to stand still. Few issues tend to hit the average TMLer during the course of his tenure as manager, but the ones that do are biggies. In five years we have had major philosophical wars over trading, trade reporting, and drafting procedures. Drafting procedures dominated the off field discussions in the TML in year 5. There was much concern over the obligations of leadership to maintain competitive balance. Dynasty was the major calling card this year. It was agreed that certain teams were winning consistently and stockpiling future talent. After much discussion it was also agreed, through correspondence with other TMLers that present operations didn't really seem to be bothering too many people.

As I have said on many occasions, the only thing that you can accuse us here in Action Central of is not listening to the winds blowing around the League quick enough. By that I mean that we have never been afraid to act, but we should have consulted with trusted advisors like Nite Mahan and Larry Alber before acting so we weren't thrust into the reacting position one month later.

The final solution to this season's crisis was the advent of the telephone draft done pre-issuance of the cards. It worked very well and we hope to make the telephone draft an annual occurrence until someone can come up with a better idea. Given the nature of the TML populace, that better idea won't be long in coming. The lone criticism that surfaced in regards to the old draft was that there was a built in "Cohoes Advantage". Meaning, of course, that attendance at the draft had built in fail safes in order to allow a person picking in the flesh in Cohoes on draft day NOT to make a bad pick. This assumption is, obviously, idiotic as the only in person draft advantage is the ability to get up and leave while the others are scouring someone's draft list for player number 156 who is either dead or in Cleveland which may be one and the same.

There is one draft advantage and that is the ability to participate in that 48 hour period of non stop laughter in person. It's the best day of the year and its gotten better just about every year. Extending the telephone connection has enabled others to get a taste of the nonsense that invades Cohoes on draft day. Mike informs me that several more "rookies" might venture into Cohoes in 1986. It's worth it. The trades just pour out the same people who, in three months will be holding you up for your children as a throw in in the Moreno deal.

## Continued

\* 2 \*

Draft day finds money devalued and flowing. Draft choices are a dime a dozen as opposed to \$105,000 in November. Try to get there next year.

Many new things are planned for the TML in the upcoming year. Mike Landin and Rich Goldberg are hard at work planning the first TML Register. Many of us have spent a lot of time kicking ideas around for this massive effort. They have been finalized and we'll be seeing the book in 1986. Be patient, it will be worth it. Bill Vincent and I are getting procedures together leading up to the TML Hall of Fame. Masters League President Ralph Rossini kindly send forth his league's guidelines. Bill and I are studying these and will be making some announcements in 1986 regarding nominees. Construction of the TML Hall of Fame Building will commence in mid 1985 at scenic Clark Lane Park. Fahey Construction Company will be the main contractor. Plumbing will be done by Angie, Louie and Tony whenever they want.

In all seriousness.....with the advent of computers and mechanized systems, the sky is literally the limit. I have been able to assist Mike with statistical studies as I got more adventurous with my Apple. I know that Rich Goldberg's Macintosh will be a constant source of surprises and aids to the TML Manager. Nite Mahan, in an interview several years ago for INSTANT REPLAY, said that the TML had the resources and was THE league. As flattering as that statement was to the League leadership, it's even more flattering to each of your spirit and dedication to the TML. I thank Nite for the many fine ideas he has allowed us to steal over the years. How Nite ran the B.I.G. by himself all those years is amazing.

Before I close I'd like to thank my fellow officers Mike, Rich, Larry, Bill and Tom for doing all the work and letting me have all the fun. I'd also like to extend special thanks to these dedicated charter members still crazy and still with us after all these years....Tim Muledy, John Gatto, Bob Lay, Dick Gorney, Dallas Adams, Glenn Bailey, Carl Carpenter, Bill Parks, Chick Wade, Chris Lentine, Rich Goldberg, Dave Pittner, Mike Mayko, Frank Lentine, Arthur Amazing Albanese, Mike Landin, Nite Mahan, Bruce Clark, Doug Zuchowski, Larry Alber, Mike Moore, Rocky Hall and Jim Schembari. If you count Les Fleming, who was an original TMLer but took a year off to run his own League, we still have 25 of the original 40 managers floating around the TML. Is it any wonder now why we head into TML VI with such a burst of steam?

I love you guys, thanks a lot!!

# American '84- A Review

by Tom Kopp

The word "Dynasty" has come to be used for a popular television show, but it can also be applied to the American Association in TML V. Two of the division champions are repeaters from the previous year, and a third tied last year but lost in the tie breaker. The league's addition of the wild card added a pair of teams to the playoffs, including the ballclub with the second best record in the AA (what foresight we voters must have had). A number of impressive, and not so impressive, records fell during the season. So let's get on with the review.

No team was more impressive then the Koufax champion, Dallas Adams' L&M Librae. Their awesome offense blasted 219 HR's and scored a total of 962 runs, both easily leading the TML. League MVP Dale Murphy led the way, setting records for both runs created (178) and runs scored (157) while adding league leading totals in home runs (55) and RBI's (144). That's quite a year! Of course, having teammates like Ripken and Dawson sure doesn't hurt. Meanwhile the Librae hurlers helped out with the league's second best pitching staff. Jack Morris won the Cy Young award with his record tying 26 wins.

Division runner-up Keflavik came in with the leagues' second best record with help from batting champion Wade Boggs (.363). On the mound, Phil Niekro won 20 and Jesse Orosco was second for Fireman of the Year (10 wins, 26 saves). During the season, the Stingray set a TML record with an incredible 20 game winning streak. With those two teams in the same division, it was a long season for the other three. Sherlock reached the .500 mark via 190 HR's, which compensated for the team's low batting average (.249). Pacific escaped 100 losses, but Philadelphia could not. Newcomer Darryl Strawberry (32 HR's) needs more help.

Moving into the Musial, this division boasted the only new team at the top in the form of Les Fleming's Elk Grove Skyhawks. The duo of John Denny (22-10, league ERA leader at 2.02) and Salome Barojas (record setting percentage of 18-1, 15 saves, 1.40) were tough all year, and ran 2-3 in this year's Cy Young voting. This team fired 17 shutouts (second best in the league) and contained two 100 RBI men in Jody Davis and Larry Parrish. This made for a well balanced ballclub.

The best non-playoff team was Salt River, whose 99 wins were just four games worse than last year's conference champion. The Stompers led the league in pitching (3.33) and shutouts (20) but, in the end, it wasn't enough. Steve Howe sniffed his way to a fine final season, with 17 saves and a 1.03 ERA. What a way to go. Darkfyre finished strong to pull above .500, but third-place had to be a little disappointing. Eddie Murray was in the running for MVP, collecting a record 23 game winning hits while ending second in runs created (148). The Daemon pitching staff could only throw 10 complete games all year, but, their bullpen led the league in saves with 49. While the Koufax division had the two best teams, the Musial had the two worst. Maryland and Colorado couldn't outdo each other though, and they tied with a TML record 114 losses. The Crabs had the league's worst pitching, failing to throw a shutout until the last series of the year against (you guessed it) Colorado. The Blizzard had the league's worst hitting; and when they lost 7 of 8 to the Crabs at the end of the year Blizzard manager Bob Weisman was forced to conclude "Bad pitching stops bad hitting." I don't know about that Bob, but I would like to see your team face the 1962 Mets.

