The Major League – TML 2000

by Mike Landin

Our 22nd season ... the last one with **Diamond Dreams** ... provided the usual excitement and record breaking performances. Bob Sylvester left us literally holding the ball, when he resigned just two weeks before opening day! His **Southern Cal** team was auto-managed the entire season. With the change to **Diamond Mind** for the upcoming 2002 season, all manager vacancies were filled within days.

In keeping with tradition, here are the members with at least 10 years of membership in the TML: **Mike Landin**(22), **Joe Steinmetz**(20), **Mike/Tom Kopp**(19), **Bob Weisman**(19), **Eric Rogers**(17), **Mike Short**(16), **Bryan Sakolsky**(16), **Hank Pedicone**(12), **Mark Plate**(11), **Pat Barry**(10) and **Phil Schumacher**(10). The TML wishes the best to **Roy Gorham**, **Tom Kackley** and **Chris Gaige**. A welcome is extended to **Doug Grahm**, **Dave Pittner**, **Dave Vollaro** and returning TML "old timer" **Bill Graham**(14).

The Year In Review

TML00 saw the **Walla Walla Wombats** become the second TML franchise to win their fourth TML Championship, this having been done first by **Crimea** only last season. For **Bryan Sakolsky**, it was his 3rd title, tying him with **Mike Short** for the most by any TML Manager active or otherwise. In the first round of the playoffs, **Walla Walla** was strung out to the full 7 games by **Albany** and then took care of defending Champ **Crimea** in 6 games to take the Oceanic Conference Title. **Rensselaer** made it to the **TML World Series** for the 3rd time as a franchise, but the first for **Joe Nocera** in his first season! **Rensselaer** had defeated **Toxic Waste** and **Mansion Hill**, both falling easily in just 5 games. **Walla Walla** and **Rensselaer** played an exciting World Series, with two extra-inning games and three games decided by just one run, including an 8-7 **Walla Walla** win in the finale. **Rensselaer** had trailed 8-1 before staging their frantic comeback. Congrats to both **Bryan** and **Joe** for a great season!

Ruth Division

The **Walla Walla Wombats** and **Philadelphia Blue Jays** fought neck and neck through June, but the **Blue Jays** slumped badly during the latter part of the season going 31-41 from July to October. But, it was good enough to secure a Wild Card playoff spot by 10 games over **Worcester**. **Walla Walla** sported a TML record four (4) 20-game winners, led by **Kevin Brown's** 28-4 record! **Wombat Ricky Henderson**, the only player to play in all 22 TML seasons and all with **Walla Walla**, added to his career leading totals, including 1726 RCs, 1978 Rs, 1951 BBs, 1345 SBs and 291 CSs. **Wombat Mo Vaughn** is now the TML record holder for strikeouts in a season, with 201 Ks, but did set **Walla Walla** franchise records for HRs (51) and RBIs (154).. **Philadelphia's Roger Clemens** extended his TML career leading stats to 252 Ws, 4035 IPs, 3675 Ks, 523 GS and 177 CGs. **Worcester** saw **Todd Helton** put up big numbers, setting franchise records for AVG (.345), RCs (173), RBIs (164), 2Bs (55) and OBP (.431). Likewise, for **Danny Way**, **Jeff Bagwell** had an awesome season, setting franchise records in RCs (182), Runs (146), HRs (49), TBs (414) and SLG. (.661). **Southern Cal's Mike Piazza** came close to breaking many of his own franchise records (he did set a new SLG mark with .648), and he remains the career leader in AVG. with .338. **Soul City** had a rough season, not only posting a TML high 111 losses, but also being the first team to give up over 1100 runs (1179) and to see **Jose Lima** go 0-22 (8.02 ERA). The most wins by any **Soul City** pitcher was 6, and this has only happened one other time, with **Worcester** back in TML97 ... the same year **Worcester** set the TML mark for team losses with 129.

