The Major League

TML 1998

By Mike Landin

Our milestone **20th season** got off to a rocky start (no pun intended), as the season was delayed until May due to a series of delays and uncertainties by *Diamond Dreams, Inc.* Once underway, it was still a bumpy road, as the Coutures were suspended during the season, with a conditional reinstatement in 2000. To complete the bizarre season, in an unprecedented move by the Commissioner's Office, Kentucky was *disqualified* from the playoffs, due to extraordinary "home cooking."

In keeping with tradition, here are the members with at least 10 years of membership in the TML: **Mike Landin(20)**, **Joe Steinmetz(18)**, **Mike/Tom Kopp(17)**, **Bob Weisman(17)**, **Eric Rogers(15)**, **Mike Short(14)**, **Bryan Sakolsky(14)**, **Bill Graham(13)** and **Hank Pedicone(10)**. A heart-felt welcome to **Jim Pertierra**, one of the co-founders of the TML, who took over the **Pensacola** franchise.

The Year In Review

TML98 saw the **Philadelphia Blue Jays** notch their first **TML Championship**. This was **Joe Steinmetz'** second trip to the TML World Series, the first back in 1987. In the opening round of the playoffs, tied at 3 games apiece with **Syracuse**, **Philadelphia** scraped out a 4-3 win in Game 7. The **Blue Jays** then met the two-time defending TML Champs, **Albany Avalanche** in the Oceanic Conference Final. **Philadelphia** once again was victorious in 7 games. From there, **Philly** steamrolled **Toxic Waste** in the **TML World Series**, capturing the TML Championship in 6 games. **Mike Landin** was attempting to become the first TML Manager to win three TML Championships and take the **Toxin** franchise to an unprecedented 4th title. It was not to be. Congratulations go out to Joe for this long awaited championship!

Ruth Division

The **Kentucky Highlanders** began the season 42-12, with an incredible 25-2 mark at home! The **Philadelphia Blue Jays** and **Walla Walla Wombats** hung close all season, finishing 6 and 9 games behind, respectively. After **Kentucky** was *disqualified* from the playoffs, **Walla Walla** was invited in. There was literally no competition from the rest of the division. **Southern Cal** and **Pensacola** both finished over 2 dozen games out, with **New World** a distant 43 games behind. **Kentucky** with the top team offense in the TML, also sported the TML batting champ in **Bernie Williams(.367)** and "**Fireman of the Year**" in **Ugueth Urbina**, who set a TML Record with 55 RPs. **Philadelphia** led the TML in team pitching, behind aces **Chan Ho Park(20-7)** and **Roger Clemens(19-10)**. **Clemens** increased his TML leading career marks in wins(226) and strikeouts(3245). **Philly's Paul Molitor** became the second TMLer to surpass **3,000 career hits** (3049) and the first to pass **10,000 career ABs**. **Walla Walla** put up a balanced offensive attack, supported by solid pitching. Five different **Wombat** pitchers recorded 12 or more victories. **Wombat Rickey Henderson** upped his TML leading career SB total to 1312. **Pensacola** had 11 players with 11 or more HRs, with team offensive leader **Albert Belle** leading the pack with 42 HRs and 47 2Bs. **Pensacola's David Wells** tossed the only **no-hitter** of the season, beating **Mordor** 5-0. **Southern Cal** put together a .500 season, with **Mike Piazza(.340, 34 HRs, 127 RBIs)** being a standout. **New World** set a TML Record for team strikeouts by their batters ... with 1266 Ks.

