The Major League

TML 2001

By Mike Landin

Our 23rd season, the first with **Diamond Mind**, began with a short exhibition season. This led to a very smooth operation here at TML Central for the inaugural season. There was more rearrangement of teams and managers. The Chevy Chase team was moved to British Columbia and named the Northern Force, only to be left "holding the ball" at the start of the season. The team was run by TML Central all season, as our version of MLB's Expos.

In keeping with tradition, here are the members with at least 10 years of membership in the TML: **Mike Landin**(23), **Mark Hetterich**(20), **Mike/Tom Kopp**(20), **Bob Weisman**(20), **Eric Rogers**(18), **Mike Short**(17), **Bryan Sakolsky**(17), **Bill Graham**(15), **Hank Pedicone**(13), **Mark Plate**(12), **Pat Barry**(11) and **Jeff Chapman**(10). The TML wishes a fond farewell to **Joe Steinmetz**(21) and **Craig Tyle**, as well as to **Phil Schumacher**(10) who resigned prior to the season beginning. A TML welcome is extended to **George Mowry**, and to **Bill Jelks**, who was last seen in TML back in 1990.

The Year In Review

TML01 saw the **Rockford Radar** and Manager **Mike Kopp** win their first TML **Championship** on their 2nd trip to the TML World Series. In the first round of the playoffs, **Rockford** swept **Mansion Hill**, but ran into a buzz saw with **St. Cloud**, having to win Game 7 in the bottom of the 13th inning! It did not get any easier in the **World Series**, as **Rockford** and **Danny Way** fought to a Game 7, won by the Radar 1-0 behind pitching Ace Greg Maddux! **Danny Way** was shutout in the final two games, having been shutout only 2 times all season! **Danny Way's** path to the World Series was surprisingly less stressful, as the **Diamonds** defeated both **Albany** and **Crimea** in 5 games. Perhaps the stunner of the playoffs was **St. Cloud**, down 3 games to none (and down 3-0 in Game 4 after 7 innings) against **Beverly** and their TML best 111-49 regular season record. **St. Cloud** came all the way back to win the final 4 games of the playoff and advance to the Atmospheric Conference Final. **St. Cloud** was even down 6-1 after 6 innings of Game 7, winning 8-7. Congrats to both **Mike K.** and **Mark!**

Gehrig Division

The **Rockford Radar** won the division gate-to-wire, but really pulled away from the pack in June, going 26-8. The **Radar** were led by *Player of the Year*, **Barry Bonds**, who set TML records for slugging (.862) and walks (172), of which 50 were intentional. **Bonds** was also only the 5th player to ever break the 200-RC mark (201). **Bonds** also socked 72 HRs (only 3 short of the TML Record) and Teammates **A-Rod** and **Manny Ramirez** both socked 45 HRs. However, the **Radar's** strength was in their front line pitching, led by a pair of 22-game winners in **Greg Maddux** and **Carl Mays**. For Maddux, it was his 9th 20-win season and his 11th straight season, with at least 15 wins ... and now is the TML career wins leader, with 270. *Fireman of the Year*, **Felix Rodriguez** notched 43 SVs and 51 RPs for **Rockford**. **Oklahoma** went 29-14 over the final two months to pull into a tie with **St. Cloud**. A 1-game playoff was won by **St. Cloud**, 3-1. **Oklahoma Ace Curt Schilling** went 18-13, with a 2.78 ERA, 20 CGs, 8 Sho and 327 Ks. **St. Cloud** had 4 players with 30+ HRs. **Rocky Mountain** moved into 2nd place at the end of June, but played sub-500 ball the rest of the way and dropped to 4th. **Cheticamp** lost 100 games, but still finished 30 games ahead of **Toxic Waste**, who set the TML Record for losses with 130. Having an anti-career year, **Toxin Darren Oliver** went 2-30, with an 8.35 ERA. **Mark McGwire** blasted 34 HRs to retire as the TML HR Career Leader, with 597 HRs.