## American Continued

Looking at the other conference, we find in the Mays division that the defending TML champion Toledo Tomcats stayed on top. Bill Parks' team also repeated as conference king. While not as awesome as last year, they still had the best record in the conference led by the second best offense in the AA. Robin Yount led the way again with a .331 bat and 143 RBI's. Soto finally obtained 20 wins to lead the Tomcats traditionally balanced staff. It was another strong team in Toledo.

The Wakefield Savoyards completely turned around from last year's debacle (112 losses) and made the playoffs via the wild card. The power of Mike Schmidt led their offense with 45 HR's and 144 RBI's. The Savoyards boasted two 20 game winners in Scott McGregor and Joe Niekro. Cuyahoga was in the playoff race until the end, but lost too many road games and fell short. The Fungoes did receive another good season from Jim Rice (47 HR's, 118 RBI's). Hudson made a good run at .500 but fell 4 games short. The veterans Carlton and Ryan combined for 32 wins but they're not what they used to be. Coldwater missed the record for losses in a season by one (almost Larry!). Their team batting average of .241 was only better than Colorado, and that's pretty bad (any comparison to Colorado is bad).

Finally we have the Banks, where justice was served. After tying for first last year, only to lose in the divisional playoff; Tim Muledy's Addison Arrows gained their first pennant. Fireman of the Year Lee Smith was a fine stopper, winning 10 and saving 28. Rhoden was a 20 game winner for the Arrows. The balanced attack was led by Pedro Guerrero (39 HR's). The Banks has seen four different champions in five years. Don't bet on the fifth one soon (who could that be?).

Chicago was the bridesmaid again but, while finishing 14 games off the pace, they still ended up above .500. The Bruins have never finished a season below that mark. Cecil Cooper gave the Chicago fans something to cheer about all year (35 HR's, 143 RBI's). Rockford had their franchise's best season ever, by winning 78 games (give me a break folks, look at what I started with). The Radar had two 100 RBI men in Willie Upshaw and Roy Smalley. The Radar pitching was very disappointing however. Harbor Beach tied for third place. The league's #2 hitter (Puhl, .356) was the only real offense the Hurons had. Stieb won 21 games to lead a good staff which just didn't receive enough support. Bringing up the rear was Firestone, whose team ERA of 5.22 was only better than Maryland, and that's pretty bad (any comparison with Maryland is bad, where have I heard this before?).

As of this writing, the playoffs were still going on. The American League champion will either be L&M or Toledo, fitting enough since both had their respective conference's best record. We are continuing to dominate the All-Star Game however. In case your not aware of it, we have won it all five years. Is there any doubt which is the best league? Finally, I will return to the Dynasty theme. At this early stage it looks like three of the division winners should repeat (L&M, Toledo, Addison) while the old powerhouse of the Musial, Darkfyre (Boulder), should return to the top in that division. I don't know who said it, but I think the line "The more things change, the more they stay the same" applies here. Of course, the dice have yet to be rolled, and it is they who will determine our TML VI winners. Good luck to all in 1985.

## 1984 Season Story

The Arrows got off to a great start, winning 6 road games at Rockford and 5 more at home against the always-tough Bruins in Series 1. From there on, Addison just pulled away to a very surprisingly easy Banks Title. The Arrows only lost four series all year (Elk Grove, at Toledo, at Cuyahoga, and at Chicago, the latter after the Division was already clinched). Individually, there were some fine performances. Tony Pena hit .300 with 16 HR's, while playing gold-glove defense. Pedro Guerrero socked 39 HR's. George Wright had a team-leading 96 RBI. Sandberg played a great secondbase, hit .285, and stole 50 bases. Rick Rhoden was Addison's top starting pitcher at 20-6. Lee Smith was the top reliever in the American Association, with 10 RW, 28 SV, totaling 38 relief points.

Manager: John Gatto (Sylvia)

Age: 57 Occupation: Real Estate Agent

## Biographical Sketch

Not much different than last year, except a 3 week tour of six European countries in September, and embarking on a new career writing Childrens' books to supplement the rest of my time, which is allotted to real estate business and REPLAY leagues. Another four grandchildren have arrived since the last yearbook edition!

TEAM MVP: Cecil Cooper

Most Unexp. Perf: Bo Diaz

## 1984 Season Story

Pretty much as expected as far as 2nd place. Still had a chance at the Wild Card after beating Addison face-to-face 5-3 in the last series, but final series at Rockford did us in. Cooper was incredible, and batter than expected, with .337, 22 WH, and 143 RBI, but couldn't carry the whole offense. 1985 looks glum, unless some help is picked up in the draft. Sundberg, obtained in winter trade with Pacific, should fill a sore spot at catcher, but there will be little power and probably one of the weakest pitching staffs the Bruins have put on a TML field. The bullpen should be strong, however, with Lavelle and charter Bruin, Bruce Sutter. The Rhoden for Hassler dealof '83 is looking worse by the month. Hudson, obatined for \$1,000, proved to be a pleasant surprise at 3.54.

## Biographical Sketch

I am 41 years old and live in the lower part of Michigan. We have three children. I love all sports.

## 1984 Season Story

The only bright spots on Coldwater's 47-113 season was the hitting of Gary Ward (.288, 20 HR, 70 RBI, 38 2B). He wastops in all these departments. Charlie Lea won 12 games with a 3.44 ERA, to top the pitching department.

## Biographical Sketch

I am studying for my doctorate in Meteorology at SUNY Albany and hope to gain a position at a university. I also broadcast forecasts daily on two radio stations, plus do all kind of replacement work when certain TML Co-Commissioners go away to Europe for a month at a time. I am also an avid Boston fan in all major sports, since I spent 16 years there. So, I know the pain of Bob Gibson, Jim Burton, Willis Reed, Sidney Wicks, Ben Dreith, too many men on the ice, Roland Hooks, Don Zimmer, Bucky Dent, and many others.

## 1984 Season Story

Gil Leclerc said last year that without McRae, this team would be the worst in the league. Well, this year I traded McRae and tied for the worst. Hey Gil! Do you follow the stock market? Actually, my first move was to hire Don (Platehead) Zimmer, who fulfilled his managing potential with this team. Al Jackson, Colorado's pitching coach, was instrumental in preventing injuries. By teaching Dick Ruthven, Lamarr Hoyt, and Tim Conroy the proper way to look over their shoulders to watch gopher balls fly out of the stadium, he allowed them to avoid neck injuries and give up many more. Mario Mendoza, the team's batting coach, worked hard with Stapleton, Bonilla, Dent, Brookens, Roenicke, and many others. It showed in their averages. Rick Bosetti also contributed to the great base stealing record with his coaching, especially with Nichols. (HIT ME AGAIN! I LOVE PAIN!)

# CUYAHOGA FALLS Fungos

\* 19 \*

Manager: Bob Lay (Pam)

Age: 34 Occupation: Sales Engineer

## Biographical Sketch

Play approximately 500 paper baseball games annually (and about 100 real games as a fast-pitch softball catcher), so summertime is kind of busy. This year, my younger son, Brian, will be rolling the bones for the Fungos, with Dad managing the visitors.