Robinson Division

The **Albany Avalanche** and the **Crimea River** battled for the division title, at least until the Summer Stretch, when Albany went 22-8 and took over 1st place for good. **Crimea** played .430 ball after July and was edged out of the playoffs by only 2 games. The final playoff spot came down to the **Syracuse Spelunkers** and the **Mudville Nine**, who battled until the final game of the season, with **Syracuse** winning out by 1 game! For **Mudville**, it was a disappointing end to a 32-10 run over the final two months of play. **Colonial** was not much of a factor and **'Skayuna** had a tough and long season, finishing over 3 dozen games behind. **Albany** sported three big left-handed hitting guns in **John Olerud** (149 RCs), **Larry Walker** (131) and **Matt Lawton** (119), along with pitching ace, **Pedro Martinez** (19-9, 2.84, 286 Ks). **Syracuse** had a balanced attack, with 5 players with 20 or more HRs. **Billy Taylor** saved 44 games for the **Spelunkers**. **Mudville** had 4 All Stars surpass 100 RCs in **Jeff Bagwell** (127), **Chipper Jones** (108), **Shannon Stewart** (103) and **Shawn Green** (102). **Jose Canseco** just missed at 98 RCs. **Craig Biggio**(130 RCs) and **Nomar Garciaparra**(108) put up big numbers for **Crimea**, led by **Mike Mussina's** 20-5. **Randy Johnson**, despite a league-leading 338 Ks, went 9-17. **Colonial** led the TML in HRs with 229, led by **Sammy Sosa's** 58 dingers. **'Skayuna** set a TML Record for most HRs allowed, serving up 256. **Jeff Suppan** and **Steve Trachsel** fell just short of 50. **Syracuse's Tony Gwynn** (3151) was the first TMLer to reach 3,000 career hits.

Gatto Division

The **Mansion Hill Mudslingers** took control of the division in May and always kept a few games of padding between themselves, **Ghostwood** and **Mordor**. The latter two battled through the Summer Stretch and were separated by only 1 game going into divisional play in October. However, **Ghostwood** poured it on at the end, finishing with a 27-15 run and nearly caught **Mansion Hill**. **Tasmania**, **Beverly** and **Worcester** were non-factors all season long. **Mansion Hill** put up a pesky offense that had five .300+ hitters, including **Marvin Benard** at .410 in a part-time role. The **Mudslingers** were 2nd in the league in pitching at 3.58, led by **Brad Radke's** 17-9. **Bob Howry** (0.91) and **Gregg Olson**(1.68) formed a good 1-2 punch out of the pen. **Ghostwood** made up for their lack of pitching depth with a terrifying offense, led by **Ken Griffey** (174 RBIs, 67 HRs), **Juan Gonzalez** (157, 46), **Jim Thome**(30) and **Matt Stairs**(26). **Mordor** had two 17-game winners in **Denny Neagle** and **Andy Pettitte**. **Hal McRae**(121 Rs, 28 HRs, 121 RCs) sparked **Mordor's** offense.

Gehrig Division

Toxic Waste maintained a comfortable 5-game margin on the rest of the division nearly all season long, as the remaining teams took turns beating themselves up. The **Rocky Mountain Chinooks** surfaced as the wild card winner, playing nearly .600 ball over the latter half of the season. **St. Cloud** and **Oklahoma** put the most pressure on the **Chinooks**, as **Cheticamp** and **Rockford** drifted slowly toward the **Gehrig** basement. The **Toxins** were led by "Player of the Year", **Mark McGwire** and "Pitcher of the Year", **Greg Maddux**. **McGwire** put up super-human numbers, shattering many TML Records, including: 75 HRs, 185 RBIs, 164 BBs, .801 SLG and an incredible 222 RCs! He also batted .330 and scored 150 Rs. Awesome! **McGwire** is now just 2 HRs shy of **Eddie Murray's** career leading total of 244 HRs. **Maddux** led the league in ERA at 2.08 and went 23-9. For **Maddux**, it was his 7th straight 20-win season! He now leads the TML with 43 career shutouts and is 2nd in career wins at 213. **Toxin Vinny Castilla** socked 52 HRs. **Rocky Mountain's** "big man" was **Greg Vaughn** (117 Rs, 131 RBIs, 40 HRs) , with **Kevin Brown** (22-10, 2.43) anchoring the pitching staff. Other stars in the division were **St. Clouds' Vladimir Guerrero** (118,121,43), **Oklahoma's Tino Martinez** (98,108,37) and **Curt Schilling**(21-10, 3.19), **Cheticamp's Ray Lankford** (127,108,42) and **Rockford's Manny Ramirez** (104,157,50), **Barry Bonds** (130,100,25) , **Andres Galarraga** (113,138,38) and **Alex Rodriguez** (128,98,30). **Rockford's** potent offense was offset by its weak pitching (5.59).