Robinson Division

It was business as usual in the Robinson as the **Crimea River** and **Albany Avalanche** battled all season long, burying the rest of the division by the Summer. **Crimea** started out 31-3, but **Albany** hung tough and even took over first place for a while at the end of May. The difference for **Crimea** beating **Albany** 10-4 head-to-head. **Albany** had a hellacious offense, setting TML team records for AVG (.316), ABs (5907), Runs (1210), Hits (1865), RBIs (1177), BBs (746) and SFs (80). **Albany** had both the **Player of the Year** in **Jim Edmonds** and **Pitcher of the Year** in **Pedro Martinez**. **Edmonds** was a Triple Crown threat all year, leading the league in RBIs (178), while finishing 2nd in HRs (58) and 5th in AVG. (.347). He also led the league in RCs (203), also a new **Albany** franchise mark. **Martinez** set new **Albany** franchise marks for ERA (1.71), Wins (24), PCT (.889), and lowest BB/9 (0.9), while breaking the TML Record for lowest OPCT (.166) and tying the TML Record for shutouts, with 12. It's hard to believe that **Albany** finished 2nd! **Crimea** and its league leading pitching staff and solid offense (1048 Runs), won 117 games, falling just short of the TML record of 121 set by **Pensacola** back in TML93. **Crimea** "Ace" **Randy Johnson** (24-5) tied the TML Record for strikeouts, with 380 Ks. **Crimea** had **Co-Fireman of the Year**, with **Kazuhiro Sasaki** (46 RPs). **Crimea's Jim Thome** set franchise marks for Walks (112) and Strikeouts (189). **Crimea** also had six different players with 100+ RCs, tying **Pensacola** from TML94. **Crimea** also broke its own TML Record for road wins, with 62. **Pensacola's Richard Hidalgo** had a superb year, leading his team in nearly all offensive categories, including a 2nd place league finish in RCs, with 184. **East Greenbush** had **Co-Fireman of the Year**, **Trevor Hoffman**, who set franchise records for SVs (43) and RPs (46). **Pertierra's Tony Gwynn** is now the career leader in 2Bs (563), TBs (4489) and Hits (3333). **'Skayuna's Jason Schmidt** led the TML in Walks Allowed (153) and set a new franchise record for same.

Gatto Division

The **Gatto** sported a four team battle nearly all season between the **Rensselaer Strikers**, **Mansion Hill Mudslingers**, **Beverly Hillbillies** and **Chevy Chase Fighting Rougets**, the latter dropping out during September. For the 2nd straight year **Mansion Hill** found themselves in a tie, this time with **Rensselaer**. **Beverly**, despite an in-season acquisition of All Star **Ken Griffey**, finished 1 game behind and out of the playoffs. **Striker Darin Erstad** won the batting title at .376 and led the league in Hits (259), both franchise records. **Rensselaer** also had five different pitchers with 11 or more Wins and not one, but two effective stoppers in **Derek Lowe** and **Mariano Rivera**, both with 27 RPs. **Mansion Hill** had the 2nd best pitching in the league, led by **Brad Radke** (20-11) and **Bartolo Colon** (19-6). **Colon** set franchise records for Strikeouts (272). **X-Slinger Cristian Guzman** led the league in 3Bs (22), setting a new franchise record as well. **Rafael Palmiero** set a franchise record with 109 BBs. **Beverly's Jason Giambi** led the league in OBP (.471) and BBs (139), also setting franchise records. **Beverly** tied a TML Record for having 11 different players with 10+ HRs.

Gehrig Division

This was the TML's weakest division in history. After the Summer Stretch, the **St. Cloud Power Loons** by going 15-15 in the Stretch, "jumped" into 1st place, with a 57-61 record! **St. Cloud** went 26-16 in divisional play and took the division. **Toxic Waste** went 25-17 in divisional play to finish at 80-80, setting a TML Record for the worst record of any playoff team ever! **St. Cloud's Vladimir Guerrero** was the TML HR Champ, with 59 and led in TBs (455), both franchise records. He also set a **St. Cloud** record with 169 RBIs. **Toxin Mark McGwire** had a super-human half-season, playing only at home, batting .415 and slugging 1.033. His 49 HRs (in just 78 games) made him the TML career leader in HRs, with 563. **Toxin Greg Maddux** set a franchise record, giving up a league leading 340 Hits. Six teams gave up 1000+ Runs, four from the **Gehrig**. **Toxic Waste** is the first to score and give up 1000 Runs in the same season! **Rockford's Barry Bonds** set a franchise record for HRs (58) and SLG (.722).