## 1984 Season Story

Disappointing pitching ruined the Fungos playoff chances late in the year. The strong bullpen kept it alive nearly 'til the end. Due to the good relievers, the Fungos played well at home - terribly on the road. ## 1985 sees the strongest Fungo offense to date, coupled with the weakest starting pitching to date. (I visualize many 12-11 games!) Leading off with Raines, Samuel, Baines, Murphy, Rice, and Balboni, the Fungos will rattle many bullpen cages in '85. With Tanana as the only real starter, I've got to get draft help. The '85 Fungo pen with DiPino, Caudill, Righetti, Sambito, Von Ohlen, Reed, Lahti, and Atherton, will be well used some 400 times!

Age: 31 Occupation: Meteorologist

## Biographical Sketch

I am still a Meteorologist at SUNY Albany, where among other things, I broadcast weather forecasts daily for two radio stations in the Albany area. A recent promotion has ended the search for a new career. The TML still remains as my #1 hobby, though I still find time for softball, reading, comic book collecting, and chess (play-by-mail with my Dad). I remain as excited as ever with the TML and am looking forward to the "TML Register" due out withing the next year or two! Most importantly, I remain grateful for having a loving & understanding wife!

## 1984 Season Story

It's hard to believe that 87 wins represent the worst season in this franchise's 5-year history! Nonetheless, it was a good season; a solid 3rd place finish. Ed Murray had an MVP-type year, but was overshadowed all season by L&M's Murphy. (Even in table-top, Murray gets no respect!) While Murray led the team in nearly every offensive category, Dave Winfield contributed a fine season. George Foster blasted 30 HR's to go with Murray's 47 HR's and Winfield's 40 HR's, for a 3-man HR total of 117. The starting pitching was a disaster!! Eric Show (15-7) managed a fine record despite a 4.42 ERA. The bullpen was the savior, notching 71 RP's, led by Al Holland's 35 RP. The off-season acquisition of Gary Carter and Claudell Washington will make the '85 Daemon lineup no picnic for opposing pitchers!

MUSIAL DIVISION CHAMPION

## Biographical Sketch

Playing REPLAY for 8 seasons, I have competed in 10-12 different leagues, I have run a couple leagues and tried to set up another. Am interested in the 1940's-1950's-1960's sets. Would like to get into a league using the older cards.

## 1984 Season Story

This is my first experience at winning a division championship, so obviously this has been a great year. I was surprised time and again by my team's ability to put runs on the board. The pitching also did better than anticipated. Denny was no surprise, but Al Williams (4.14 ERA, 13-7) and John Stuper (4.16 ERA, 13-8), as well as Krueger (3.39 ERA, 9-3), were better than anticipated. A weak bullpen managed 61 relief points. Not only Barojas (1.40 ERA, 18-1, 15 SVO, but Easterly (11 RP), Bob Forsch (8 RP), and LaPoint (5 RP) all made contributions out of the bullpen.

TEAM MVP: John Denny

Most Unexp. Perf: Salome Barojas

1985 TEAM NAME CHANGE

MICHIGAN RED DOGS

Manager: Chuck Kirkwood (Diane)

Age: 43 Occupation: Teacher

## Biographical Sketch

Was a Prosecuting Attorney, specializing in murder trials until Sept. '80. Took a leave of absence to teach at Akron University School of Law for one year. Liked it and decided to stay. (Ed. note: Chuck will not return in '85 and will be replaced by Randy Lantz (31, Assembler, married: Cindy): started with Statis Pro 6 years ago; 3 years ago started playing S-O-M. Been in a couple of PBM Leagues, that were the pits! If you have never been in another league except the TML, consider yourself lucky, as it is the best run league I have ever seen (although the FHL is quite good).)

## 1984 Season Story by Randy Lantz

Since I did not have this team, I do not have much to say except that I hope to move out of the cellar this year, and be a legitimate contender within 3 years.

TEAM MVP: Lonnie Smith

Most Unexp. Perf: Doyle Alexander

## Biographical Sketch

Raised in Pontiac, MI (my roots were obliterated with the construction of the Silver Dome). Just celebrated our 20th wedding anniversary with my wife on a hot air balloon. We have two daughters: Andrea(18) and Kim(17). One in college and the other a senior in high school. Hobbies include golf whenever possible, bow hunting, following Cub baseball, and spending as much time in Wyoming (Carole Ann's home state) and the mountains that vacations will allow. Have been a table-gamer for over 25 years (2 years with REPLAY).

## 1984 Season Story

Considering not one Hudson player made it to the Batting Leaders and the pitching staff consisted of Carlton, Ryan, Beattie, and "Pray for Rain," Hudson finishing near .500 was quite remarkable. The future doesn't look all that bright for the Hornets with age creeping up quickly and very few young prospects in line to take over. It will be a long haul to rebuild the infield, with rookie shortstop Tony Fernandez being the only mainstay. Catching is a joke, and the draft doesn't have any real good prospects. Another long season is forecast. I've just completed Rookie Bid sheet number 28 and I'm still not satisfied!

TEAM MVP: Steve Carlton

Most Unexp. Perf: Bryan Clark

WESTERN WILD CARD TEAM

## Biographical Sketch

Career U.S. Navy man - having completed 16½ years of service. Computer and Computer peripheral repairman. Avid sports fan, still play softball and bowl. Bowled my first 700 series this year, averaged about 195, and won Northern European All-Events Title in England last year. Will be stationed in Pensacola, FL in April for my first stateside tour in 6 years. Looking forward to meeting other gamers face-to-face, instead of via the telephone.

## 1984 Season Story

Superlative season (107-53). Made playoffs despite finishing 2nd to L&M in Division. Offense led my Team MVP Kent Hrbek (.293, 98 R, 109 RBI, 46 2B, 28 HR, & 21 WH) and Wade Boggs (batting title: .363, 109 R, 40 2B, 13 3B, 103 BB, .456 on-base pct). Team had 190 HR's, led by Kittle's 29, and had nine players hit 10 or more. Phil Niekro led pitching staff with a surprising 20-9 record and 3.40 ERA. Hammaker finished 2nd for the ERA title with 2.41 (16-3). Bullpen was strong with 21 wins and 34 saves. Orosco was the stopper with 10 RW and 26 SV. Next season will not be as good without a top-notch draft - team has lots of youth, 24 of 35 players 26 years old or less! Stingray could be a contender for years to come!

TEAM MVP: Kent Hrbek

Most Unexp. Perf: Phil Niekro

### 1984 Season Story

1984 was L&M's best year yet (112-48). This was a wonderful offensive team (.289 avg, .471 slg, 219 HR, 962 runs scored) and set new TML records for RBI (928), doubles (309), sac flys (69), and fewest errors (85). Individually, it was Dale Murphy's year (.325, 55 HR, 144 RBI, 420 TB, 21 WH, .659 slg), plus he established new league records with 159 runs, 178 runs created. Andre Dawson set a new mark with 19 SF and Jack Morris tied the record for most wins (26). Len Barker was 6-0 for the season, making him 15-2 for '83 & '84 combined. L&M opened with an 8-game sweep on the road at Sherlock and closed the year with a 7-1 road mark at Philadelphia. In between, it was a tough, full season battle with Keflavik for the Division Title. L&M trailed KS most of the 1st half, got closer during the "Stretch," and finished strong. The team looks a bit weaker for 1985.

## Biographical Sketch

Two sons (2 years & 2 months); employed by I.R.S. MBA from University of Dayton, site of recently relocated franchise.