Ruth Division

The **Danny Way Diamonds** and the **Walla Walla Wombats** tussled all year long and ended up in a tie at 102-58. **Phoenix** played steady ball all season, but was unable to put any real pressure on either of the top two contenders. **Danny Way** had one of TML's top offenses, with a league-leading .291 avg. A total of five **Danny Way** players had over 100 RCs. **Diamond** **Tim Hudson** led all pitchers at 23-7. Somehow, **Diamond** relief "ace", **Danny Graves** saved 25 games, while posting an astronomical 6.14 ERA. (Stopper?) The defending champs, **Walla Walla**, had a more balanced offense this season and the top winner on the pitching staff was **Al Leiter** (16-8). **Wombat** **Troy Glaus** batted only .227, but had 103 RCs! **Phoenix** was led by **Rich Aurillia**, who had a solid season, scoring and driving in 100+. **Santa Rosa** managed a winning season at 81-79, with **Philadelphia** and **Hialeah** at the bottom of the pack. **Philly** ace **Roger Clemens** had an off-year, but still added to many of his career leading stat totals. **Hialeah** star rookie, **Ichiro**, led the TML in hits with 227. Part-time **Wombat** **Rickey Henderson** extended his TML record of 23 consecutive seasons with the same team.

Robinson Division

It was almost "business as usual" in the Robinson as the **Crimea River** and **Albany Avalanche** came out on top. **Crimea** slowly built up a solid lead, while **Albany** held off 'Skayuna, who finished 3rd, only 5 games out of the Wild Card. The rest of the division was never really a factor. *Pitcher of the Year*, **Crimea's Randy Johnson** went 21-6, with a 2.99 ERA and led the TML in Ks, with 351. This was **Johnson's** 3rd *Pitcher of the Year* award and the 7th time he has fanned over 300 in a season, and has done so over the past 4 seasons! Teammate **Mike Mussina** posted a 19-7 record and a 3.31 ERA. **Billy Wagner** and **Kaz Sasaki** combined for 36 saves out of the bullpen. **Crimea's** offense was not to be overlooked, scoring 871 runs, led by **Jim Thome's** 54 HRs and 131 RBIs, both franchise records. **Albany** barely finished over .500, but it was good enough for 2nd place. The pitching was adequate, but the offense kept the team in many games. Their top bat was **John Olerud**, with 203 hits, 24 HRs, and 130 RCs. 'Skayuna's star rookie **Albert Pujols** had an awesome season, socking 35 HRs, scoring 102 and driving in 114. Teammate **Roger Cedeno** led the league in SBs with 56. Young **Sean Casey** was the star for **Cortland**, batting .338, with a team leading 90RCs. **Paul Konerko** and **Larry Walker** had fine seasons for **New York**, but the team need more. **Mudville** avoided losing 100 games, thanks in part to **Moises Alou**.

Gatto Division

The **Beverly Hillbillies** cruised to the division title, with a TML league best record of 111-49. Their nearly perfect season was ruined by their stunning collapse in the 1st round of the playoffs against **St. Cloud**. The Gatto Wild Card was a scramble, with **Mansion Hill** once again surfacing from the pack, as only 5 games ultimately separated the four remaining contenders. The star for **Beverly** was Player of the Year runner-up, **Jason Giambi**, who led the TML in batting, with the 7th highest average in TML history at .377. **Giambi** also led the TML in runs scored (164), 2Bs (64) and Runs Created (215), the latter being the 2nd highest total in TML history! Teammate **Sammy Sosa** clubbed 62 HRs and led the TML in RBIs, with 173. As a team, **Beverly** led the TML in many offensive categories, setting new TML records for HRs (293) and Slg. (.524). **Mansion Hill** led the TML in pitching (3.53), including TML ERA leader, **Javier Vazquez** (2.30), who threw TML's only no-hitter of the season.. For **Glenmont**, youngster **Kerry Wood** (14-3) held opposing batters to a league low of .198 avg. Teammate **Tony Gwynn** ended his career, hitting .333 this season and a TML career leading 3,362 hits. **Rensselaer** led the TML in fielding (.987), with only 81 errors. **Chevy Chase** was in the Wild Card race late, but their bullpen blew too many opportunities (17 losses, 21 BSs). For **Ghostwood**, the trio of **Juan Gonzalez**, **Mike Sweeney** and **Bobby Higginson** could not carry the team, due to inconsistent pitching and a general lack of a "stopper" in the pen. The late-season acquisition of **Eric Gagne** for next season will solve that problem.

