The Major League

TML 1995

By Mike Landin

Our 17th season marked our first season as the stand alone TML American. The arrival of the "TML Central BBS" was a bold experiment to say the least, but the perseverance and support of the membership made this the most successful TML season ever. Without the delay of the U.S. Postal Service and its "snail mail", auto-managers and road results were exchanged instantly via the BBS. Daily up-to-date standings and stats were provided throughout the entire season. Speaking from the Commissioner's point of view, it was by far the easiest season to manage administratively and statistically. My thanks to everyone for their patience and help when needed. We are stronger than ever.

On a sad note, our 17th season also saw the passing of Charter Member and long time friend, **John Gatto** back in December. My association with John dates back to the early 1970's when we were both charter members of an APBA Tabletop league, the TCBA. John was a member of the American Association and I was in the National Association. I really did not know John at all until my wife joined the TCBA American for a while. John was one of nearly 100 people we invited to join our experiment, the TML. John responded immediately and had been with us ever since ... 17 seasons, plus the original TML Draft. Through the years John was one of our best members in terms of fairness, timely reporting and accurate stats. The past couple of winters, Teri and I visited with John and his wife Sylvia. I will miss that visit in the years to come. John was also quite the character, with his dry wit. I have finally begun to realize that he had put one over on me all these years on Rookie Draft day, when he would ask, in the 3rd Round, "Is Griffey gone?". In honor of John, his division has been renamed the **Gatto Division**. We lost a fine member, a great competitor, and above all, a great friend.

In the Pertierra tradition of giving honors to the Charter Members of the TML, it's just down to moi, **Mike Landin**. However, we have a growing number of members that have been around for 10 or more years: **Mark Hetterich(16)**, **Joe Steinmetz(15)**, **Mike/Tom Kopp(14)**, **Bob Weisman(14)**, **Larry Rumsey(13)**, **Eric Rogers(12)**, **Mike Short(11)**, **Bryan Sakolsky(11)** and **Bill Graham(10)**.

The Year in Review

TML95 saw the return of the **Toxic Waste/Alberta/Darkfyre/Boulder** franchise to the **TML Championship**. This marked the 3rd title for that franchise and the 2nd for **Mike Landin**. The path to the Championship was eased when Oceanic powerhouses **Pensacola** and **Crimea** were upset by **Thunder Bay** and **Walla Walla**, respectively. **Toxic Waste** rolled over **Mordor** and **Chicago**, but did have a tough battle with **Walla Walla** in the **World Series**. The standout post-season MVP was **Toxin Greg Maddux**, who won all his starts (6-0, 6 CGs, 4 Sho), while posting a microscopic 0.31 ERA. He was on the mound for each series clincher, including a save of Game 7 in the World Series. Another remarkable stat was his zero walks allowed in his 57 innings pitched! Complete post-season details follow, including **Chicago's unprecedented** victory over **Rocky Mountain** after being down 3 games to none.

Robinson Division

The **Crimea River** won the division crown wire-to-wire for the third straight season, taking a 4-game lead in April and building it to a large 25-game finish ahead of the **Thunder Bay Lightning** and the **Albany Avalanche**. The latter two had fought down to the wire, to the final game of the season head-to-head to determine who would go to the Playoffs. **Colonial** and **'Skayuna** were in the race until June and then faded. **Cooch's** was never a factor, remaining in the basement all season. For **Crimea**, one of their three pitching aces, **Randy Johnson** (20-9) set a TML record for strikeouts with 374 and led the **Flames** to a franchise record-setting 11th straight season with 1000+ strikeouts. **Crimea** also had the "Fireman of the Year" in **Norm Charlton**, who became only the 3rd pitcher ever to post 50+ relief points. **Mike Mussina**(24-6) and **Tom Candiotti**(20-10) also won 20+ games for the **Flames**. **Thunder Bay** sported a total team effort, with six starters playing in 156+ games. **Albany's** **Mickey Tettleton** broke his own TML record for walks, with 157. **'Skayuna's** **Edgar Martinez** was selected "Player of the Year", posting a .351 average, with 33 HRs and 170 RCs.