## 1984 Season Story

Good offensive punch could not offset worst pitching in the league. Players who did not fit into the long range plan of Crabs were sold off, allowing Crabs to "lead league" in money.

## Biographical Sketch

I've been an Immigration Officer for 13 years. I did a hitch in the Navy prior to that. I'm entering my 10th season of REPLAY. Most of my spare time is taken up driving my 10-year old daughter to daily swim work outs and races all over. And, when I'm not doing that, I'm with my 7-year old son at one of his hockey games. My gaming time is cut down some, but we can always find time for the best hobby around.

## 1984 Season Story

Still trying to break the .500 mark. The players were respectable throughout the lineup. However, erratic starting pitching and a very poor bullpen led to our downfall. We had only one player break 20 homers (Luzinski), so we also had a bit of a power shortage. Now, if I could just convince Mark and Dallas to quit beating up on me, I might make it to .500 !

## Biographical Sketch

Currently working with the City of Philadelphia (23 years). Have been in the city my whole life. Have three children (still at home): Sandy (21), Joe (20), and Peg Ann (18). Enjoy all kinds of table sports games, and find this hobby (mail leagues) a great pastime. Really enjoy all the friendships and conversations I have due to this great hobby!

## 1984 Season Story

Team has gone downhill after three years. I think the lack of success in the money draft is part of the reason for this. The pitching has been very poor, and I feel, on paper, not as bad as its production in league play. I think this team will win 20 more games in '85 than it did in '84.

\* 30 \*

Manager: Tom Kopp (Regina)

Age: 26 Occupation: Meteorologist/Student

## Biographical Sketch

Still studying here at Albany. I've finally finished my Master's and am now pursuing my Ph.D. My hobbies include: rock records, war games, and REPLAY. The TML is a great league, but I have more fun playing the Cooperstown Classics. I also enjoy writing the American Game (especially on my new computer) and am looking forward to meeting as many TML Managers as possible during the upcoming REPLAY Convention.

## 1984 Season Story

Despite setting a franchise record for wins in a season, the season was disappointing for the Radar. I was hoping for at least .500, if not better. The starting rotation of three All Stars (Rogers, Young, Dravecky) and the "real-life" AL Rookie Pitcher of the Year (Boddicker) consistently failed to pitch well. At times, it was quite disheartening. The bats did provide adequate support, as the Radar boasted for the first time in their history two 100+ RBI men (Upshaw & Smalley). The future does not look too bright either. How's that old cliché go? "Back to the old drawing board!"

# SALT RIVER Stompers

\* 31 \*

Manager: Tim Ackley (Lisa)

Age: 37 Occupation: Financial Manager

## Biographical Sketch

1984 was an eventful year for both of us. At Digital, I was promoted to Financial Services Manager. Now, at the Tempe Manufacturing Facility, I manage all accounting activities. In August, we moved into our new home. Thank goodness we are again settled. Last March, I ran into Mike Bravard, Cary Wolfson, and several other REPLAY and APBA enthusiasts at a spring training contest. (Note that both National League Division Champs train in Arizona!)

## 1984 Season Story

Defending a title sure is tough! Despite a 17 game winning streak, 99 season wins, and a record better than 5 of 12 playoff participants, the Stompers saw no post-season action. Lance Parrish struggled at the plate. But, he earned Team MVP honors by gunning down 47% of all base stealers and committing a mere 3 errors in 152 games. Team depth was a key — this team was fun to manage. Players such as Roenicke, Law, Bergman, Richards, Washington, Shelby, and Brummer and pitchers such as Lefferts, Moore, Montefusco, and Burris all made significant contributions. The quality of the bench was unsurpassed in the team's history. This season was truly a team effort.

## Biographical Sketch

It's not easy to come up with fresh, witty material to fill this section every year. However, I'll try. What would you think if I tried the "stream of consciousness" method? Under this approach, I merely have to write down what I am thinking of as I think of it! Unfortunately, I am (at this very moment) thinking a lot faster than I can write. Also, unfortunately, I seem to be running out of space very rapidly .... (Ed. note: ??)

## 1984 Season Story

The season did not turn out as well (winning pct-wise) as expected. There were two very simple reasons for this: L&M and Keflavik. The C's finished at .500, but were a combined 22 games under .500 against those two teams! That was probably also why the team ERA ended up a lot higher than I thought it would. George Brett was a one-man show, even though he "tailed off" at the end, he finished with 84 extra-base hits in 499 AB's. With any luck in the drafts, the C's hope to return to the playoffs for the first time in three years! Next year's won/loss pct. prediction: .565. (Last year's prediction was .550 - oops!)

TEAM MVP: George Brett

## 1984 Season Story

A repeat division title was a surprise, since off-season activity moved out cornerstones of last year's championship club. Team balance was key, but two outstanding individuals were important ingredients. Yount (Team MVP) and Soto were exceptionally effective, above average All Star caliber. Strong bench work and platoon system at several spots made this year's club better offensively than last year (900 runs to 885). A great on-base pct (637 walks - tops in league) helped too!

TEAM MVP: Robin Yount

Wakefield had a great season. Two .300 hitters and two 20-game winners! Who would have thought that Bedrosian would end up with a 1.53 ERA. This team had speed to burn, with Redus, Moseby, and Butler.

## Stat Key

Most of the stat categories are self-explanatory, but a few require some explanation:

\* RC: runs created, where,  $RC = \frac{(H + BB - CS) \times (TB + 0.55 \times SB)}{(AB + BB)}$

Def DP: defensive double plays, which include all types of defensive DP's

Pit err: pitcher fielding errors; included in total team errors

\* RC Factor: a comparison of runs scored against total runs created, where  $RC \text{ Factor} = R/RC$ ; a value under 1.00 might indicate runs lost due to careless base coaching, too many LOB, GIDP, etc.

\* Proj. W-L%: the expected winning percentage based on a comparison of runs scored to runs allowed, where,

$$\text{Proj. W-L\%} = \frac{R^2}{R^2 + OR^2} \quad \text{* from Bill James' 1984 Baseball Abstract}$$

For the pitching stats:

OP-%: the batting percentage against each pitcher; an average number of batters per inning was derived from the final Association stats (American: 2.840; National: 2.834), where,

$$(\text{American}) \text{ OP-\%} = \frac{H}{(H + 2.840 \times IP)}$$

BB/9: the number of walks allowed per 9 innings pitched

SO/9: the number of strikeouts per 9 innings pitched

NOTE: an asterisk (\*) preceding any stat indicated that the player/pitcher led his Association in that stat category; a period (.) indicates that the player/pitcher tied for the lead in his Association in that stat category.

——> if there are any further questions about the stats in this Yearbook, please drop me (Mike) a postcard and I will be happy to answer them for you.

## Biographical Sketch

I just moved back to Buffalo and changed companies (G.M. to SOhio). I am glad to be closer to Albany for all the yearly festivities, but I am also saddened to leave a good friend behind in Rocky Hall. I hope we can maintain the contact. I will become a Toronto Blue Jay fan again and am still active in playing softball, bowling, basketball, and Hockey. I am very interested in other games, such as Diplomacy.