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 42 Occupation: Financial Analyst

The Season Story

Another nice year in Albany as the Avalanche came from behind to take the Robinson. John Olerud (27 HR 93 RBI) was the ironman, appearing in every game and leading the league in hits. Larry Walker turned in a fine year tying Olerud for the club lead in home runs with 27. Edmonds added 26 homers and had a team high 115 RBIs. Also having fine years were Caminiti and Lawton. All in all a balanced team attack. Not so for the pitching where Pedro Martinez continued to be the man going 19-9 with 6 shutouts. He posted a sparkling ERA of 2.84 pitching in the homer dome. Tomko, Nomo, and Fassero were decent support guys in the rotation. Brocaill and Spradlin bolstered a bullpen led by Jeff Shaw who notched 43 saves. Next year, there might not be enough pitching for a playoff return, but it should be a fun season with the core returning.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 30 **Occupation:** Graduate Student - Atmos. Sci.

The Season Story

Another long and difficult season for the Hillbillies as we reached the 100 loss for the first time. Cliff Floyd and Jason Giambi had outstanding seasons for the Hillbillies at the plate. On the mound, problems still persist. There are bright spots as young players are starting to step up. We are only a player or two (or three) away from making some noise in the league. It won't be too long before the Hillbillies cross into the promised land that is respectability.

CHETICAMP Micmacs

Manager: Eric Rogers (Barbara)

Age: 41 Occupation: Meteorologist

The Season Story

After last years' exciting 1st place finish the Micmacs slipped back below .500, thanks in large part to weaker pitching. CH led the league in complete games, not because of a stellar staff but because of the "chuck-and-duck" bullpen (44 HR allowed in 239 IP). Kile (26-3 in 98, 12-21 in 99) may be the first TML pitcher to win 20+ one year and lose 20+ the next year. The season did have some fun moments thanks to the offense, which was 3rd in batting average. Lankford (.595 SA, 41 HR) had a career year and will contend for runner-up to McGwire in the MVP race. The offense did create 52 more runs than they scored, thanks to finishing second in GDP. Next year: more rebuilding!

COLONIAL Rockies

Manager: Tom Couture (*inactive in 1999*) (Sue)

Age: 52 **Occupation:** Proofreader (NYS Legislature)

The Season Story

The Rockies finished a little below .500, but were in the wild card chase right into the final month of the season. The team was led by a robot manager for most of the season. Sammy Sosa was the team leader, having a career year, hitting .312, with 58 HRs, 148 RBIs, 120 Rs, 202 hits and 136 RCs. Tony Clark (30 HRs, 108 RCs) and Darin Erstad (27 HRs, 103 RCs) both contributed greatly on offense. The Rockies led the TML in HRs, with 229. The pitching was weak, with only two pitchers putting up an ERA below 4.00. At least, one of them was the bullpen "ace", Mariano Rivera (3.35), who notched 29 SVs.

CRIMEA River

Manager: Mike Short (Monica)

Age: 45 Occupation: Computer Guy

The Season Story

Crimea River finally lived up to its name. We played 9 five-game road series and lost all 9 ... while outscoring our opponents in 7 of them. Lost five of 6 summer stretch series, and outscored our opponents in all of them. Outscored our opponents on the road ... and finished 8 games below .500. 23-17 mark face-to-face. Couldn't beat Skayuna with the season on the line. Outscored our opponents for the season by 100 runs ... and finished only 4 games over .500. And in fourth place for the first time since GM Short took over. Mike Mussina was superb, a pitcher of the year candidate at 20-5; 2.60. Biggio and Garciparra were strong, as was Hoffman. Cone set a team record for losses; Johnson for home runs allowed; and the team for fewest saves. We simply lost all our close games. Next year's team looks very tough, with outstanding starting pitching and Trevor Hoffman to go along with a good offense ... and a much better draft pick than this talent level deserves. If our luck evens out over two years, watch out!