Ruth Division

The **Pensacola Stingray** won the Ruth Title for the 3rd straight season in a wire-to-wire fashion. The **Stingray** fell 3 wins short of the TML record, with 115 wins. The **Walla Walla Wombats** finished a distant 2nd at 31 games behind, but similar to the previous season, were never really seriously challenged. **Midwest** made a run early, but had a "June Swoon" (8-26) that took them out of contention. **St. Louis**, **Coldwater** and **Philadelphia** were never really in the post-season battle. **Pensacola's** strength was their offense, led by **Batting Champ**, **Mike Piazza** (.357, 43 HRs) and "Bad Boy" **Albert Belle** (.292, 52 HRs). The **Stingray** starting pitchers were adequate, but a strong bullpen "by committee" (with nearly every reliever at or below 3.00 ERA) made up the slack. **Walla Walla** actually scored more runs than **Pensacola**, with **Larry Walker**, **Bobby Bonilla** and **Craig Biggio** each with 120+ RBIs. The **Wombat** offense made up for their lack of pitching depth. **Hideo Nomo** of **St. Louis** made a splash with a 17-10, 2.87 and 286 strikeout Rookie performance. Nine different players on **Coldwater** hit 12+ HRs during the season.

Williams Division

The **Chicago Bruins** defended their division title, taking over in May, and holding a steady 6-game lead the rest of the way. The **Mordor Marauders** took advantage of an unexpected collapse of the **Beverly Hillbillies** (8-22) in the Summer Stretch, and grabbed 2nd place. **Ghostwood**, **Mansion Hill** and **Wisconsin** were never a factor. The **Bruins** had **RBI Champ** **Mo Vaughn** (.298, 42 HRs, 154 RBIs), **Mark Grace** (.309, 120 RBIs), **Ken Caminiti** (102 RBIs) at the plate and 20-game winner, **Andy Ashby** leading their pitching. **Mordor's** strength was their league-leading defense, but 30+ HRs from **Eric Karros** and **Raul Mondesi** certainly helped. Five **Mordor** players did not miss a single game. **Rafael Palmiero** (.323, 46 HRs, 142 RBIs) had a great season for **Beverly**.

Gehrig Division

Toxic Waste pulled away from the rest of the division during the Summer Stretch (21-9), eventually winning by 21 games. The **Toxins** were trailing the **Rocky Mountain Chinooks** by 3 games going into June, but a 7-0 sweep of the **Chinooks** turned the tide. The **Chinooks**, despite another 7-0 sweep by the **Toxins** in their own home ballpark in September, had to put together an 11-3 final month to regain 2nd place from **Cheticamp**. The remaining teams, **Oklahoma**, **Rockford** and **St. Cloud** all had their shot at the playoffs until the final month of the season. **Toxic Waste** received two unbelievable performances, one from **HR Champ** **Mark McGwire**, who belted 56 HRs in only 400 ABs and the other from "Pitcher of the Year" **Greg Maddux**, who tied the TML record in Wins with 27, had the 2nd best ERA ever with 1.48, completed 27 games and tossed 8 shutouts. **Toxins** **John Smoltz** and **Shane Reynolds** won 20 games, with **Mark Leiter** at 18 wins. **Mark Wohlers** saved 41 games. **Rocky Mountain** was led by **Kevin Brown's** 22-9 record. **Cheticamp** had four players with 32+ HRs, led by **Frank Thomas' 47**. **Tino Martinez** hit 43 HRs for **Oklahoma**, while **Rockford** had five players with 27+ HRs. **Tim Salmon** (.332, 42 2Bs, 30 HRs, 148 RCs) had an outstanding season for **St. Cloud**.