## 1984 Season Story

The season was the franchise's best yet. The Dayton fans received a pennant and the team was whisked out of town in the middle of the night (ala Baltimore) by the madcap owner-manager-man about town D. Pittner, who stated, "Not enough female talent in Dayton." So, it's back to snow covered baseball fields for 1985. This past season proved to be very exciting, being in a close race (where's the Rock?). Lloyd Moseby provided many thrills after learning his trade from "Big" Dave Winfield. Another future team leader is in the wings (Joe Carter) ready to step in, in the Williamsville Winfields, Dayton Aviators, Buffalo Meat tradition.

TEAM MVP: Lloyd Moseby

## American All Star Playoff

The Fifth Annual American All Star Playoff between the Western and Global Conferences provided the traditional nail-biting thrills. (The starting teams can be found on the preceding page.) Global starter McGregor was nicked for only 1 run, an RBI single to Boggs. Western starter Denny also only allowed one run, a solo homer to Rice in the 2nd. The Westerners took a 3-1 lead in the home 4th off Reuss on a 2-RBI triple by Winfield. The Globals came right back in the 5th, scoring twice on a 2-run homer by Moseby; Holland having served up the gopher. The Westerners wasted no time in breaking the 3-3 tie, as they scored again in their half of the 5th, on a Boggs' triple and a Trammell sac fly. Mike Schmidt yanked out a solo homer in the Global 6th to tie the game at 4-4; Holland once again served up the tater. The game remained deadlocked until the 8th, when the Globals took the lead 5-4 on a clutch RBI-pinch-single by Raines. In the home 8th, a walk to Ripken, a Strawberry sac, and a Schmidt error, set up the game-tying RBI-single by Garcia. Oroscow mowed the Globals down in the 9th and 10th. With Lee Smith on the mound in the home 10th, Whitt led off with a single (Carter pinch-ran for Whitt). Garcia rapped out another hit, sending Carter to 3rd. Boggs was intentionally passed to load the bases. Trammell bounced into a F.C., with Carter out at the plate. However, Smith walked Dale Murphy on four straight pitches to force home the winning run! (Boxscore of game is at left.)

## National All Star Playoff

The Fifth Annual National All Star Playoff between the Northeastern and Continental Conferences was a high-scoring, hard-fought battle. The Continentals jumped all over Morris in the first for 3 runs, as Boggs led off with a homer and Dale Murphy followed with a 2-run homer, to make it 3-0. The Northeasterners chipped away for an unearned run in the 1st, a Landreaux solo homer in the 2nd, and 2 more unearned runs in the 4th, to take a 4-3 lead. The Continentals tied it at 4 without a hit in the 5th. Grich walked, went to 2nd on a Hernandez balk, to 3rd on a groundout, and scored on a Moseby squeeze. However, in the Northeastern 6th, with 2 out, George Wright tripled, Raines hit an RBI-single, stole 2nd, and then scored on a double by Ray, to give them a 6-4 lead. The Continentals pulled to within one, 6-5, in the 7th, when Rice doubled and later scored on a Boggs' single. But, in the home 7th, the Northeasterners came right back for yet another unearned run, without a hit, as the Continentals made their 5th error of the game! In the Continental 8th, Upshaw hit a solo homer, following which Tony Pena greeted Reardon with a double. But, that was all the Continentals could muster off Reardon. The final score was 8-6, the final Northeastern run coming on a Wright homer. This marks the 5th straight victory in 5 years that the Northeastern Conference advanced to the TML All Star Game!! (Boxscore of game is at left.)

GAME WINNING RBI — Wade Boggs

The Fifth Annual TML All Star Game was a repeat performance of last year, as the American Western Conference drilled the National Northeastern Conference by the identical score of 9-3. Not only has the American Association never lost a TML All Star Game, but the Northeastern Conference has been on the losing end of all five games!

Both starting pitchers, Denny(A) and Morris(N), pitched well. The Americans led 1-0 on a Boggs' solo homer in the 3rd. However, in the American 4th, all hell broke loose. The Americans took advantage of three National fielding errors, a walk, and 4 singles, to score 5 big runs, all with none out, to take a commanding 6-0 lead. The Americans added two more in the 5th to lead 8-0. Carter upped the scored to 9-0 with a solo homer in the American 8th. The Nationals finally got on the board when Holland (who should go into the gopher business) served up a fat one to Raines, who took it downtown for a 3-run tally. Orosco nailed down the victory for the Americans.

The "MVP" award was shared between the American catchers, Jody Davis (2 RBI), Ernie Whitt (2 RBI), and Gary Carter (1 RBI), who together provided most of the American offense.

It was a dark, dismal day by the banks of the river Styx, as the First Memorial TML No-Star Game was inflicted upon a crowd of next to no one.

Bystrom(2-13, 6.99) started for the Nationals against Dick Ruthven(5-28, 6.34) of the Americans. In the 2nd inning, Brock led off with a single off Ruthven and Garner then doubled. Brock next demonstrated his lack of speed by getting nailed at the plate on an infield chopper. However, Giles, who managed 18 RBI in 450 AB for Kentucky, got an earthquake and an RBI-single to put the Nationals up 1-0. In the bottom of the 2nd, Bystrom allowed the American's offensive offense to score. Moore led off with a single and was bunted to 2nd by Baker. Gorman Thomas then walked and Dave Concepcion followed with an RBI-double. Ron Roenicke, half of the American's "Brutal Brothers" OH combination, squeezed in Thomas to give the American's a 2-1 lead. In the home 3rd, Wayne Gross drilled a 2-run homer. Of course, his bat was immediately checked for cork, but the blast stood and the Americans led 4-1. The American bullpen was mediocre the rest of the way, but that was good enough to hold the nerdy National offense at bat.

The winner of the No-Star Game Least Valuable Player Award, or the NSGLVPA as Vin Scully would say, was the National's Reggie Jackson, who was a perfect 3 for 3 (3 K's in 3 AB's) against Ruthven, Moore, and Witt who were a combined 20-75, 5.90 ERA during the TML regular season!!

The series opener saw Keflavik ace Atlee Hammaker(16-3) up against Elk Grove ace John Denny(22-10). The two locked up in a scoreless pitching duel through 9 innings! In the home 10th, fielding errors by Castino and Hrbek, followed by a hit batsman (Davis), loaded the bases. Armas hit a slow bouncer and was called out for running out of the basepath, but Jose Cruz beat the throw home to score the winning run.

## Wakefield vs. Addison

1

WAKEFIELD	1	2	3	4	5	6	7	8	9	R	H	E
ADDISON	0	2	0	1	0	0	1	0	0	4	9	2
Win-McGregor(1-0)	0	0	0	2	0	1	0	0	0	3	8	3
HR-Baker(1).			Save-Sisk(1)				Loss-Rhoden(0-1)					

Wakefield sent its ace Scott McGregor(21-7) to face Addison's ace Rick Rhoden(20-6) in the series opener. Redus broke a 3-3 tie in the 7th with an RBI-double, putting Wakefield on top 4-3. Sisk shut the door on Addison over the last 2 innings for the save. Addison's Baker had an RBI-double and solo homer in the losing cause.

Win-Honeycutt(1-0)	2	1	1	0	0	2	1	3	x	10	13	1
HR-Thon(1).							Loss-Hough(0-1)					

After winning both games on the road, Wakefield called on Rick Honeycutt(16-12), while Addison sent Charlie Hough(15-14) to the mound. Honeycutt spun an 8-hit shutout at the Arrows, giving Wakefield a surprising 3 games to 0 lead in the series. Rick Cerone had 3 RBI coming off the bench in the 6th.