GHOSTWOOD Pine Weasels

Manager: Kevin Tyle

Age: 35 Occupation: Meteorologist

The Season Story

Ghostwood enjoyed another fine season, although it took a while for all the gears to mesh. After a solid start, we were mired in the doldrums most of the summer, barely staying above .500. However, a late rush propelled the Pine Weasels solidly into second place, just falling short of another division title. All in all, the team slipped a bit from the previous year, especially in the pen and in the overall level of offensive punch. However, Griffey and Gonzalez once again had exemplary years, while Moyer and Finley anchored the starting staff.

MANSION HILL Mudslingers

Manager: Mike Cempa

Age: 35 Occupation: Meteorologist

The Season Story

It was somewhat of a surprise that the Mudslingers finished in first in the Gatto...less of a surprise that we were swept in the first round of the playoffs. All in all it was a good year, as most of the players performed above their abilities. A few standouts were Brad Radke and the entire bullpen on the mound, and the lefty trio of Fernando Vina, Marvin Benard, and Rafael Palmeiro at the plate. This is a team that, with a few acquisitions, will make another run at the championship.

MORDOR Marauders

Manager: Phil Schumacher (Cindy)

Age: 33 **Occupation:** Meteorologist

The Season Story

The Marauders set out to defend their Atmospheric Conference title with a weaker pitching staff but stronger offense. The weak pitching staff won out and as the Marauders struggled all year to stay in the playoff race. Mordor ran out of gas in October going 4-10 and ending the season 2 games under .500. Jason Christiansen (1.34, 7-2, 4 Saves) and Denny Neagle (4.25, 17-11) highlighted the pitching staff. Meanwhile, Eric Karros had a career year at first base hitting .349 with 112 RBIs and 26 HR. The .349 batting average is a team record. A decent 1999 draft and an improving offense should keep the Marauders in the playoff hunt in 2000. Probably the biggest news from the franchise was that there were no rumors of a pending move by the ownership. This marks the first time in franchise history that team owner Schumacher wasn't out hustling for a new stadium.

MUDVILLE Nine

Manager: Bill Graham (Cathy)

Age: 50 Occupation: Elder Law Attorney

The Season Story

This team seemed destined to be the worst team I had ever managed ... until the last month and a-half of the season. Heading for a possible lottery spot, this team suddenly found out how to win. And, win it did. October was one of those months a manager could only dream about (or have nightmares about if you are Hank Pedicone). Mudville played hard, won steadily and did just well enough to miss the playoffs and wind up in the middle of the pack draft-wise. Biffing? Not I. I'd rather win any day. Just wait until next year.

NEW WORLD ORDER Militia

Manager: Mike Mayko (Frances)

2000 Team Name Change

Age: 44 Occupation: Journalist

Latham Lampreys

The Season Story

It was a tough year for the re-located Militia, having sunk to the Ruth basement early in the season and then making no threat of leaving. A lack of playing time issue may have hurt the morale of the team. Moises Alou was a standout, hitting .290, with 28 HRs, 105 RBIs and 100 RCs. The bullpen was strong, led by closer Billy Wagner (3.22, 31 SVs). However, the starting pitching was terrible. Mark Clark lost 20 games and Justin Thompson and Rick Helling both lost 18. A second re-location in as many years and new management may be what the franchise needs.

OKLAHOMA Supercells

Manager: Mark Plate (Michelle)

Age: 34 Occupation: Meteorologist

The Season Story

Once again this season, Oklahoma was competitive but not good enough for a playoff spot in the tough Robinson Division. The lack of offensive firepower did the Supercells in all too often despite a very good pitching staff which kept them in most games. Tino Martinez was the main offensive threat with 37 homers...no one else hit more the 15. Sean Berry contributed a .336 batting average in about a half season of playing time. Magglio Ordonez showed promise for the future, but rapped into a whopping 28 double plays which often killed rallies. Curt Schilling was dominant once again on the mound, winning 21 games and fanning 282 batters. Tim Wakefield was a pleasant surprise as a starter winning 14 games. John Wetteland had another outstanding year, saving 34 games.

