The Major League

TML 2002

By Mike Landin

Our 24th season, the second with **Diamond Mind** was another rousing success. The **Northern Force** franchise remained leader-less all season and was run by the league. (Not all that different than MLB's Montreal Expos.) The season saw **Barry Bonds**, with **602 HRs**, pass **Mark McGwire** (597) on the TML Career list for HRs. **Greg Maddux**, with **289 victories**, passed **Roger Clemens** (271). **Rickey Henderson** saw his streak of 23 consecutive seasons with the same team, **Walla Walla**, come to an end, as he remained in the minors early on and was then released. **Henderson** is still the TML Career leader in Runs (1994), Walks (1976) and SBs (1352).

In keeping with tradition, here are the members with at least 10 years of membership in the TML: **Mike Landin**(24), **Mark Hetterich**(21), **Mike/Tom Kopp**(21), **Bob Weisman**(21), **Eric Rogers**(19), **Mike Short**(18), **Bryan Sakolsky**(18), **Bill Graham**(16), **Hank Pedicone**(14), **Mark Plate**(13), **Pat Barry**(12), **Jeff Chapman**(11) and **Kevin Tyle**(10). The TML says goodbye to good friend **Jim Pertierra**, but welcomes back veteran **Joe Steinmetz**(21) who will take over the **New York** franchise. The TML also extends a warm welcome to newcomer **Enrique DeJesus**, who will take the reigns of the troubled **Northern Force** franchise.

The Year In Review

TML02 saw the **Walla Walla Wombats** win an unprecedented 5th **TML Championship**. For **Manager Bryan Sakolsky**, it was a **Record 4th TML Title** and a **TML record 7th trip** to the **TML World Series**. In the first round of the playoffs, **Walla Walla**, for the second time in three years, needed the full 7 games to get past **Albany**. Game 7 was a thrilling come-from-behind 4-3 win in the bottom of the 9th. The **Wombats** went on to sweep a suddenly punchless **Danny Way** squad, the latter having just upset the TML's best record team, **Crimea**, in a tough 7-game battle. **Walla Walla** found the Gehrig Wild Card **Oklahoma "Cinderellas"** (aka **Supercells**) to be a much tougher opponent, needing 6 games to wrap up the title. **Wombat Ivan Rodriguez** (.480, 12-25, 11 RBI, 5 2B, 3 HR) was a one-man wrecking crew in the **TML World Series**. **Oklahoma** reached the playoffs for the first time under long-time manager **Mark Plate** by first dispensing **Rensselaer** in 6 games. The **Supercells** then went on to down division rival **Rockford** in a rather quick 5-game series, to make it to their first ever **TML World Series**. Congrats to both **Bryan** and **Mark** for a great season!

Ruth Division

To no one's surprise, the **Walla Walla Wombats** and **Danny Way Diamonds** battled all year long, pulling away from the rest of the division. **Walla Walla** put up a 22-7 June and took over 1st place. The **Wombats** captured their 4th straight division title and posted their 4th straight 100-win season, both **TML Records**. **Danny Way** remained within 5 or 6 games through August, but ended up 12 games out. **Wombat Al Leiter** (25-3, 2.89) led a well balanced pitching staff, with **Rob Nen** (36 SVs, 1.20) a premier stopper in the pen. The **Wombats** had the TML's 2nd ranked offense, with a TML leading .290 team average. **Danny Way** also had a potent offense, with five players clubbing 22 or more homers. **Diamond Roy Oswalt** (23-6) led the staff, with a "bullpen-by-committee" racking up 37 SVs and a combined 2.58 ERA. **Philadelphia**, under new management, had a respectable season. **Philly Roger Clemens** went 9-9 and added to his TML Career totals, most notably in GS (580), IP (4409.2) and Ks (4053). One of the most improved teams in the TML, **Hialeah**, actually led the division at the end of April, but slowly faded to a 4th place finish. **T-Breds Pat Burrell** and **Bobby Abreu** had outstanding seasons and almost led their team to their first ever .500 season. **Phoenix** had a tough season, finishing near the bottom in team batting and pitching, and was last in defense (131 Es and a league-leading 89 unearned runs). **Santa Rosa** finished last, mainly due to a lack of offense. Team "leader" **Todd Helton** had an off-year, as **Eric Chavez** emerged as the top bat on the team. No **Sound** won 10 games, but bullpen ace, **Otavio Dotel** was close with 8 wins and 25 SVs, and a nice 2.45 ERA.