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 44 Occupation: Financial Analyst

The Season Story

Albany's offense was the story this year, breaking many TML team records. Matt Lawton broke the TML record for runs scored and Jim Edmonds finished with 203 runs created, second all-time in the league. Jose Valentin (143 runs, 128 RBIs) and Dean Palmer (123 runs, 132 RBIs) were super. The offense rolled to 1210 runs and covered up a pitching staff whose starters were suspect beyond the magnificent Pedro Martinez (24-3). In an era of softball scores, Martinez may have had the finest season in TML history. His 1.71 ERA was 3.32 below the league average pitching in the Minnesota Homerdome. His 12 shut outs tied the league record. Unfortunately, beyond Pedro the staff was suspect although Nomo and Rusch ate a lot of innings. Albany's bullpen was dependable led by closer Jose Jimenez, Mike Remlinger and Matt Herges. But the Achilles Heal was lack of depth at starting pitching and it was exposed in the playoffs by a fine Walla Walla team. All in all however a nice season full of good memories.

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 32 Occupation: Research Assistant

The Season Story

So close and yet so far. After a poor first half, the Hillbillies responded with a strong second half only to fall one game short of the playoffs. The team was propelled offensively by Jason Giambi, Jeff Kent, Adrian Beltre, Will Clark. A big mid-season trade to bring over Ken Griffey helped but was not enough to get to the promised land. The pitching was pretty good led by Scott Elarton, Ryan Dempster and Tony Armas Jr. The team is still young and a big year is expected next season.

CHETICAMP Micmacs

Manager: Eric Rogers (Barbara)

Age: 43 Occupation: Meteorologist

The Season Story

Like most meteorologists (current commissioner excluded, of course) my prediction of a 73-87 season was off the mark. The pitching was horrible, as expected, all starters except Milton were at least 0.5 runs over their real-life ERA. Offensively, the team was average (.279 vs the leagues' .280). Lankford had great numbers for a part-time player; his .699 SA would have placed him third in the league if he had enough plate appearances, in spite of having only 4 less whiffs than hits. The Big Hurt had a fine year (51 2B, .338 BA) but his 24 HR (43 in real-life) was a disappointment, and he had to get hot in the last month of the season to crack 20. (I'd blame Diamond Dreams but why kick a dead horse!). Next year, better pitching, worse offense. Prediction : 71-89 (and 63 inches of snow in Albany, 22 in DC).

CHEVY CHASE Fighting Rougets

Manager: Craig Tyle (Laura Westly)

Age: 41 Occupation: Lawyer

The Season Story

The Rougets started out fast, and were the early leaders in the Gatto Division, largely on the strength of their pitching. Eventually, however, reality set in, and a lack of depth and overall punch proved to be their undoing. The Rougets eventually settled into 4th place, ten games over .500, but twelve off the pace. Individual highlights: sophomore Carlos Lee (.325, 32 HRs, 109 RBI), Bernie Williams (.323, 22 HRs), Roberto Alomar (.314, 111 runs), rookie Jay Payton (.335, 18 HRs, BUT 0-for-7 stealing!), and "supersub" Denny Hocking (.295). Jon Lieber led the staff with 19 wins, and Armando Benitez picked up 42 saves.

CRIMEA River

Manager: Mike Short (Monica)

Age: 46 **Occupation:** Computer Web Designer

The Season Story

Crimea, behind a strong, balanced offense and deep starting pitching, posted one of the top five seasons in TML history, winning 117 games. The River scored over 1000 runs from the first time in franchise history, while leading the TML in ERA for the ninth time in the last 15 years. Randy Johnson (24-5; 2.84), Mike Mussina (22-5; 3.32) and Mike Hampton (20-8; 3.80) were the 20 game winners, and rookie Kaz Sasaki was the league's co-Fireman of the Year with 46 saves (tied with former Riverman Trevor Hoffman). Offensively, nine players scored more than 80 runs, led by Justice with 114, and seven drove in more than 80 runs, led by Justice with 136. Garciaparra and Thome breached the century mark in both categories. Crimea lost in the conference finals to a Walla Walla club that gave them fits all year. Next year's team projects to erratic but good offense, two phenomenal starting pitchers and a killer bullpen -- look for 100 wins again.

DANNY WAY Diamonds

Manager: Mark Hetterich (Connie)

Age: 54 **Occupation:** Instructional Designer

The Season Story

Jeff Bagwell, Chipper Jones, and Shawn Green led a potent Danny Way attack in 2000. Bagwell had 220 hits, .351 average, 146 runs, 49 home runs, and 138 RBI...a definite MVP type season. Jones hit .318, scored 108 and knocked in 121. Green had 202 hits, batted .307, and scored 126 runs. Pitching was the weak point of the team. Hudson had a nice year, winning 15 games with a 3.89 ERA. All the other starters were terrible. The pen was even worse. Shaw, the Diamond's closer had a 7.71 ERA with 13 blown saves and 7 losses. The pitching can only get better next year. Looking forward to the TML's 2001 season with a new game.