PENSACOLA Stingray

Manager: Jim Pertierra (Janet)

Age: 50 Occupation: Team Leader-Bell Atlantic

The Season Story

It was great to get back with my friends in the American. Mark, as always, had put together a really nice team with plenty of stuff so it was a pleasure to work with. Having those rotten pitchers in Dodger Stadium made them look better than they were. I played automanager vs. automanager all year. (It is a great source of pleasure and a real education to work solely with the A/M). I am, by nature, much too trusting in my pitchers, the automanager is not so I tend to perform better when using the A/M. Thanks Mike for letting me back in and I look forward to a long relationship.

TML Champion

The Season Story

It's the most enjoyable season I have had in the TML. I thought I would be competitive but didn't expect the season I had. Most games I played were close games and often won in the late innings. My offense was below average but the pitching and the outfield defense was exceptional. The playoffs have just started and if I don't win it will not take away the fun I had playing the games this year. BUT ! WINNING IS FUN ! (Ed. Note: Joe guided the Blue Jays to the TML Championship, giving Joe his first championship of any kind in over 20 years of gaming!)

The Season Story

Well as goes the pitching goes Rockford. A very disappointing year in terms of pitching we just sucked. No words can else describe the pitching. As for our offense it was another good year with Manny Ramirez leading the way. Alex Rodriguez also with stellar year, hopefully with a good draft next and some decent pitching will may climb back to .500 baseball. Rockford player of the year Manny Ramirez. Rockford "pitcher of the year" was also Manny Ramirez, for the fact the team pitchers voted him that for saving their butts so many times. But, if you need a real pitcher make it Jose Rosado.

ROCKY MOUNTAIN Chinooks

Manager: Jeff Chapman (Sally)

Age: 33 Occupation: Meteorologist

The Season Story

An atypical balanced effort from pitching and hitting yielded the Chinooks their best season to date, amassing a team-record 93 wins. Individual accolades were chased all season by hot-hitting Derek Bell (.364 BA, 204 hits) and perennial ace Kevin Brown (2.43 ERA, 22 wins). However, both faltered a bit in the final month to lose their respective bids. This was more than made up for by a solid overall team effort that even surprised RM skipper Jeff Chapman. The pitching staff was stingiest in the league with the long ball, with only 116 HR allowed. At the time of this writing, Rocky Mountain is preparing to square down in the Conference semi-finals with arch-nemesis Toxic Waste, who have delivered the death blow to the Chinooks too often in the past. Good thing we keep the team psychologist on retainer! The rumor wire is buzzing with rumors of a Chinook fire sale in the off season...could this be true????

'SKAYUNA Squires

Manager: Hank Pedicone (Eileen)

Age: 49 Occupation: Attorney

The Season Story

This was a team I projected to win about 85 - 90 games. I was about half right. Squires pitchers gave up a TML record 256 home runs along the way, while what promised to be a potent offense hit less than half that number (127). It's got to get better, doesn't it? And again, the cry goes out: "Wait 'till next year!"

The Season Story

Why did this team win 86 games (a franchise record)? Vladimir was great and Jeter helped, but besides that, no offense. Then, with this lousy pitching and Todd Jones trying to close? Then, I often played team that had 5 "zero" error ratings at the same time. So, why was this team contending for a playoff spot until the final series? Probably the reason I don't know the answer is the same reason I've only had 3 winning seasons in 16 years of managing. I'm looking forward to the draft (and my daughter is looking forward to the Sioux Falls hotel with a huge kiddie pool) and to next season when I try to kick "Where in the USA is Carmen Sandiego?" off to try and play games!