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 39 **Occupation:** Financial Analyst

The Season Story

For most of the summer Albany enjoyed its lofty playoff perch. But, a thin bullpen and lack of team speed left them vulnerable to a late season collapse. The Robinson Division obliged and Thunder Bay surged past Albany in September. Albany retooled in a big way in the off season. Mickey Tettleton, Mike Greenwell, Ismael Valdes, Chris Hoiles, Sean Bergman, Benji Gil, Jeff Russell, Alex Gonzalez and Jason Istringhausen were dealt. Newcomers include Dan Wilson, Henry Rodriguez, Jose Valentin, Joey Cora, Ernie Young and Pedro Munoz. Andruw Jones is close to signing. Things continue to trend upward in Albany.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 27 Occupation: Graduate Student

The Season Story

The term "Summer Stretch" will haunt the Hillbillies first season. Overall, a successful and enjoyable first season. There is still plenty of room for improvement. The offense was inconsistent and the pitching was disappointing over the second half of the season. Rafael Palmeiro and Kenny Lofton were offensive highlights and Julian Tavarez anchored a solid bullpen. Nine different pitchers earned relief points. We are looking forward to next season.

CHETICAMP Micmacs

Manager: Eric Rogers (Barbara)

Age: 38 Occupation: Meteorologist

The Season Story

The '95 Micmac goal was to reach .500, which was achieved exactly. Thomas and Bichette had their usual productive years, aided by Lankford (32 HR) and Buhner (35 HR). However, positions 7-9 in the lineup were horrible (Jose Oliva, et. al.). The pitching was mediocre, as usual, although Bullinger (7.00 ERA, 3-22) put up REPLAY-like pitching numbers. The defense was horrible, which didn't help the pitchers any.

CHICAGO Bruins

Manager: John Gatto (Sylvia)

Age: 69 Occupation: Retired

1997 Team Name Change

Worcester Terminators

The Season Story

Better than expected, due to the surprising performance by the pitching staff - 3rd lowest ERA. Biggest surprises here were: Brocail (8-0, 2.58), Petkovsek (10-7, 3.50) and Ontiveros (14-8, 3.60). Ashby's 6 shutouts also stood out. The fielders converting 57% of range checks was certainly a contributing factor here. Overall, it was the first time in TML history that the Bruins made the playoffs in two consecutive years.

COLDWATER Lakers

Manager: Larry Rumsey (Carolyn)

Age: 53 Occupation: Psych Tech

The Season Story

Coldwater ended up 69-91, mostly due to weak pitching. Top starter was Pavlik (3.77 ERA). Stopper Ayala had a 5.52 ERA. Coldwater did have some good hitters, such as Surhoff (.298) and Roberto Alomar (.290). Only bright spot was fielding stats, which Coldwater finished 3rd in league, with Offerman on my team (but, he played mostly DH).

COLONIAL Rockies

Manager: Tom Couture (Sue)

Age: 49 Occupation: Proof Reader (NYS)

The Season Story

Took over an aging "Los Angeles Spiders" team and got rid of a lot of older players and drafted some youth. Some good young position players like Johnny Damon, Charlie Johnson, Tony Clark and Mariano Rivera, to name a few, give me a decent nucleus to build with. Like everyone else, I need some starting pitching to keep me in a few more games. A couple more good drafts will hopefully put me in the playoff picture.

COOCH'S Clowns

Manager: Greg Couture

Age: 21 **Occupation:** Student (Syracuse Univ.)

The Season Story

A disappointing season in that I slipped down a few notches and ended up in the lottery. But, Tom Goodwin had a decent year and led the league in stolen bases and, of course, there's always Tony Gwynn. With Goodwin, Gwynn and rookie Ray Durham at the top of the order, I feel I'm only a hitter or two and a few pitchers away from being a playoff team.

CRIMEA River

Manager: Mike Short (Monica)

Age: 42 Occupation: Computer Professional

The Season Story

A tremendous team, well balanced with no obvious weakness, won a good division by 25 games. Outstanding pitching, led by Randy Johnson and his league-record 374 strikeouts, kept the club in every game. The offense, led by Ron Gant, scored the most runs ever. Mussina won 24, a team record. Team record 1190 Ks. Norm Charlton's 45 saves second best. In the playoffs, we lost too many baserunners and had nothing but bad luck. Next year, the River will score ... so will their opponents.