HR-Schmidt(2), Bench(1), T.Pena(1).							Loss-McGregor(1-1)					

Game #4 saw a rematch of Game #1 starters, Rhoden and McGregor. Addison finally gets good hitting, pounding out 15 hits. Molitor(3 hits) and Guerrero(4 RBI) led the Arrows. Wakefield's scoring was limited to solo homers by Schmidt and Bench. Rhoden, with relief help from Forster and Smith, notched the win, keeping Addison alive!

HR-Moseby(1), M.Schmidt(3), Redus(1).							Loss-Rhoden(1-2)					

Addison, trying to come back from a 0-3 games deficit, sent Rhoden up against Savoyard ace McGregor one more time. The two teams went on a hitting spree (24 hits), but Addison couldn't buy a clutch hit, while Wakefield kept on piling up the runs. Moseby's 4 RBI and Schmidt's 3rd homer of the series paced Wakefield to a convincing 9-2 victory and a ticket to Toledo to meet the defending TML Champions!

HR-Ripken(1), J.Davis(1), K.Hernandez(1).												
Save-Quisenberry(1)												
Loss-Denny(0-1)												

The series opener found the top two pitchers in the American Association facing each other: John Denny(22-10) of Elk Grove and Jack Morris(26-8) of L&M. A 1st inning 3-run homer by Cal Ripken gave L&M a lead they never lost. Solo homers by Davis and Hernandez kept the game close, but Morris and the "Quiz" were too much for Elk Grove.

2

ELK GROVE	1	2	3	4	5	6	7	8	9	R	H	E
L&M LIBRAE	0	0	0	0	0	1	0	0	0	—	7	4

HR-Trammell(1).												
Loss-Schrom(0-1)												

Game #2 found Ken Schrom(11-10) on the mound for Elk Grove, facing L&M's Bob Knepper(12-8). L&M knocked Schrom out of the box in the 3rd, when they took a 6-0 lead. The Librae pumped it to 9-0 off reliever Hurst, in coasting to an 11-2 victory and home sweep. Librae Dawson and Trammell each had 3 hits and 2 RBI.

3

L&M LIBRAE	1	2	3	4	5	6	7	8	9	R	H	E

In Game #3, L&M sent Danny Darwin(14-9) to the hill to face Elk Grove's Danny Cox(6-4). Elk Grove jumped out to a 3-0 lead on a Larry Parrish 3-run homer. A Jack Clark 2-run homer in the 2nd and a 6th inning, 2-run Slaughter triple gave L&M a 5-4 lead. But, the Skyhawks countered with 2 in their 6th and Krueger saved the 6-5 win.

HR-Da. Murphy(1).												
Save-Barojas(1)												
Loss-Morris(1-1)												

Game #4 was a re-match of Game #1 starters, Morris and Denny. Elk Grove scratched for 2 runs in the 3rd, on a Hernandez double. Denny held the Librae in check until the 8th, when Dale Murphy connected for a solo homer. Salome Barojas, the Elk Grove relief ace, quieted the Librae, for a 2-1 squeaker and a tough loss for Morris.

HR-Ripken(2), Trammell(2), Armas(1).												
Loss-Krueger(0-1)												

L&M sent Bob Knepper in Game #5 to face Elk Grove's Bill Krueger(9-3). Sloppy fielding, combined with a Ripken 3-run homer and a Trammell 2-run homer, gave the Librae a commanding 1st inning lead of 5-0. Knepper and the "Quiz" combined for a 6-hitter, breaking the home-field jinx. Armas had a 2-run homer for Elk Grove's scoring.

HR-Dar. Evans(1), Da. Murphy(2).												
Loss-Schrom(0-2)												

Back to Switzerland for Game #6. Elk Grove sent Ken Schrom against Librae Dennis Leonard(8-2). A 1st inning solo homer by Darrell Evans gave L&M the early lead. In the Librae 3rd, a 2-out Hernandez error led to 3 unearned runs and a 4-0 L&M lead! The Skyhawks scratched for a run in the 8th, but that was it. Leonard, "Quiz," and Zachry combined on the 6-hitter, giving L&M the Western Conference Title and a crack at the defending TML Champion Toledo Tomcats for the American Association Pennant.

HR-Thon(1), Thornton(1), Lefebvre(1).	Save-Burgmeier(1)						Loss-McGregor(0-1)					

In the series opener, Wakefield sent their ace Scott McGregor(21-7) up against Toledo ace Mario Soto(20-10). Wakefield jumped out to a 3-1 lead in the 3rd, on a 3-run homer by Thon. However, Thornton's solo homer in the Toledo 4th started a 5-run rally, that made it 6-3 Toledo. Then, in the Toledo 7th, Joe Lefebvre capped a 4-run inning with a 3-run homer. Wakefield came right back for 3 more off the "Goose," but fell short, 11-8.

HR-M. Schmidt 2 (1,2), Bilardello(1).	Loss-Gossage(0-1)												

Game #2 found Joe Niekro(20-12) on the mound for Wakefield, facing Jose DeLeon(11-2) of Toledo. Wakefield opened up a 6-1 lead after 5 innings, with the help of a Mike Schmidt homer and a GRAND SLAM by none other than Dan Bilardello! The Tomcats clawed their way back, scoring 3 runs to tie in the home 9th! Wakefield took the lead in the 10th on a walk, passed ball, and 2 singles. Tudor held the Tomcats, striking out the final two batters.

## Toledo vs. L&M

### 1

TOLEDO	1	2	3	4	5	6	7	8	9	R	H	E
L&M LIBRAE	0	0	0	0	0	0	2	0	0	2	6	1
Win-Morris(1-0)	2	0	0	0	0	0	0	1	x	3	6	1
HR-T. Kennedy(1).	Save-Quisenberry(1)						Loss-Soto(0-1)					

The series opened with Mario Soto(20-10) on the mound for Toledo and Jack Morris(26-8) getting the call for L&M. The Librae struck for a quick 2-0 lead in the 1st on a 2-RBI single by Whitaker. This lead held until the 7th, when Terry Kennedy blasted a 2-run, game-tying homer off Morris. In the L&M 8th, Dawson reached on a Mulliniks' error and later scored on Gantner's 2-out, RBI-single. The "Quiz" pitched the 9th and earned the save.

### 2

TOLEDO	1	2	3	4	5	6	7	8	9	10	11	12	13	14	15	R	H	E

HR-Hubbard(1), Yount(1).	Loss-Burgmeier(0-1)																	

Game #2 starters were Moose Haas(13-6) for Toledo and Bob Knepper(12-8) for L&M. A 4-run Toledo 3rd, highlighted by a pair of 2-run homers by Hubbard and Yount, erased a 2-0 Librae lead. With the score 5-4 Toledo in the L&M 9th, the Librae took advantage of another Tomcat error and tied the game at 5. It was not until the 15th inning before the game was decided. With 1 out in the L&M half, back-to-back doubles by Gaetti and Slaughter produced the game-winning run. Lucas took the win, having pitched 4 hitless innings in relief. Burgmeier took the loss.

