The Major League

TML 1996

By Mike Landin

A complete hard disk failure last Spring forced me to "start over" with the preparation of this Yearbook. (Word to the wise ... back up your work!) The only major loss was the program that computed the "Top 55 Career Leaders". I was able to work around it by loading the data into a spreadsheet. We now have the "Top 65 Career Leaders". I added a new section called the "Franchise Register", which shows the complete history of each franchise, similar to the Manager Register.

Our 18th season was a success and saw some major changes. The "TML Central BBS" continued to hold the league together as the main reporting center for posting and obtaining auto-managers and stats. However, the TML was brought into the 90's during the summer when an emotional discussion took place on the Internet regarding the Rookie Bidding Proposal. This issue was bantered back and forth, with the ultimate conclusion that our current Rookie Draft system is just fine, both in fairness and execution. Another big step was taken when Mike Dickinson created the first **TML Web Page**. I was able to provide daily updates on this web page at the end of the season, allowing those with Internet access a "free" way to follow the TML. I plan to make more use of the web page this coming season.

In keeping with tradition, here are the members with at least 10 years of membership in the TML: Mike Landin(18), Mark Hetterich(17), Joe Steinmetz(16), Mike/Tom Kopp(15), Bob Weisman(15), Larry Rumsey(14), Eric Rogers(13), Mike Short(12), Bryan Sakolsky(12) and Bill Graham(11).

The Year In Review

TML96 saw the Albany/Tuscaloosa/Hudson/Watsonville franchise record its 2nd **TML Championship**, the first one by Hudson back in TML81. For Manager Pat Barry, it was his first trip to the post-season and a very successful trip it was! The Albany Avalanche fought Pensacola to the 7-game limit, but took the finale by a big 10-1 score. The Avalanche lived up to their name in burying both Midwest and Rockford, winning 8 of their final 9 games, on their way to the **TML Championship**. The final game (#5) of the **TML World Series** was an 18-inning thriller between Albany and Rockford. Each team had scored a run in the 16th to re-tie the game at 3-3. However, the roof caved in on the Radar in the 18th, as Albany pushed 4 men across and held on for the win and title.

Robinson Division

The Albany Avalanche took possession of first place from the Thunder Bay Lightning in June and managed to keep them 3 to 5 games behind. Last season, these same two teams fought down to the final games of the season for a playoff berth. The difference this season was the regrouping of the Crimea River, who faded to a distant 3rd place, 23 games out. Colonial finished a few games behind Crimea, with 'Skayuna and Cooch's nearly twice as far out in the cellar. Albany's strength was its pitching, which led the TML (3.41 ERA) and was led by "Pitcher of the Year", Pedro Martinez (23-4, 3.02) and 21-game winner Shane Reynolds. Albany's staff tied the TML single-season record for strikeouts, with 1252 Ks. Thunder Bay had the "Fireman of the Year", Bruce Ruffin (46 RPs). 'Skayuna's Lance Johnson put on quite the show for the fans, not only winning the TML batting title (.369), but

also shattering the TML record for Hits in a season, with 270. Cooch's Tom Goodwin won the stolen base crown, with 97 SBs, the most by any player in the past 9 seasons. Cooch's Matt Beech set a TML record for Most HRs allowed, with 63.

Ruth Division

The **Midwest Mad Dogs** took over first place in April and were never really challenged. This was the first time the franchise had won 100+ games. **Midwest** had a pair of 20-game winners in **Mark Clark** (22-5) and **Alex Fernandez** (21-7). **Dean Palmer** (48 HRs) and **Todd Hundley** (45) led the offense. The **Coldwater Lakers** held 2nd place until the start of the Summer Stretch. The **Pensacola Stingray** overtook the **Lakers** during the Summer and ended up with a comfortable 5-game lead, giving the 'Rays their 7th straight 1st or 2nd place finish. **Pensacola** also set a TML record for Highest Winning Percentage in Extra-inning games, (11-2) .846. **Philadelphia**, **St. Louis** and the revamped **Walla Walla** squads were never a factor. For **Walla Walla**, it was their worst finish in franchise history. **Pensacola** led the TML in batting (.297), with the help of "Player of the Year", **Albert Belle** (.323, 111 BBs, led league with 63 HRs, 177 RBIs, 437 TBs.). **Belle's** 63 HRs was the 2nd highest total in TML history! **Coldwater's** **Cecil Fielder** hit 58 HRs.