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 45 Occupation: Financial Analyst

The Season Story

Albany, in general, underperformed, but still had enough horses to hold off a pesky Skayuna team. Albany enjoyed fine pitching. Mark Buehrle, Hideo Nomo and Bartolo Colon admirably filled the void of the oft-injured Pedro Martinez. The bullpen was solid as well, but the lack of a real hammer in the pen would prove costly against Danny Way in the playoffs. After breaking most of the TML records for hitting in 2001, the Avalanche offense too often times were left spinning their wheels. John Olerud had another fine year. Carl Everett chipped in a .542 slugging percentage in 450 at bats. Jim Edmonds and Raul Mondesi put up numbers that, while decent, disappointed. Next year we expect the hitting to rebound and the pitching to maintain or better its fine 2001 numbers. It'll be great to have Pedro back for 30 starts!

BEVERLY Hillbillies

Manager: Mike Dickinson (Andrea)

Age: 33 Occupation: Research Associate

The Season Story

What a year it was. We clinched our first division title (the franchise first since 1983!). Several Beverly hitters marched up the team's career leader lists. Jason Giambi enjoyed a monster season. Holdovers J. D. Drew, Cliff Floyd, Mark Kotsay, and Jeff Kent also enjoyed solid seasons. Newcomers Sammy Sosa and Phil Nevin packed additional power in the lineup. The pitching was a bit thin but all posted decent seasons. Brad Penny, Tony Armas, and Joel Piniero anchor the staff for next season. All the offensive records were for naught as we were eliminated in the first round (heart-breaking). The Hillbillies look to come back strong next season.

CHETICAMP Micmacs

Manager: Eric Rogers (Barbara)

Age: 44 Occupation: Meteorologist

The Season Story

Predicted 71-89, but instead the team hit the century mark in losses for the first time since they were the Firestone Parkers in 1984. The reason? Lack of a decent bullpen, an anemic offense, and a few starters like Eric Milton who underachieved. Best offense came from Boone and Dunn, while Woody Williams had a decent year. For next year, the offense looks to be a little better, but the starting pitching is worse (even with Odalis Perez) and the bullpen non-existent. Expect a 58-102 record (sorry, no snow forecasts in an El Nino year!).

CHEVY CHASE Fighting Rougets

Manager: Craig Tyle (Laura Westly)

2003 Team Name Change

Age: 42 Occupation: Lawyer

Northern Force

The Season Story

The Fighting Rougets finished only 2 games under .500 and were in the Wild Card race nearly all season long. The offense was led by the ever steady Bernie Williams, who led the team in batting (.315), HRs (25) and RBIs (82). Roberto Alomar was also a major player, leading the team in Runs (84), Walks (96) and SBs (33). Mark Mulder was the Ace starter, going 18-6, with a 3.16 ERA. The problem was in the bullpen, as Armando Benitez (4-7, 9 BS, 4.45) and Mike Williams (2-4, 7 BSs, 4.92), failed to nail down many potential victories. It would have only taken a half-dozen saves to have put the Rougets into the playoffs. A new location and new leadership is in store for 2003.

The Season Story

Made it through my first year generally unscathed. I like to trade more just haven't found the time. My pitching fell through and looks worse for next year. All in all an enjoyable season.

CRIMEA River

Manager: Mike Short (Monica)

Age: 48 Occupation: Webmaster

The Season Story

The River played indifferent baseball through May, with Jim Thome carrying the load, but Randy Johnson caught fire after Memorial Day, the Crimea pulled away for a comfortable division win. Thome set franchise records for home runs (54) and walks (137) and led the team in runs (123) and RBIs (131). Lance Berkman slept until summer, but finished strong. Randy Johnson won at least 20 for the seventh time (21-6), and Mike Mussina had a fine year (19-7) while giving up more home runs (33) than walks (30). The River finished third in runs scored, and third in runs allowed during the regular season. No team topped them in other categories. The elimination of defending champion Walla Walla was the highlight of the season. The failure to show up for Danny Way, and *Diamond Mind Baseball*, were the lowlights. Watch out next year: same offense, better pitching.