### 3

L&M LIBRAE	1	2	3	4	5	6	7	8	9	R	H	E
TOLEDO	0	0	0	0	1	1	3	1	0	6	8	2
Win-Darwin(1-0)	1	0	0	0	0	0	1	0	0	2	9	3
HR-Da. Murphy(1).	Save-Lucas(1)						Loss-J. DeLeon(0-1)					

In Game #3, L&M sent Danny Darwin(14-9) to face Toledo's Jose DeLeon(11-2). Darwin was rocky, while DeLeon was strong, yet the game was 1-1 after 5 innings. Murphy's solo homer in the 6th put L&M on top 2-1. The Librae unloaded on DeLeon in the 7th, opening up a 5-1 lead that Zachry, Quisenberry, and Lucas held, giving the Librae a solid 3 games to 0 lead. (Lucas did have to pitch out of a bases loaded jam in the Toledo 9th!)

### 4

L&M LIBRAE	1	2	3	4	5	6	7	8	9	10	11	R	H	E

HR-Lefebvre(1), Da. Murphy(2).	Save-B.Gibson(1)						Loss-Gossage(0-1)							

Game #4 was a re-match of Game #1 starters, Morris and Soto. Toledo jumped out 1-0 in the 1st on a Lefebvre RBI-double. The Tomcats added to their lead with a run in the 6th and a solo homer by Lefebvre in the 8th. Leading 3-0 going into the 9th, Soto walked Green and served up a 2-run gopher ball to Murphy. The "Goose" came in and was greeted with consecutive singles by Whitaker, Trammell, and Gaetti. The "Goose" got out of the jam, but the game was tied. Then, in the L&M 11th, Murphy walked, stole 2nd, and scored on Gaetti's 2nd clutch single. Zachry, with last out relief help from Gibson, gave the Librae a 4-0 sweep of the defending TML Champion Tomcats and a ticket to the TML World Series to face the National Champion Dayton Aviators.

## Dayton vs. L&M

HR-Dar. Evans(1), Da. Murphy 2 (1,2), Dawson(1).	Loss-Stieb(0-1)												

The 5th TML World Series featured the two teams with the best regular season records in their respective Associations. The American Association Champion L&M Librae(112-48) sent their big guns against the National Association Champion Dayton Aviators(115-45). Game #1 saw both teams send their respective ace starters to the mound: Dave Stieb(22-8, 3.26) for Dayton, and the American Cy Young, Jack Morris(26-8, 3.24) for L&M. The Librae jumped out to an early lead in the 1st on a 2-run homer by Darrell Evans. The Librae added another run in the 2nd on a walk and two singles. Then, a lead-off triple by Whitaker in the L&M 4th began what turned out to be a 3-run rally, knocking Stieb out of the box and setting up a 6-0 lead. Dayton put a run on the board in the 5th, but the Librae came right back for 3 more, started by a Dale Murphy solo homer. Dawson and Murphy (again) added solo homers in the 6th to put game out of reach. Morris was not sharp, but good enough to go 7 innings, before yielding to Quisenberry and Darwin, who finished up the big 12-6 opening game victory.

Game #2 found Joe Price(12-1, 2.47) of Dayton facing Bob Knepper(12-8, 3.68) of L&M. In contrast to Game #1, this game turned out to be a pitchers' duel between Price and a trio (Knepper, Zachry, & Quisenberry) of L&M pitchers. Dayton managed only 5 scattered hits and L&M but 3. But, one of L&M's hits was a solo homerun in the 2nd by Lou Whitaker. This proved to be the game-winner, as Knepper carried a no-hitter into the 4th and did not allow another hit until the 6th, following which the tandem of Zachry and the "Quiz" snuffed the Dayton bats. Price took the tough loss, allowing only the 3 hits through 7 innings (Luis DeLeon pitched the 8th.) The series went back to the U.S. to Dayton, with L&M leading the series 2 games to 0.

In Game #3, L&M sent Danny Darwin(14-9, 3.63) up against Jeff Russell(7-1, 3.04) of Dayton. Both pitchers breezed through the first 2 innings. Then, in the L&M 3rd, Alan Trammell led off with a homerun. This was immediately followed by a Gaetti single, Heath double, Whitaker 2-RBI-single, Murphy single, and a walk to Evans, the latter loading the bases and sending Russell to an early shower. Tekulve came in and gave up a sac fly to Dawson, but induced Ripken to bounce into a doubleplay. L&M added another run in the 4th, when Trammell singled, advanced to 2nd on a Garcia error, and then scored on an RBI-single by Heath. Dayton finally got on the board in their half of the 4th, when Murray doubled and scored on a Herndon single. Darwin served up a gopher ball to Whitt in the Dayton 7th and then yielded to the "Quiz"/Zachry show in the 8th following a 1-out walk. Dayton managed to get that run in, when Winfield greeted "Quiz" with an RBI-double. However, "Quiz" settled down to get out of that inning and needed last out relief help from Zachry to preserve the 5-3 victory, thereby putting the Librae at a commanding 3 games to 0 series lead!

Game #4 found the aces Morris and Stieb on the hill for L&M and Dayton, respectively. Ripken led off the game by drawing a walk. One out later, Darrell Evans blasted a 2-run homer. Lloyd Moseby countered in the Dayton 1st with a solo homer. Gaetti greeted Stieb's first pitch in the L&M 2nd by sending it out, making the score 3-1 L&M. Stieb settled down and Morris coasted on the lead until the Dayton 6th. With 1 out, Moseby singled. After Murray lined to short, Dave Winfield stroked a game-tying 2-run homer! The score remained tied at 3 into the 9th, with Stieb yielding to Tekulve and Morris to the "Quiz." Tekulve gave way to DeLeon in the 11th, while "Quiz" pitched 3 strong innings, before giving way to Lucas in the 12th. Finally, in the Dayton 13th, with 1 out, Moseby walked, but was caught stealing for out #2. Then, Lucas made a mistake and Eddie Murray took it downtown for a game-winning homerun, keeping Dayton alive! DiPino, who had come on for DeLeon in the 12th, got credit for the victory.

In Game #5, Knepper was back on the mound for L&M, while Dayton countered with Steve Carlton (12-9, 3.33). L&M once again struck first, this time in the 2nd with 2 out, when Trammell walked, advanced to 3rd on a Gaetti single, and scored on Whitt's RBI-single. In similar fashion, Dayton tied the game in their half of the 2nd, when Herndon drew a 2-out walk, stole 2nd, and scored on Gaetti's RBI-single. The score remained 1-1 until the L&M 4th, when Dawson led off with a double. Trammell singled him in and later scored following singles by Gaetti and Slaughter, putting L&M up by a score of 3-1. Carlton got out of the 4th inning jam and coasted through the 5th & 6th. Knepper was coasting himself, until the 6th, when Garcia rapped out a 1-out single and advanced to 3rd on Moseby's follow-up single. Moseby then stole 2nd. Murray hit a fly to left, but too shallow to advance

the runners. Winfield hit a bloop single, and only Garcia could score, bringing the score to within one, 3-2 L&M. Knepper got out of the jam and had no trouble in the Dayton 7th, but did give up 2 singles in the 8th before striking out Herndon with the tying run in scoring position! Meanwhile, Tekulve (who had relieved Carlton to start the 7th) pitched hitless ball in the 7th & 8th, and DeLeon retired the 3 batters he faced in the L&M 9th. In the home 9th, with L&M 3 outs away from the TML Championship, Zachry was called in to relieve Knepper. Gaetti led off and lined to short. Whitt followed with a single. Not wasting any time, the "Quiz" was called in! Pinch-hitter Walling flew to left for out #2. The "Quiz" then got pinch-hitter Dave Parker to pop out to Trammell to end the game and give the L&M Librae the 1984 TML Championship!!