Gehrig Division

The Oklahoma Supercells were the TML's "Cinderella" team this season. Even though the Supercells were holding off Cheticamp and St. Cloud, they were never out of 2nd place at the end of each month of play. **Curt Schilling** (18-9), **Jarrold Washburn** (15-8) and **Tim Wakefield** (11-7) provided a solid front-line starting staff. The Supercell offense was not overpowering, but consistent and timely. The defending TML Champs, **Rockford Radar**, opened up 17-7 in April and never looked back! *Player of the Year* **Barry Bonds** (176 RCs) not only set a new TML Record for OBP (.525), but broke the record by nearly 70 points! **Bonds** (.358) and teammate **Manny Ramirez** (.359) fought for the batting title right down to the final days, finishing only 0.6 of a point apart. **Rockford** tied a TML Record for having four different players with 30+ homers (Ramirez-40, A-Rod-37, Ventura-36, Bonds-32). **Radar Ace Greg Maddux** (19-9, 2.20) had another outstanding season, giving him 12 consecutive seasons with at least 15 wins! **Maddux** has won at least 10 games in each of his 15 seasons and is now the TML Career leader in Wins (289), CG (188) and Shutouts (49), and 2nd in ERA (2.94). **Cheticamp** and **St. Cloud** tied for 3rd at exactly .500. Both teams had adequate pitching that kept them in the Wild Card fight. **Cheticamp's** offense was well balance, but **St. Cloud** had a standout in **Vladimir Guerrero** (206 Hits) and his league leading 155 RBI. **Power Loon Dennys Reyes** teamed up with **Jason Isringhaus** to toss the season's only no-hitter, against an unlikely victim in the powerhouse **Crimea** squad. **Reyes** was cut later in the season! Tough league. As perennial team leader **Gary Sheffield** went, so did **Rocky Mountain**. **Chinook Juan Pierre** led the TML with 67 SBs, but also in CS with 24. **Toxic Waste** showed some improvement, but was still a bottom dweller. **Toxin Jason Smith** set a TML Record for whiffs (222). Whoosh!

Robinson Division

Once again, the **Crimea River** and **Albany Avalanche** were the class of the division. **Albany** led the division at the end of April, but **Crimea** put up a 29-6 May, and took control of the division. **Crimea** tied **Walla Walla** with a TML Record 4th consecutive division title, posting a TML leading 114 victories. The **River** had the top TML offense (1002 RC), while setting a TML Record for most walks drawn (759). The **River's** pitchers also walked the fewest (389) this season! **Nomar Garciaparra** (TML Record 69 2Bs), **Lance Berkman** (54 HR) and **Jim Thome** (54 HR) led the TML in many offensive categories. **Ellis Burks** was not far behind, giving **Crimea** four players with 117+ RCs. The **Crimea** staff was led by a trio of 20-game winners, **Mike Mussina** (22-3), **Randy Johnson** (22-7) and **Tomo Ohka** (20-6). **Johnson** (310 Ks) extended his TML Record to six consecutive seasons with at least 300 Ks. **Albany** was right behind **Crimea** in pitching, led by **Pedro Martinez** (16-7, 2.56) and "Old Timer" **Jamie Moyer** (19-5). The **Albany** offense was relentless, with 10 different players socking 10 or more homers. The big run producers were **John Olerud** and **Jim Edmonds**, both with 120 RCs. 'Skayuna put some early pressure on **Albany** for the Wild Card, but remained locked in 3rd nearly all season. Youngster **Albert Pujols** (106 RCs) was the offensive leader, but was often a one-man show. **New York, Cortland** and **Mudville** remained 4th, 5th & 6th nearly all season. **Larry Walker** was the **New York** "top gun." **Cortland** had no one batting star and the weak starting staff let too many games get out of hand early. **Mudville** sank to a franchise low with 122 losses. **Moises Alou** and rookie **Eric Hinske** both had fine years, but had no supporting cast.