EAST GREENBUSH Wildcats

Manager: Chris Gaige

2002 Team Name Change

Age: 14 Occupation: "Fun Loving Kid"

Mudville Nine

The Season Story

It was a frustrating season for the re-located Wildcats. Management was late with everything and last minute arrangements did not sit well with the players. The Wildcats remained in the hunt for quite a way into the season, but Albany and Crimea were too tough to catch. Once out of the race ... the team "folded" down the stretch. Steve Finley was the Team MVP, hitting .307, scoring and driving in over 100, while leading the team in most offensive categories. Rick Helling was the pitching ace, putting up a 17-10 record. Trevor Hoffman was solid as the closer, earning 43 saves (46 RPs) and posting a 1.51 ERA. The team will re-locate again in 2002 ... this time under the reigns of returning veteran manager, Bill Graham.

GHOSTWOOD Pine Weasels

Manager: Kevin Tyle

Age: 37 Occupation: System/Network Admin./Meteorologist

The Season Story

The wheels came off the Pine Weasels' train late in the year as we embarked on a rebuilding phase. We hit bottom with a seven-game sweep at the hands of Mansion Hill. Notable bright spots were Mike Sweeney, Juan Gonzalez, and Bobby Higginson on the offensive side; pitching was mediocre at best. Hopefully the youth movement will begin to pay some dividends beginning next year.

MANSION HILL Mudslingers

Manager: Mike Cempa

Age: 37 Occupation: Meteorologist

The Season Story

The Mudslingers had a slightly better season than anticipated. This was due mostly to the fact that many of the role players contributed beyond expectations. We did, however, live and die by the pitching. When it was good, which happened more often than not, we generally won, but when it went bad, it was really bad. We hope to have Bartolo Colon pitch in Shea Stadium as long as he wants.

MORDOR Marauders

Manager: Phil Schumacher (Cindy)

Age: 35 Occupation: Meteorologist

The Season Story

Mediocrity reigned in Mordor this year. The Marauders began a slow rebuilding process as several stars have begun to reach the downside of their career. This led to decreased offensive output while the pitching staff provided batting practice for many teams. Only two pitchers managed to have an ERA of less than 4.00 with opposing teams hitting 181 HR off the Marauder pitching staff. The only bright spot was the consistency of Bob Wickman who had a 2.86 ERA and 37 saves. Andy Pettitte managed to get 15 win despite coming down with a case of whiplash as he allowed 30 HR. On the offensive side of the ball, Todd Zeile had a career year leading the team in slugging (.517), 2B (39), RBI (95) and HR (24).

OKLAHOMA Supercells

Manager: Mark Plate (Michelle)

Age: 36 Occupation: Meteorologist

The Season Story

2001 was a mediocre season for the Supercells as they struggled to a 76-84 record. No one position player had a standout year, although Magglio Ordonez, Jermaine Dye, and Randy Velarde all had solid seasons. Steve Sparks was the surprise of the pitching staff, compiling a 12-1 record with a 3.53 ERA. Curt Schilling also had a solid year, but John Wetteland struggled as the closer amid rumors that this may be his final season.

The Season Story

Let's see.... it didn't start well ... it didn't end well, but it was a lot of fun. Highlight of the year was beating Pedro twice. Even the good die young, as it were. Looking forward to the changes for 2001. Diamond Dreams served us well and, if there had been someone with half a brain and a slight dash of people skills at the top, well who knows. I feel badly for Mike Short as he did everything he could to balance off the evil twin, but, well let's look ahead. Mike Landin - superb job on the yearbook. Roy Gorham, I am going to miss you! Matt Pertierra, I love you! Excelsior!

The Season Story

How dare Colonie try to beat me! How dare Albany! Oh yeah, they did!! I had fun with my team but High School has caught up to me and I have been advised by my father that I have to cut back. I hope I can come back someday as I had a good time especially kicking my Dad's butt. Thank you Mr. Landin for being patient with me.

The Season Story

It was like a book that really had a great story in the first several chapters. It was really exciting. The surprises were many. A new character would appear and perform some magic almost every night. But like many books that start out well and start to drag about halfway through, that's what happened with this one. The characters that were spinning spells had lost their touch and the book was becoming a tough read. I continued on hoping that it would recapture its wonderful beginning but it did not. The ending was not what I expected after that wonderful beginning but overall it was a pretty good read. (P.S. Maybe the sequel will have a better ending.)