Gatto Division

The **Ghostwood Pine Weasels** took over first place in April and built up an 8-game lead by May, which they maintained to the end of the season. **Ghostwood** is the only team in TML history to have two players slug over .700 in the same season, with **Juan Gonzalez** (.714, 54 HRs) and **Jim Thome** (.711, 50 HRs). Add in **Ken Griffey, Jr.** (.656, 50 HRs) and you have one hell of an offense. Never before has one team had three players hit at least 50 HRs. **Thome** also led the TML in RCs (187) and OB% (.475). **Chuck Finley** won 20 games for the **Pine Weasels**. With the help of a block buster in-season trade, the **Mansion Hill Mudslingers** secured the Gatto Wild Card. Once **Beverly** faded after May, it was a two-team race. The beginning of **Beverly's** fade began when **Rafael Palmeiro** and **Pedro Astacio** (leading the TML in ERA at the time) went to **Mansion Hill** in trade. **Palmiero** led **Mansion Hill** in every major offensive category, as did **Astacio** in the pitching department. **Worcester** played close to .500 ball, while **Mordor**, **Beverly** and **Tasmania** floundered at the bottom of the division. **Worcester's** **Brady Anderson** socked 53 HRs.

Gehrig Division

The **Rockford Radar** enjoyed a "power surge" to lead the division from wire-to-wire. The **Radar** led the TML in total offense, with 268 HRs, 1008 Runs, .495 Slugging and 2832 Total Bases. The **Radar** fell only 3 HRs short of the TML Team Record, but did have 6 players with 28 or more HRs (led by **Barry Bonds'** 51 HRs). Five different **Radar** players drove in 100+ runs, tying the TML Record. **Manny Ramirez** rapped out 66 2Bs, only 3 shy of the TML Record. The **Gehrig Wild Card** offered excitement right down to the wire, as **Toxic Waste**, **Rocky Mountain** and **Oklahoma** were all contenders into September. **Toxic Waste** surfaced on the strength of its front line pitching supplied by **John Smoltz** (23-10) and **Greg Maddux** (22-7) and the consistent lumber of **Vinny Castilla** (50 HRs, 160 RBIs). **Smoltz** (315 Ks) became only the 5th pitcher in TML history to strikeout 300+ batters in a season. Four different **Toxins** drove in 100+ runs. **Rocky Mountain's** 21-game winner, **Kevin Brown** (2.65), won the ERA crown and teammate **Garry Sheffield** tied the TML record for Walks with 157. **St. Cloud** set a TML record for Most Games Relieved with 353.

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

TML Champion

Age: 40 Occupation: Financial Analyst

The Season Story

After 5 years in the league without a winning season, the Avalanche took the unique route of keeping their manager and firing (or trading) their players. The strategy paid big dividends as Albany won the Robinson (barely over the Lightning), reached the 100 win mark, and capped the season with a magic carpet ride to the World Series. Pitching was most of the story as Albany saw fine performances from starters Pedro J. Martinez, Shane Reynolds, Jeff Fassero, and the bullpen anchored by closer Ricky Bottalico. The under-estimated offense was clutch throughout. And the glove work was the glue that held the team together. Nilsson, Jaha, Green, Wilson, Amaral, Santangelo, Cora, Valentin, Young: nobody's All Stars but they got the job done. Next year looks promising, but different.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 28 **Occupation:** Graduate Student

The Season Story

A couple of poor trades and decisions early in the season was the beginning of the end for the Hillbillies. The season was marked by low batting averages and runners left on base. Despite a decent pitching staff, an anemic offense produced 68 - 92 record. Offensive highlights included Kenny Lofton's 82 stolen bases and a team record 162 stolen bases. A solid pitching staff led by departed ace Pedro Astacio, Joey Hamilton, and Doug Bochtler kept us in many games. The Hillbillies look to make dramatic changes and improvements for the upcoming season.

CHETICAMP Micmacs

Manager: Eric Rogers (Barbara)

Age: 39 **Occupation:** Meteorologist

The Season Story

With bad pitching and poor defense Cheticamp stumbled to last place in the Gehrig Division. The Big Four on offense (Thomas, Bichette, Lankford and Buhner) put in solid seasons, as Thomas hit .350 with 43 HR and Buhner swatted 47 HR. But the rest of the offense didn't do much (e.g., Will Clark being out hit by Rey Ordonez!). The starting pitchers were pounded whether they were unlimited or not. With somewhat better pitching and more offense with the addition of Bobby Bonilla, conventional wisdom is putting the Micmacs in pennant race next year. We'll see.