Gatto Division

The **Rensselaer Strikers** led from gate-to-wire, with a strong and balance offense, to go with the top pitching staff (2.97) in the TML. **Striker Derek Lowe** (17-6, 1.70) put up awesome numbers, but it was **Kevin Millwood** (21-6, 2.98) who became a 20-game winner. **Rensselaer** blew only one late-game lead (86-1). **Glenmont** won 100 games for the 2nd time in franchise history, primarily on the strength of their pitching, led by *Pitcher of the Year*, **Barry Zito** (22-7, 2.08, 4 Sho). **Scott Rolen** (107 RCs) was the big bat for **Glenmont**. The "rudderless" **Northern Force** finished 3rd, but never seriously challenged for the Wild Card. The **Force** lacked homerun power and had the least come-from-behind victories (2) in the TML. On the other hand, they didn't blow many leads either (69-1), thanks to a strong bullpen, led by *Fireman of the Year*, **Chris Hammond** (36 SVs, 1.08). **Beverly** had a "disappointing" season, after starting out 23-11 in April. **Hillbilly Jason Giambi** (152 RCs) had another incredible season. After the **Mansion Hill** management was unimpressed by the team making the playoffs last season, the team took a dive this season, finishing 5th, their worst finish in 7 years. (The management just noticed [p. 36] **Javier Vazquez's** no-hitter, from last season!) **Ghostwood** finished last for the 3rd straight season, thanks to "Slacker of the Year" **Juan Gonzalez** (.224, 28 RCs). **Eric Gagne** blew a league leading 9 saves, but promised "better things next year!"

ALBANY Avalanche

Manager: Pat Barry (Elizabeth)

Age: 46 **Occupation:** Financial Analyst

The Season Story

Another nice year in Albany ending with its second seven game series loss to Walla Walla in three years. The offense remained solid with John Olerud and Jim Edmonds both posting fine seasons. Brad Wilkerson enjoyed a fine sophomore season and trade acquisitions David Bell, Jesus Hernandez and Jeremy Giambi all hit at least 20 homers. Albany's pitching was superb anchored by the return of Pedro Martinez and the ageless Jaime Moyer. Trevor Hoffman gradually set into the closer's role and performed magnificently up until allowing Mark Blanking Belhorn's (as he's forever known in Albany) wind blown homer at Wrigley in Game 7.

The Season Story

Despite a winning record, the season was still a disappointment. After a hot start in April, the offense fell apart with only Jason Giambi approaching his normal offensive values. The pitching staff, while occasionally erratic, held together and produced a solid year. BY Kim anchored a solid bullpen. The team's reshaping took place in mid season as Sammy Sosa and Cliff Floyd were dealt to bring in some much needed youth. Despite this hiccup the team still has a bright future.

CHETICAMP Micmacs

Manager: Eric Rogers (Barbara)

Age: 45 Occupation: Meteorologist

The Season Story

A .500 season was a pleasant surprise from these 2003 Micmacs, as they battled with Oklahoma and St. Cloud for the Gehrig division wild card all year until fading in the last month. Odalis Perez (17-12, 3.35 ERA) led a better then expected pitching staff, aided by the decent performances out of the bullpen by Koplove, Fultz and Gryboski. The offense, led by Huff and Jacque Jones, did not scare anybody but kept the Micmacs in most games. The big disappointment was Adam Dunn, whose TML numbers (.203 BA, .354 SLG) were way off his real-life 2002 performance (but strangely similar to his real-life 2003 MLB season). Next year's offense should have more punch with Huff, Boone and Thomas, but injuries have decimated the pitching staff and outfield so I don't see much improvement next year.

The Season Story

Sorry ass year. problems stemmed from pitching right through to the hitting and managing. I guess the computer manager does do a better job. The manager better learn the nuances of the game better, like the righty/lefty limits. Will see what the trade winds blow up.

CRIMEA River

Manager: Mike Short (Monica)

Age: 48 Occupation: Webmaster

The Season Story

The Crimea River put together one of the best balanced attacks in franchise history: TML record for walks drawn, led the league in home runs, fewest walks allowed, and saves. Garciparra hit 69 doubles to tie the TML record. Thome and Berkman led the league in home runs (franchise records), Thome set the team record for walks, Garciparra for doubles and at bats, and Berkman for RBI. Three twenty game winners: Johnson 22-7, Mussina, 22-3 and Ohka, 20-6. Wagner led the league in saves. Second in runs scored and second in ERA as a team. Third time with 114 wins or more ... all three failed to get to the TML World Series.