GHOSTWOOD Pine Weasels

Manager: Kevin Tyle

Age: 32 Occupation: Prog/Analyst/Meteorologist

The Season Story

It was a disappointing year for the Pine Weasels, as virtually every performer slipped from his previous year's levels. Injuries limited the two "G-men" (Griffey & Gonzalez) and even when they did play, there were obviously not up to par. Ghostwood also suffered from the lack of a quality starter in the rotation, while closers Hoffman and Myers did not perform up to expectations. Even the best wineries have poor vintages and Ghostwood looks forward to a much better year next season!

The Season Story

We didn't lost 100 games! Only 97. The pitching was improved, the offense was weak, the defense was weaker. The year did have some pleasant surprises - Salomon Torres' no-hitter early on, Darrin Fletcher's selection to the All Star Team, and the bullpen. The rebuilding continues, maybe we'll lose less than 90 games this next year. (Maybe)

MIDWEST Mad Dogs

Manager: Scott Rumsey

Age: 20 Occupation: none

The Season Story

Midwest had a down year this year. My top hitter was Steve Finley with a .303 average and 26 stolen bases. My top pitcher was Alex Fernandez with 19 wins and a 3.15 ERA. I received help in the bullpen by T.J. Mathews.

MORDOR Marauders

Manager: Phil Schumacher (Cindy)

Age: 30 **Occupation:** Meteorologist

The Season Story

Mordor started out slow, hanging around the .500 mark through the Summer Stretch. However, the Marauders got hot late, winning two-thirds of their final ballgames and making the playoffs for the 2nd time in 3 years. Unfortunately, Mondesi and Karros hit like their real life counterparts in the playoffs, as Mordor went down 4-1. Karros set a team record, with 133 RBIs. Andy Pettite and Denny Neagle anchored a strong pitching staff, with Neagle getting 18 wins.

OKLAHOMA Supercells

Manager: Mark Plate

Age: 31 Occupation: Meteorologist

The Season Story

Overall, it was a disappointing year for the Supercells, as the lack of offensive consistency kept the team floundering around the .500 mark all season. Tino Martinez hit .280, with 32 HRs and 153 RBIs, but he had little support from his teammates. Mike Lansing was a huge disappointment. The starting pitching was solid and John Wetteland had an outstanding season as the closer, but all too often, the offense let this team down.

PENSACOLA Stingray

Manager: Mark Hetterich (Connie)

Age: 49 **Occupation:** Instructional Designer

The Season Story

Another superlative year, with the Stingray at or near the top in nearly every team offensive category. The luster of the season was quickly dimmed by Thunder Bay's stunning 1st Round knock out. Individual highlights were Piazza's batting crown and Belle's leadership in several categories, including 138 Rs (2nd), 57 2Bs (2nd), 52 HRs (2nd), 399 TBs (1st), 152 RBIs (3rd), .633 SLG (3rd) and 141 RCs (6th). David Wells led the Stingray with a 2.84 ERA (4th) and Bobby Witt led the team in wins with 23 (3rd).

The Season Story

After taking a small step towards respectability last year, the team fell back several. We felt that our pitching was improved. Wrong! With a 5.12 ERA, 3rd worst in the league, we were doomed to last place in the Ruth Division. Roger Clemens, 6.38 ERA ... where did that come from?

ROCKFORD Radar

Manager: Mike Kopp (Louise)

(G.M. Tom Kopp)

Age: 32 Occupation: Engineer

The Season Story

The problems of the season are buried in more obscure stats. Rockford led the league in 1-run losses (34), unearned runs given up (90) and next-to-last in extra inning games (5-10). Heck, the team outscored its opponents by 40 runs and by the Pythagorean System should have gone 84-76 and not vice versa, like it did. Next year could be more of the same although the offense is better. If Rockford fares better in close games ... who knows?

ROCKY MOUNTAIN Chinooks

Manager: Jeff Chapman (Sally)

Age: 30 Occupation: Meteorologist

The Season Story

If not for the post-season shock of watching a 3-1 series lead disintegrate, the lowlight of the year had to be the 14-0 shellacking by Toxic Waste. Could it be that players might have been looking past Chicago to the rematch in the semis? Only the team psychologist knows! Small consolation is that a strong start and finish made up for a miserable Summer Stretch. Kevin Brown did manage to post 22 wins (most ever by a Chinook) and Stan Javier swiped the 2nd most bases in the league to set a Rocky Mountain record.