COLONIAL Rockies

Manager: Tom Couture (Sue)

The Season Story

I didn't do quite as good as I had hoped to. CK was hoping to get to .500 or a little better, but fell short once again. Of course, being in the Robinson Division, finishing at .500 is an accomplishment. The relief pitching was good, but the starters just were not quite there yet. My lineup for next year will be more consistent. It'll have more full-time players at just about every position and a good mix of LH and RH hitters, as well as a few switch hitters. If I can find a starter or two in this year's draft and if some of my young pitchers get some innings next season, I should do OK within a year or two.

COOCH's Clowns

Manager: Greg Couture

Age: 22 Occupation: Student

The Season Story

This season was one of semi-disappointment for the Clowns. The potential high powered offense never got in gear with Paul Sorrento batting a measly .220 while leading the team in homers. Bright spots included the surprise performance of Matt Beech and the restless legs of Tom Goodwin who almost swiped close to 100 bases. The future looks promising (again) with Rolan, Hawkins, and Durham being the anchors for a young team that looks to add even more youth in this year's draft.

CRIMEA River

Manager: Mike Short (Monica)

Age: 43 Occupation: Computer Guy

The Season Story

When St. Louis swept the formerly-potent River on the road, it became apparent that Crimea was not going to catch pre-season favorites Albany and Thunder Bay. The pitching had too many holes, the patchwork offense too thin. So Crimea pulled off the first in-season trade in TML history, passing Greg Gagne and Danny Darwin to Coldwater for Russ Davis and Bobby Ayala. While the newcomers played well, there was not enough of anything to stave off GM Short's first losing season. Ellis Burks had an MVP quality year, setting four team records (runs, RBIs, total bases and doubles) and just missing four others (average, slugging, home runs and hits). It was the best performance since Tim Raines in 1985. Next year, the River will be back with a vengeance: great pitching, power and balance. Probably the best CR/CF team ever.

GHOSTWOOD Pine Weasels

Manager: Kevin Tyle

Age: 33 Occupation: Meteorologist/Analyst

The Season Story

It was a glorious season for the Pine Weasels. While the pitching was better than expected, the big story was the merciless offense. Jim Thome, Juan Gonzalez, and Ken Griffey racked up some numbers that would scare even Cy Young! Lacking a good base stealer, Ghostwood ended up using Jim Thome leading off, and it reaped dividends as he got on base almost half the time. Chuck Finley and Trevor Hoffman were the pitching stars of a solid if unspectacular relief corps. Every game seemed winnable, given the offense--however, the Pine Weasels' valiant 9th inning rally in the 7th game of the semi-finals with Rockford came up just short.

MANSION HILL Mudslingers

Manager: Mike Cempa

Age: 33 **Occupation:** Meteorologist

The Season Story

In a year that we were expected to be around a .500 team, we actually won 90 games and made the first ever Mansion Hill playoff appearance. Granted we lost in the first round, but in the words of Bob Wylie..."baby steps." The young pitching staff did as expected, but the offense was the big surprise. Sure, the big guys like Brosius, Berroa and Palmiero helped the team along, but it was the performances of the role-players that made the difference...guys like Fletcher and McGee (who is available). Of course, the team owes a lot of it's success this year to the superb bunting ability of Tim Bogar. Next year we rebuild a little, hoping for a triumphant return in 1999.

MORDOR Marauders

Manager: Phil Schumacher (Cindy)

Age: 31 Occupation: Meteorologist

The Season Story

After last year's surprise playoff run, it was a disappointing year for the Marauders. The starting pitching never lived up to expectations while the hitting was anemic. Even worse, flooding struck Mordor's home field forcing the team to relocate to Toxic Waste for half the season. Benito Santiago had a career year hitting over .290 with 27 HR while Andy Pettitte came into his own with a 4.18 ERA in over 250 IP. Despite nearly causing the manager to die of a heart attack, Jose Mesa once again reached 30 saves for the season.

OKLAHOMA Supercells

Manager: Mark Plate

Age: 32 Occupation: Meteorologist

The Season Story

Oklahoma got off to a quick start and remained in playoff contention until fading late in the year. The Supercells were near the top of the league in batting average most of the year, but the lack of overall power on the team meant a lot of stranded baserunners. Tino Martinez was the team's offensive leader. The pitching was decent, although inconsistent at times. Charles Nagy was the most reliable starter and John Franco became the primary closer supplanting John Wetteland. Oklahoma performed very well against the weaker teams in the league, but struggled against the top teams, with a combined 1-18 record against Rockford and Albany on the season.