RENSSELAER Strikers

Manager: Joe Nocera

Age: 27 Occupation: Scientific Programmer/Meteorologist

The Season Story

After years of playing .500 or worse ball the Colonial franchise moved to Rensselaer, became the Strikers, and finally had a winning season. Johnny Damon (43 SB), Darin Erstad (.376/27/120), Tim Salmon (.305/23/126), and Sammy Sosa (.290/32/117) powered the offense. The pitching staff posted a TML 5th best 4.36 ERA led by the dominating Mariano Rivera (2.12/23 SV) and Derek Lowe (21 SV) in the bullpen and a makeshift 6-man starting rotation. Even after winning 96 games, a post-season playoff birth came down to the final game of the season at Beverly. The Strikers were able to pull it out and were propelled all the way to the TML World Series where they succumbed to mighty Walla Walla.

The Season Story

Not much to say. Our pitching was pathetic at best with a team ERA of 5.85, but yet we scored 6.25 runs a game. No wonder we almost 500. Psycho man Rocker continues to be exciting every time he came in. Manny Ramirez and Barry Bonds continue to be the life blood of RO. Hopefully we can find some pitching next yr. Well since I live in Chicago we are used to saying "Wait till next year."

ROCKY MOUNTAIN Chinooks

Manager: Jeff Chapman (Sally)

Age: 35 Occupation: Meteorologist

The Season Story

A riddle for you...what do you get if you have the second worst batting and the third worst pitching (both are openly up for debate) in the league? **THE SECOND WORST RECORD!** You wanted to find the Millennium disaster...it was on the field right here under the lights. Maybe it could have been different... a league high 57 one run games in which the Chinooks posted a miserable 16-41 record. How did this team end up 10-8 in extra innings? Probably just wanted to get home. Sheffield was again Team MVP (or should that be LSP...least *sucky* player?) with 43 HR. What can you expect from a pitching staff with one above .500 pitcher, who manages to trash his arm in the final game of the season? Stay tuned..

'SKAYUNA Squires

Manager: Hank Pedicone (Eileen)

Age: 51 Occupation: Attorney

The Season Story

It was another frustrating season for the Squires, but with a few glimmers of hope. One of the highlights was a 4-3 series win at powerhouse Crimea late in the season, a bizarre experience, to be sure. For the first time in a while, though, the team's season ERA was BELOW the league average, although not by much. With the real-world Squires' pitching improving in the 2001 season, and the normally good offensive numbers posted by Squires hitters, the better side of .500 is again a reasonable prospect.

ST. CLOUD Power Loons

Manager: Bob Weisman

Age: 41 Occupation: Meteorology Professor

The Season Story

Saint Cloud was a vintage late 1970's Boston Red Sox team. SP was second in hitting and had team record production from Vladimir Guerrero. The combination of Guerrero, Brian Giles, Carlos Delgado, and Derek Jeter were all over the bases. The only problem was the incredible number of double plays the team hit into. None of this would have been an issue if SP didn't have a Beer League pitching staff. Unlike those Red Sox, that combination does not produce 90 wins in the TML. In fact, it produced 83 wins. SP did not finish a month with an above .500 record until September. However, thanks to the "Gong Show" division SP was in, the 2001 Loons go down as the first-ever division winner in franchise history and the 3rd best winning percentage. This says more about the sorry franchise rather than anything good about this year's team.

The Season Story

Last in the league in runs scored, last in runs allowed and last in wins made for a laboriously long season for the Kings in 2000. The lack of serviceable pitching was the primary cause of a TML-AL league leading 111 losses. Jose Lima's amazing run of bad luck (0-22, 8.02, 42 hr, 25 gs) set the tone for SO. Youngsters Seth Etherton (4-15, 7.98, 49 hr), Rick Ankiel (6-13, 6.39) & Bronson Arroyo (5-15, 7.20) followed suit. On the plus side, several hitters showed promise. Bob Abreau (.298, 18 hr), Pat Burrell (.268, 16 hr), Einar Diaz (.298) and Tori Hunter (.276) established themselves as a solid core group to build around. Veteran David Segui (.298, 89 rbi) won the club MVP award, while young 2B Al Soriano (12 hr, 7-7 in steals) showed flashes of brilliance that bode well for 2001.