The Season Story

The Slyme finished the season with a disappointing 80 - 80 record, but I sure had fun with this club playing in Fenway Park. Finally I had a little of what I enjoy --OFFENSE. Mike Piazza hit 340 with 34 HR and 127 RBI as the Slyme batted 291 as a team. Brad Fullmer swatted a league-leading 55 doubles and Jose Offerman hit a league-leading 16 triples. Brian Anderson led the staff with a 13 - 11 Record and a nice 3.58 ERA. The disappointing aspect to the season was the poor performance of recently acquired Slyme Joey Hamilton (10 - 16, 6.04 ERA) and Antonio Osuna (5.08 ERA). Next season hinges on the ability of Slyme starters (Daal, Anderson, Bottenfield and Jones). But the Offense should be fun again as many Slyme batters had great years and now have Troy O'Leary to add to the lineup.

SYRACUSE Spelunkers

Manager: Greg Couture (*inactive in 1999*)

Age: 24 Occupation: Student

The Season Story

This was a strange season for the re-located Spelunkers. Guided by a robot manager, the Spelunkers barely held off a fast charging Mudville team to make the playoffs for the first time since 1990. Team leader, Tony Gwynn, became the first TMLer to reach the 3000 career hit plateau! Gwynn ended up in the "Top 10" in batting at .334. Ray Durham finished near the top in runs scored(140), triples(14) and stolen bases(46). The pitching trio of Kenny Rogers(14-10), Aaron Sele(18-11) and rookie Kerry Wood(15-7, 255 Ks) were the primary reason for Syracuse's success this season. Billy Taylor was the bullpen "ace". Taylor saved 44 games, despite carrying a lofty 4.18 ERA.

TASMANIA Devils

Manager: Dave Schumacher (Suzette)

Age: 27 Occupation: Computer Consultant

The Season Story

Another disappointing Season for the Tasmania Devils. Although the team placed 4th place in their division they still ended up in the draft lottery. The main bright spot for the team was the play of Bobby Abreu who managed 7th in the TML batting race. The lack of quality starting pitch was the real demise for Tasmania. Bill Pulsipher even lead the league in losses. Every year the management for Tasmania thinks that maybe next year will be the break through year. And that hope still exists. It was a great year for TML ... Good luck to all in 2000.

TOXIC WASTE River Rats

Manager: Mike Landin (Teri)

Age: 46 Occupation: Meteorologist

The Season Story

The Toxins put together a solid season, led by the awesome bat of Mark McGwire, who set a bunch of All Time TML single season records, including 75 HRs, 185 RBIs and an incredible 222 RCs! McGwire also hit .330, second on the team to Carl Everett's .335. In McGwire's "shadow" was Vinny Castilla, who hit .323, socked 52 HRs and collected 161 RBIs, good enough for 3rd in the league. Equally impressive in the pitching dept. was Toxin Ace Greg Maddux, who went 23-9, with a league-leading 2.08 ERA. For Maddux, it was his 7th consecutive 20-win season! John Smoltz also had a fine year (16-7, 2.85). The bullpen was solid and deep, led by set-up man Armando Benitez (1.30, .141 OAVG), Steve Reed (2.35, .191 OAVG) and closer Kerry Ligtenberg (2.96, 35 SVs, .226 OAVG).

WORCESTER Terminators

Manager: Roy Gorham

Age: 23 Occupation: Engineer

The Season Story

A 14 game improvement, spurred on mostly by a better bullpen and some better hitting. Still the worst team in the league, a few good drafts away from being a contender. Only Helton was above average at his position. A 12 pitcher staff really gutted it out, getting hammered many times. Still managed to have a 10-2 streak in the summer, including 4 straight against the best team in the league.

Stat Key

Below you will find some explanations on a few stat categories:

RC: runs created ($RC = [A \text{ times } B] \text{ divided by } C$), where,

$$A = H + W + HBP - CS - GIDP$$

$$B = TB + .26 \times (TBB - IBB + HBP) + .52 \times (SH + SF + SB)$$

$$C = AB + TBB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS: quality starts; the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or less.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

Q - TML Record

Q - Tied TML Record