PENSACOLA Stingray

Manager: Mark Hetterich (Connie)

Age: 50 **Occupation:** Instructional Designer and Office Manager for AmerInd Inc.

The Season Story

The Stingray continue to be one of the best offensive teams in the TML, leading in hitting with a .297 batting average. However, the pitching has declined to a point where it is one of the worst, a dismal 5.47 ERA. Thus, the team wins when it gets a little pitching but loses a lot of 9-7 and 10-8 games. Piazza led the offense with a fine .363 BA (2nd in the league) and drove in 135 runs on 42 home runs. Belle was fantastic all season, hitting .323, clubbing 63 homeruns, scoring 143, and batting in 177. Grace, Cirillo, Seitzer, and O'Neill also hit over .300 and the middle two players scored over 100 runs. The Stingray's best pitcher was David Wells at 16-4 with a 4.61 ERA. Turk Wendell saved 25 and only blew 4 saves, posting a 2.00 ERA. Plunk and Radinsky provided solid setup. Next year, more of the same!

The Season Story

PA's season was an improvement for us and hopefully we have turned the corner. I thought we would play .500 but the lack of a STOPPER in the pen haunted us all season. The big disappointment this year would have to be Andy Benes. A big part of our rotation, Andy had a disastrous season, going 3-16 with a 6.59 ERA. At the other end of the spectrum, Hideo Nomo in his first year with (PA) went 18-10 with a 3.13 ERA. Nomo's 18 wins accounted for just about 25% of PA's wins.

The Season Story

Well this was definitely RO's best Year ever. 269 hr's over 1000 runs scored and our first appearance in a world series. Both Tom and Mike are proud of what we accomplished. with 6 guys hitting 28 or more HR's this was a fun year. Players of the year for RO were Galarraga, Bonds, Rodriquez, Ramirez, but making the World Series was no doubt the highlight of the season. If it were not for a late season slump the team could have done even better. But, all in all, a GREAT SEASON! Thank you to my G.M. for putting this team together.

ROCKY MOUNTAIN Chinooks

Manager: Jeff Chapman (Sally)

Age: 31 Occupation: Meteorologist

The Season Story

With memories of last year's collapse still stirring a screaming nightmare or two, the Chinooks began the farewell tour for the Wizard of Oz, who went out with style by hitting over .300! RM used a strong start and Summer Stretch to anchor a franchise first 90 wins, but not enough as archnemesis Toxic Waste would again provide the body bags...this time in Series 14. Pitching highlighted another solid year as Kevin Brown notched the ERA title, tossing a no-hitter along the way. Far from untouchable Jeff Brantley tied for Fireman of the Year. Gary Sheffield lost the team dinger lead to Vaughn's 49...but eyed his way to a TML record 157 walks.

'SKAYUNA Squires

Manager: Hank Pedicone (Eileen)

Age: 47 Occupation: Attorney

The Season Story

This one caught me a bit by surprise. I projected a team that was just under .500, but the pitching was far worse than anticipated. Every time it seemed it couldn't get worse, it did. And in the Robinson, most of the games were face-to-face. Ahh...the indignity of it all. About the only bright spot was Lance Johnson setting a single season TML hit record (easy to do when you lead off every game, and never take a walk!). Oh, well, time to rebuild, AGAIN!

ST. CLOUD Power Loons

Manager: Bob Weisman

Age: 37 Occupation: College Professor/Meteorologist

The Season Story

The Power Loons could score runs, but not at Rockford's pace, and they could yield runs (almost at Rockford's pace), so they ended up under .500. The offense was led by Bagwell, Steinbach, and Jeter (as expected) and by Al Martin (unexpected). Martin resisted numerous attempts of the inept Loon manager to bench or platoon him by leading the team in BA, 2B, SB, and having a better OB% than lead-off man Jeter. This left a deep bench (Delgado, Giambi, Hollins) which ranked amongst the league leaders in pinch-hitting. Still, when Hitchcock (ace), Todd Jones (stopper), and Wasdin (most IP) are the keys to the staff, there are problems. For next year, post-game spreads throughout the league will be safer: Sid Fernandez is gone!