'SKAYUNA Squires

Manager: Hank Pedicone (Eileen)

Age: 46 Occupation: Attorney

The Season Story

It looked like it was going to be a mediocre year before it started. Then, the Squires began with an abysmal early performance, toyed with me by pulling into playoff contention, before the final plunge into the depths of the Robinson. Unfortunately, next year doesn't look much better. Can you spell R-E-B-U-I-L-D?

The Season Story

The team played surprisingly well at times for a team expected to be a non-contender. Trades of middle relievers did hurt bullpen depth, but they had a relatively good year. Todd Jones's high ERA was due to a month of problems with the "0" option on relievers with the auto-manager -- he actually pitched fairly well in relief. Offensively, Salmon was superb, but the "off" season of Grissom hurt the offense. The future looks better offensively, with the flourishing of Jeter, Delgado and Giambi, although like everyone, St. Cloud could use more pitching.

The Season Story

Despite a 72-88 record, co-team MVPs Chuck Knoblauch and Hideo Nomo performed admirably. Knoblauch batted .342, knocked in 121 runs and stole 45 bases. Nomo struck out a bundle (286) and won 17 games. Other highlights were Gary Gaetti's 37 homeruns and 131 RBIs and Brett Butler's and Brady Anderson's 39 and 43 steals, respectively. The season was a lot of fun despite an overall team 5.35 ERA.

THUNDER BAY Lightning

The Season Story

I could not begin to describe this season. A team that had decent pitching and an OK offense played tough at the end of the season. Consequently, we made the playoffs and beat Pensacola (without a doubt one of the best teams in the league). We played Walla Walla tough, and took the Oceanic Conference finals to 7 games. This may not have been my best team, but it is one of my favorites.

TML Champion

The Season Story

What a season! There are sometimes signs that it is your year. This was ours. The path to the TML Championship was made a lot easier by the unexpected early departure of Pensacola and Crimea. As it turned out, Walla Walla proved to be the toughest post-season opponent, taking the Toxins to the full 7 games. The absolute STAR of the regular season and the post-season was "Pitcher of the Universe" Greg Maddux. During the regular season, Maddux went 27-4 with a minuscule 1.48 ERA. He was even better in the playoffs, posting a 6-0 record and microscopic 0.31 ERA, with 49 Ks and zero walks! He even saved Game 7 in the World Series! During the regular season, Smoltz (20-8), Reynolds (20-13) and Leiter (18-8), led by Maddux, completed a strong staff. Mark McGwire provided punch at the plate, batting .308, with 56 HRs. Mark Wholers saved 41 games out of the pen and posted a 1.20 ERA. It had been 10 years since the last franchise championship and was just as unexpected.

The Season Story

In a division where Pensacola is "King", a record of just over .500 was enough to put Walla Walla into the playoffs. Led by Fassero's 17-5 record and 3.29 ERA, the weak pitching staff held together enough to allow the offense of Biggio (.316, 34 HR, 122 RBI), Bonilla (.310, 26 HR, 130 RBI) and Walker (.298, 40 HR, 136 RBI) to put together a solid season.

The Season Story

Not much can be said about this team. They were pretty much out of any playoff spot early. A surge at the end of the season brought them back to the point where they had a slim chance to get out of the cellar, but that never happened. As they say in Wrigley ... "maybe next year."

Stat Key

Below you will find some explanations on a few stat categories:

RC: runs created ($RC = [A \text{ times } B] \text{ divided by } C$), where,

$$A = H + W + HBP - CS - GIDP$$

$$B = TB + .26 \times (TBB - IBB + HBP) + .52 \times (SH + SF + SB)$$

$$C = AB + TBB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS: quality starts; the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or less.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

★ - TML Record

☒ - Tied TML Record

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led the TML in that stat category; a dot (•) indicates that the player or pitcher tied for the lead in the TML in that stat category.