DANNY WAY Diamonds

Manager: Mark Hetterich (Connie)

Age: 55 **Occupation:** Instructional Designer

The Season Story

The Diamond's offense led the team to 102 wins and a berth in the TML World Series. It was led by Shawn Green, Chipper Jones, Jeff Bagwell, Shannon Stewart, and Carlos Beltran. The Diamonds led the league in hitting at .291 and in triples with 49, and was second in runs scored, averaging 6 per game. Frank Catalanotto was an offensive surprise, finishing 2nd in the league in hitting at .359 and 5th in OBP at .421. Green finished 2nd in RBIs at 154 and Beltran led the league in 3Bs with 15. Tim Hudson was the Diamond's best pitcher with 23 wins, leading the league. Rook Roy Oswalt chipped in with 13 wins and Journeyman Jamie Wright had 16 wins. Danny Graves led the team in saves with 25, despite a 6.14 ERA (Whew!). The Diamond's future looks bright with improved starting pitching (Padilla added to the rotation) and a much improved bullpen (6 players with ERAs between 1.89 and 3.18).

GHOSTWOOD Pine Weasels

Manager: Kevin Tyle

Age: 38 **Occupation:** Systems Administrator/Meteorologist

The Season Story

In general a disappointing season for the Pine Weasels. The offense was hindered by the ongoing lack of speed and good on-base men. Yet another injury-prone season by Juan Gonzalez also hurt. Mike Sweeney and Bobby Higginson had solid seasons. Despite a slow start, "My Cousin" Vinny Castilla contributed with many clutch hits and played a solid 3B. The pitching was hurt by the lack of anyone resembling a stopper. Newcomer Ryan Dempster was a big disappointment. Eric Gagne joined the staff in mid-season and similarly had some rough outings. The talk is he will be moved to the bullpen next year . . .

GLENMONT Haymakers

Manager: Dave Vollaro (Sandy)

Age: 39 Occupation: Research Programmer

The Season Story

My 1st season in the TML and as manager of the Haymakers was a great experience. I had fun playing the games (especially face-to-face) and looked forward to examining the daily MLB boxscores to see how my guys performed in real life. Unfortunately, sometimes real life and life in the TML isn't what it's cracked up to be....My pitching was strong, but most of my guys couldn't hit their way out of a paper bag! A bright spot was Tony Gwynn ending his career on a high note, leading the team w/a .333 average. A low spot was Mike Darr dying before the season began. Oh well, there is always next year.

HIALEAH Thoroughbreds

Manager: Doug Grahm (Donna)

Age: 41 Occupation: Programmer

The Season Story

The Thoroughbreds went through a tough initial season in Hialeah. The bright spots were few and far between. Ichiro managed to keep things exciting finishing in the top ten in batting, but not much else was there for fans to cheer. The pitching was not good at all as youngsters Beckett and Kennedy provided little in the way of wins. But there is hope for the future with this team and the boys down south are looking forward to 2003.

The Season Story

It was a season to forget. Our goal was to avoid 100 losses and we achieved that losing a mere 98 games. This is definitely a team to be rebuilt. What I remember most though is how tough it is to play 14 games against guys like Mike Short, Pat Barry and Hank Pedicone, yet how much fun it is, too. I'm glad I only have to play most of you 10 games a season. It's good to be back.

The Season Story

Honestly, not much to say here. What can you say about a team that performed down to the level of its ability? Great indication of the aptitude of the TML founders. What a record!!!! It was a lot of fun and I am really glad we made the move to *Diamond Mind*. It is not perfect, but, to me, it gets better and better to work with. Dodger Stadium really killed Larry Walker, but I would make the trade again in a minute. Great job Mike and Mike!