SOME CLOSING COMMENTS: The L&M Librae literally coasted through the post-season, but it was interesting that it was their pitching, not their strong offense, that carried them over Dayton in the World Series. In fact, Dale Murphy, who set a number of TML single-season records, was not a major factor at the plate (.190, 2 RBI). Nor was Cal Ripken (.222, 1 RBI), or Jack Clark (.200, 0 RBI), or Andre Dawson (.250, 3 RBI). The hitting stars were the doubleplay combo of Whitaker (.348) and Trammell (.350). But, you don't have to score if your pitching doesn't give up the runs. Knepper was tough in his two starts (2-0, 1.35), but it was the bullpen that shined. Zachry and Quisenberry were unscored upon in 8 appearances and 10<sup>1</sup>/<sub>3</sub> innings. Only Lucas allowed a run from the L&M pen. The "Quiz" was selected the series MVP, having appeared in all 5 games, recording 2 saves to go along with his 0.00 ERA. Again, it was ironic that Morris, like Murphy, did not play a major role. It was a solid team effort. Dayton, on the other hand, could not generate any offense and the pitching staff (which led the TML with a 3.08 ERA) was not effective. Dayton had to fight back in each playoff, but this time just ran out of time. Congratulations to Dallas Adams and his Librae and also to Dayton Manager Dave Pittner for an exciting post-season.

# TML Feedback

\* 99 \*

I hate to be repetitive, but you guys who run TML deserve to hear it again! Just a great job of running the League. My thanks to you. (Muley)  
Still enjoying it immensely. Strong leadership and regular reports still prevail. Dislikes? None, really, but it sure would be better if we had more face-to-face in the Chicago area. (Gatto)  
It's the best league I have ever played in. (Rumsey)  
Likes: I never met a bunch of paranoid, schitzoid, insane, immoral, anti-social, looney, and wild morons in my life! At last, I found a group in which I fit right in! (Weisman)  
The GU's should be absolutely terminated. This allows only strong teams to get stronger (I benefit from it as much as nearly anyone.) (Lay)  
Keep up the good work. So far no dislikes. Excellent League; glad to be in. (Lantz)  
Enjoy the League very much. 1st Class operation! (Gorney)  
Dislike: League acknowledgement of the defacto existence of "The Baseball Abstract" and its imbecile author. Use his formula if you like, but let's expurgate his name from publication. (Helsel)  
TML leadership is strong point - allows League to function smoothly. Don't believe there should be a phone draft - all Managers should have equal opportunities to obtain rookie talents. (Hetterich)  
Likes: the nice friends one meets in the TML. Dislikes: that the Commissioners permit the changing of "Official REPLAY Rules" (i.e. the four-runs-to-flip "B-grade" rule). (Adams)  
Likes: organization, thoroughness, newsletters; Dislikes: I'm not convinced weaker teams have fair chance for improvement since money (\$) bids are equal. (Marconi)  
Year after year, you're still the best! (Bailey)  
Well run/1st Class League and I get great pleasure in participating. Dislikes: I lose too much! (Steinmetz)  
Likes: fellow Managers, very efficient operation(thanks Mike!); Dislikes: complaints about complaining. (Kopp)  
The sealed-bid, rookie selection process stinks! The sooner we adopt a change, perhaps similar to the 1984 proposal, the better. Otherwise, TML remains the greatest. (Ackley)  
Likes: stomping LHM and Keflavik into the dust! (Too bad it never happens.) Dislikes: people who write saying, "I'm interested in so-and-so. What do you want for him?" Grrrrr!! (Carpenter)  
Dislike injury system! Otherwise, consistent, accurate Management (newsletters, stats, etc.) make this the TOP REPLAY League! (Parks)  
I think your League is the best league. (Clayman)  
Great guys, great newsletters, a fun League (and with Dayton out of the Aaron, maybe, just maybe, Auburn can win the Division!). (Wade)  
The early date of the TML Free Agent Draft. (C.Lentine)  
Enjoyed meeting the people of the TML. (Gaige)  
Like the members; don't like the playing of games and certainly don't like get threatening calls from Enos Cabell! (Goldberg)  
The Draft weekend is the highlight of my year. I can't wait for the head-to-head play being back in NY State. (Jim P: it's your chance for revenge.) (Pittner)  
I most enjoy planning my roster. Don't like doing stats. (Baumunk)  
Everything is super. A great group of guys. (Vincent)  
I enjoy listening to Art Albanese discuss life and its many problems at 11:30 PM and 8 AM, bi-monthly. If put to TV, Albanese would knock "Dynasty" & "Dallas" onto the Disney Channel! Unfortunately, his show might not always be on time. (Mayko)  
Likes: TML is a class league, in a class by itself. It is great! Dislikes: being fined \$18,000 for overuse of Horner who went into last 8 games of season with 8 games unused. (Hall)  
Excellent organization ... I know I'm in the minority, but I feel the game itself needs a lot of work. (Smith)  
League has a very competitive bunch of guys. Newsletter is top notch. Dislike Bonus Date time table (as I've said before). Also, find REPLAY less enjoyable a game still. (F.Lentine)  
The TML is so well organized that, candidly, I don't deserve to be a member. (Albanese)  
Likes: the get-togethers, the Drafts, instantaneous comradeships, Rich Goldberg, Bill Vincent, Arthur, Rocky, Dave, Bruce, Mike(s), Larry (idol), Frank, Chris, Gerry, Bob, & Tom. Dislikes: replies to Likes/Dislikes. (Perterra)  
Dislike: inability of some of the League hierarchy to treat its membership as adults. (Mahan)  
A finely tuned blend of superb organization on Mike Landin's part combined with a diverse array of certifiable loonies, strike a perfect balance for TML enjoyment. (Clark)  
Sorry, I'm not talking to the press this year. (Ooops, I forgot. I DO like Bruce Clark.) (Zuchowski)  
Like the organization, the "sex," the people and the flavor; Dislike the games unused rule. (The volume and quality of your work, Mike, is unsurpassed!!) (Klug)  
The class of the TML's hierarchy was displayed again in the handling of the few managerial problems. You guys just keep getting better. I still despise the Wild Card, win or lose. (Alber)  
No complaints. I really appreciate all the work that goes into the League from League office. (Moore)  
What's there to dislike? I continue to be amazed at the way it's run and how solid the Managers are. I think we should start making plans for the 10th Anniversary. (Schembari)  
First off, thanks for the compliments above. I will continue to give total dedication of my time and effort to the TML, just as long as I continue to get support from the majority of the membership. I dislike having to deal with the few Managerial problems that come up during each season and listening to the gripes, but I've come to realize that it's all part of being Co-Commissioner. We've made it through our first 5 years, let's try to make the next 5 the best yet!! Special thanks to Jim, Rich, Tom, & Bill for their invaluable support. (Landin)