ST. LOUIS Slyme

Manager: Bob Sylvester (Donna)

Age: 32 Occupation: Comuter Programmer

1998 Team Name Change

So. California Slyme

The Season Story

The Slyme had a memorable (OK, it wasn't that memorable) season. The offense started to look up as Chuck Knoblauch (.344), Jim Edmonds (.340), Mark Grudzielanek (.301) and Brian Jordan (.300) all hit .300 or better. The Slyme pitching was somewhat forgettable, but Jose Rosado, Ugueth Urbina and Rich Robertson each won 10 games. Relief pitching was a Slyme strength as Hudek, Lee "I'm not 50 years old" Smith, Carmona, and Guardado all pitched well. Without a doubt, Jim Edmonds was the Slyme MVP. Besides hitting .340, he slugged 37 homeruns and drove in 118 runs in only 438 at bats. It only encourages a sub-500 manager's mind to dream about what he could have done in 600 - 650 at bats. Maybe next year ... OK, maybe the following year ... OK, maybe

TASMANIA Devils

Manager: Dave Schumacher (Suzette)

Age: 25 **Occupation:** Programmer/Analyst

The Season Story

Tasmania had yet another rough season. It has come to be expected by now. The good news was that the offense and defense of the team broke of it slump for the first year. In particular the addition of Edgar Renteria was a big boost to the team. However the pitching of the team left much to be desired (specifically a REAL starting pitcher). Up until the final 5 games of the season Tasmania was flirting with the TML record for worst ERA, but then managed 5 strong pitching performances to end up slightly better the record. This upcoming season will be different ... hopefully.

THUNDER BAY Lightning

Manager: Bill Graham (Cathy)

Age: 47 Occupation: Attorney

The Season Story

The Lightning got off to a strong start and finished strong. Jones, Gilkey, Cone, et.al., won 97 games yet seemed to struggle most of the season. The most interesting part of the season was the battle with a very talented, very determined Albany Avalanche. In head to head competition, it was Lightning 7, Avalanche 7. But the Albany team walked away with a well deserved division title.

Ah well, wait 'til next year... Or maybe the year after that... Or the year after that.

TOXIC WASTE

Manager: Mike Landin (Teri)

Age: 44 Occupation: Meteorologist

The Season Story

The Toxins made a great try in the defense of their TML Title, but ran into a more superior Ghostwood team in the first round of the playoffs. Toxic Waste made a run at Rockford for the Gehrig Crown, but was never seriously in contention. Instead, the Toxins had to battle Oklahoma and Rocky Mountain right down to the wire. Vinny Castilla was the team MVP, having quite the year, batting .329, with 50 HRs and 160 RBIs. Mark McGwire had an "off year" and still belted 40 HRs. Four players had 100+ RBIs. In the pitching department, it was the usual double-ace combo of John Smoltz (23-10, 3.18) and Greg Maddux (22-7, 3.81). Mark Wohlers, despite a 5.11 ERA, 7 Ls & 8 BSs, was still the "ace" in the pen (28 Svs.) In a late season poll, the team nickname will become "River Rats" ... in a close 2nd, was "Lions" (say it aloud).

The Season Story

After making it, surprisingly to the 1996 TM World Series, the Wombats took a huge turn south, finishing tied for the 4th worst record in the entire TML. Fine seasons were put in by Craig Biggio, Ivan Rodriguez and Larry Walker. Little positive can be said about the pitching.

The Season Story

Overall, the season has to be viewed as a disappointment. The division champs from the previous year failed to reach .500. Brady Anderson had the best season of any player I have managed except for Stan Musial. He led the team in RBI despite hitting leadoff most of the season. The team suffered from a lack of clutch hitting and clutch pitching. We seemed to lose every series 3-2, with one of our wins being a blowout. The defense was also bad as Ripken showed his age, Anderson showed he's really a left-fielder, and Mo Vaughn showed why he's DH'd the last few years. Still, the top 3 starters had winning records, but quality starts were few and far between with anybody else.

Stat Key

Below you will find some explanations on a few stat categories:

RC: runs created ($RC = [A \text{ times } B] \text{ divided by } C$), where,

$$A = H + W + HBP - CS - GIDP$$

$$B = TB + .26 \times (TBB - IBB + HBP) + .52 \times (SH + SF + SB)$$

$$C = AB + TBB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS: quality starts; the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or less.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

★ - TML Record

☒ - Tied TML Record

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a dot (•) indicates that the player or pitcher tied for the lead in his Association in that stat category.