The Season Story

This team was literally on "auto-pilot" all season. Their field manager "jumped ship" only days before the season began. Many times during the season the question "Who's in charge around here, anyway?" kept coming up. This was a prime example of a team ... loaded with good players ... that could not play together as a team. Late in the season, it was announced that the team would be re-located and above all, would have new management at all levels. The players responded to this good news by putting on a spurt at the end ... winning enough games to keep out of last place, but not enough to keep them out of the Lottery Draft. With some leadership, this team can be competitive in the near future ... as near as 2002.

TOXIC WASTE River Rats

Manager: Mike Landin (Teri)

Age: 48 Occupation: Meteorologist

The Season Story

The Toxins moved into their "new" stadium this season ... "The Waste Dump" ... (aka, Coors Field). Greg Maddux immediately demanded to pitch on the road as much as possible. On the other hand, slugger Mark McGwire saw nothing wrong with the new park. Playing exclusively at home, "Big Mac" posted a lofty 1.033 SLG, while batting .415, with 49 HRs in just 78 games! This made him the career TML HR leader, with 563 HRs. (While the team was on the road, "Big Mac" did "fix-up" work around the "Dump".) Newly acquired Mark Quinn, just a "baby" by current team standards, was in the batting race all season, ending up at a .357 AVG. Jeromy Burnitz and Jay Bell completed the quartet of 100+ RC men. During the Summer Stretch, Brian Hunter stole 2nd, 3rd & home during one inning ... twice ... once each against 'Skayuna and Albany. The pitching "ace" turned out to be a surprise in Dave Burba, going 20-10. Maddux could only post a 15-15 record, thereby ending his 20-win season streak at 8. Lucky for the Toxins, an 80-80 record was good enough to get into the playoffs, only to be embarrassed by Rensselaer. This marks the end of a 22-year fling with success. The team has gotten very old. Only high school and college kids need apply. (Are Little Leaguers eligible?)

WALLA WALLA Wombats

Manager: Bryan Sakolsky

Age: 34 Occupation: Financial Advisor

TML Champion

The Season Story

WW had their first dominating season in awhile, memories of the teams of old, and most players just as old. Paced by a pitching staff that feature four (4) 20 game winners: Kevin Brown (28) and Al Leiter, Tom Glavine and Gil Heredia all with 20 wins each, the Wombats ran away with the division by 21 games. The offense was led by Mo Vaughn .299 51HR 154RBI, Troy Glaus .280/40/113 and a partial season out of Ivan Rodriguez .320/29/78 in only 101 games. Probably biggest surprise was the output of Rodriguez and his two backup Tom Lampkin and Mike Redmond, combining for .316 36HR 107RBI, not too mention superb handling of pitching staff. Despite the 3rd best record in TML, the Wombats stunned everyone and took home our third TML World Series, it was a great year. The team is getting long in the tooth, so this current squad may be the last WW division winner for awhile.

WORCESTER Terminators

Manager: Roy Gorham

2002 Team Name Change

Age: 25 Occupation: Engineer

Santa Rosa Sounds

The Season Story

After three straight last place finishes, the Terminators had a respectable season, finishing third. Todd Helton was the team star, batting .345, with 55 doubles, 40 HRs, 164 RBIs, 124 Runs, 96 Walks, and 175 RCs! Certainly an MVP-type season! Aiding Helton in the lineup were Brady Anderson and Eric Chavez, both with over 100 RCs. When you add in Mark McLemore, these four players accounted for half of the season total runs! The pitching was the sore point with the team this year, putting up a high 6.12 ERA. No starter was a sure bet, but Jim Parque and Freddy Garcia did post winning records. Jason Isringhausen was a shaky "stopper" out of the pen and did garner 26 saves. The team is re-locating south to Florida. Maybe the warm weather and nearby surf will be what this team needs.

Stat Key

Below you will find some explanations on a few stat categories:

RC: runs created ($RC = [A \text{ times } B] \text{ divided by } C$), where,

$$A = H + W + HBP - CS - GIDP$$

$$B = TB + .26 \times (TBB - IBB + HBP) + .52 \times (SH + SF + SB)$$

$$C = AB + TBB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS: quality starts; the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or less.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

🏆 - TML Record

🏆 - Tied TML Record

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a dot (•) indicates that the player or pitcher tied for the lead in his Association in that stat category.