OKLAHOMA Supercells

Manager: Mark Plate (Michelle)

Age: 37 Occupation: Meteorologist

The Season Story

Oklahoma got off to a quick start this season, but stumbled a bit during the middle part of the year. A strong finish enabled the Supercells to tie for 2nd in their division, but they lost a 1 game playoff to St. Cloud to determine the final playoff berth. Starting pitching was the strength of the team this season, led by Curt Schilling. However, a mediocre offense often wasted great efforts by Schilling and other starters on the team. The bullpen was also a weak spot, with no real closer much of the season. John Franco performed best in the closing role, but was not as dominant as he had been in his younger years.

PHILADELPHIA Blue Jays

Manager: Joe Steinmetz (Margarit)

2003 Team Name Change

Age: 63 Occupation: Retired

Philadelphia Phillies

The Season Story

The Blue Jays fell on hard times this season, finishing only 5 games out of last place. The pitching was outstanding, with a 3.93 team ERA. There was just not enough offense to support the pitching. The 637 runs scored was the second worst in the entire TML. Even Roger Clemens ended up with a losing (10-13) record, despite a solid 3.27 ERA. The bullpen was especially strong, with a combined 2.82 ERA. Roberto Hernandez was the stopper, notching 28 saves and posting a 1.69 ERA. Long time manager Joe Steinmetz announced his retirement shortly after the conclusion of the season. Changes are in store.

PHOENIX Mystique

Manager: Dave Pittner (Francesca)

Age: 49 Occupation: Director of Human Resources

The Season Story

Phoenix's entree into the TML American was fairly successful. In the playoff hunt for most of the season, the franchise was happy with the move to Phoenix and is building a fan base there. Led by Luis Gonzalez and Rich Aurilia, the team featured balance with good pitching, (finishing second in the league), good hitting (finishing fourth) and good defense led by Mike Cameron in CF. The pitching featured Randy Wolf, Russ Ortiz, and a surprising good year from Todd Ritchie. The bullpen was strong with closer Jeff Zimmerman saving many a game. In 2003, the team continues to trade to build the team in Manager/Owner Dave Pittner's mold. It was great to enjoy my first TML American season.

The Season Story

It was a rebuilding season for Rensselaer. Due to the lack of competitive teams in the Gatto Division, besides Beverly, we were able to stay in the playoff hunt for most of the season. With 14 games left we were only 1 game out of a playoff spot, but alas bad managing cost us and we choked away our chance to get slaughtered by Rockford. There are high expectations for next season and if we don't come through with a championship heads may roll.

The Season Story

I first want to thank Tom Kopp for putting together this Team. Where to start, The M & M boys(Maddux & Mays) were phenomenal going 44 & 12 in the regular season. F.Rodriguez solidified the bullpen with a league leading 43 saves and an ERA of 1.33. On offense the middle of the lineup pretty much carried the team. Bonds 72 hr's A. Rod and Ramirez with 45 each. The post season proved to be heartstopping. Winning the division and the W.S, in 7 games and both in extra innings. It has been a magical year for Rockford. For once in Chicago The words "wait till next year" no longer apply. It was the most exciting year ever.

ROCKY MOUNTAIN Chinooks

Manager: Jeff Chapman (Sally)

Age: 36 Occupation: Meteorologist

The Season Story

On the surface, the Chinooks were the average TML team. However, someone forgot to add the Chemical X to give Rocky Mountain players the necessary power, with only 3 players reaching the impossible to conceive 10 HR plateau. After an intense storm caused irreparable damage to Chinook Stadium early in the season, the Chinooks were forced to blow out of town and finish up at the former Mordor Marauders training facility. Any wonder they were 45-35 on the road, and 33-47 at home? It was wild times though, with Sabathia leading the league in walks, and Sexson keeping the fans comfortably cool with a TML Top 190 K's. At least skipper Chapman held him out of the lineup for a couple weeks. With most of the starting pitching devastated by injury for next year, MVP Sheffield was overheard threatening to remove his no trade clause. However, the legislature was held hostage for new \$1B stadium package, despite commissioner Landin calling the team an aberration!

'SKAYUNA Squires

Manager: Hank Pedicone (Eileen)

Age: 52 Occupation: Attorney

The Season Story

The Squires gave the fans an unexpected thrill this year, making a run at second place. Unfortunately, the Squires' traditional weakness in pitching caught up with them down the stretch. I'd like to blame it on the new game, but the horses just weren't there (or maybe WAS horses... or horse-something!).

SAINT CLOUD Power Loons

Manager: Bob Weisman

Age: 42 Occupation: Meteorology Professor

The Season Story

Too many people got all kinds of neck and back spasms watching the Loons. Balls migrated over the outfield fences at an incredible pace for both teams. In the TML, this added up to a streaky, near .500 season. The streakiness continued as Loons limped into a one-game playoff for the bottom playoff spot. The Loons then dropped the first 3 games versus Beverly and trailed by 3 runs in the bottom of the 8th inning of Game 4. The Loons rallied to win Games 4-7 and take the series. Then, the Loons ran out to a 3-1 lead in games against Rockford before blowing the last 3 games, two in extra innings. Still, the playoff run quadrupled the number of post-season wins in franchise history.

SANTA ROSA Sounds

Manager: Bill Jelks (Lynda)

Age: 60 Occupation: Retired

The Season Story

The Sounds surprised first year manager Bill Jelks by posting a winning record of 81-79. Beset with outfield problems and lack of starting pitching depth, the Sounds improved over the course of the season thanks to a great bullpen led by Jason Isringhausen and Octavio Dotel and the steady all-around play of Todd Helton, Paul Lo Duca and Eric Chavez. Rookie hurler Casey Fossum was another bright spot, winning 16 games. While 2002 will be another rebuilding year, the future looks promising if the outfield woes can be sorted out and another reliable starter emerges.

TOXIC WASTE River Rats

Manager: Mike Landin (Teri)

Age: 49 Occupation: Meteorologist

The Season Story

An end-of-season sweep at Oklahoma left the Toxins with a TML record 130 losses on the season! The franchise had only one previous season with a sub-500 record in the 23 years of the TML and had never finished last. A series of questionable trades and poor drafting has left the team weak in all areas, including locker room attendant and parking management.. Darren Oliver put up a 2-30 record, joining fellow 20-game losers, Ryan Volgelsong and Aaron Myette. The bullpen set a TML record with 457 relief appearances, but only notched a TML record low 21 relief points. Mark McGwire announced his retirement at season's end, leaving as TML's all-time career HR leader, with 597 HRs. When Field Manager Biff Barnes was asked what he thought of leading the Toxins to such a season of futility ... he barked, "Stick it!" ... and stormed out of the press conference.

WALLA WALLA Wombats

Manager: Bryan Sakolsky

Age: 35 Occupation: Financial Advisor

The Season Story

It was a good season for Walla Walla. At mid-season the team seemed to be floundering and a major deal with New York propelled the Wombats into a first place tie with Danny Way. Unfortunately the lack of a one game playoff forced Walla Walla to settle for 2nd place and the annual dance with Crimea, this time a loss. Walla Walla was led by the catching trio of Ivan Rodriguez, Tom Lampkin and Mike Redmond, who combined for a .300-plus average with 33 HR & 117 RBI. The pitching staff had its poorest season in years, led by Al Leiter's 16 wins, and the bullpen was anchored by a sub-2.00 ERA from Rob Nen, with his 24 saves.

Stat Key

Below you will find some explanations on a few stat categories:

RC: runs created ($RC = [A \text{ times } B] \text{ divided by } C$), where,

$$A = H + W + HBP - CS - GDP$$

$$B = TB + .26 \times (TBB - IBB + HBP) + .52 \times (SH + SF + SB)$$

$$C = AB + TBB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS: quality starts; the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or less.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

🏆 - TML Record

🏆 - Tied TML Record

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a dot (•) indicates that the player or pitcher tied for the lead in his Association in that stat category.