DANNY WAY Diamonds

Manager: Mark Hetterich (Connie)

Age: 56 **Occupation:** Instructional Designer

The Season Story

The Danny Way 2002 season was a minor step back from 2001 when Walla Walla bounced the Diamonds in a sweep in the conference finals. Jeff Bagwell led the potent Diamond offense clubbing 42 doubles and 38 homeruns, scoring 114 runs and knocking in 124. Shawn Green contributed 32 doubles, 39 homeruns, scored 112 and drove in 130 runs. Roy Oswalt anchored the pitching staff. He won 23 games and only lost 6 times with a 2.84 ERA. Tim Hudson and Vincente Padilla contributed 17 and 16 wins respectfully. The 2003 Diamonds should be a very good team again and contend for division, conference, and league titles.

GHOSTWOOD Pine Weasels

Manager: Kevin Tyle

Age: 39 Occupation: Systems Administrator/Meteorologist

The Season Story

It was truly a season to forget, as the Pine Weasels endured a woeful campaign. An anemic offense and a poor starting rotation added up to the predictably large loss totals. Even worse was the fact that most players underperformed significantly, with Juan Gonzalez winning the award for the Slacker of the Year. Still, we managed to win a few series against some pretty strong opposition. New closer Eric Gagne had a rough adjustment joining the 'pen, blowing several saves early on before coming around late in the year. Next year the rebuilding continues, with Sean Burroughs, Alex Cintron, and D'Angelo Jimenez joining Mike Sweeney to form a solid infield.

The Season Story

The 2003 season was one of the most successful in team history as GL amassed 100 wins tying a franchise record set last century! Unfortunately, the season ended with a 1st round playoff loss at the hands of defending TML champ RO. Pitching was the name of the game as both the starters, anchored by Barry Zito and Ramon Ortiz(a combined 38-12), and relievers were solid. The offense, for the most part was offensive. Scott Rolen hit 34HR and led the team in most power categories. Management has vowed to improve this punchless offense and has hired George Costanza as a special consultant to the GM. His experience as assistant to the traveling secretary w/the Yankees should prove invaluable.

HIALEAH Thoroughbreds

Manager: Doug Grahm (Donna)

Age: 42 Occupation: none

The Season Story

In a season with high expectations, Hialeah had another disappointing go around. The hoped for improvement in the starting pitching never materialized and the team struggled to try to reach the .500 mark for the first time in the team's history coming up eight games under. The team still looks to the near future to become a force as management thinks it is just a few players away from being a contender.

The Season Story

A disappointing season. The pitching staff performed as anticipated, which was above average. Roy Halladay put up good numbers all season, the bullpen surprised, and Javier Vazquez pitched he only no-hitter of the season. On the other hand, the anemic offense is what led this team to mediocrity, as only Jay Gibbons (33 HRs), and part-timers Bobby Kielty and Gary Matthews, Jr. excelled. The front office has promised sweeping changes for next year, but we've all heard that story before.

The Season Story

The worst season I have had by the worst team I've ever had. Moises Alou and Eric Hinske were standouts this season. Looking ahead, Covelli Crisp, Luis Matos and Milton Bradley show promise. In the pitching department, well, let's just say I know what I'll be looking to improve next season.

The Season Story

Not much to tell with these guys. The only thing worth mentioning is that it will get much better. The bullpen overperformed and the starters got nailed even in the friendly confines of Dodger Stadium. I wrestled and wrestled with the decision on leaving as the 2003 team will have the best pitching of any team that I have had in the American. Time has disappeared. My time here was more than pleasant, it was great. Thanks to Mike Landin for his friendship and his dedication for the past 26 years. He has always been a true friend. I am not going far and hope, like Joe Steinmetz and Mark Hetterich, to return soon.

NORTHERN Force

Manager: TML

Age: -- Occupation: -----

2004 Team Name Change

Schenectady Sharks

The Season Story

The Force saw their management fall apart within weeks of the start of the season. The TML considered moving the team to Montreal from Vancouver, but figured if MLB could not survive the poor attendance, then the TML was not interested. This league-run team performed quite well, putting up a winning record in a tough division. Their strength was in the bullpen, lead by *Fireman of the Year*, Chris Hammond (36 SVs, 1.08 ERA). The entire bullpen posted a 2.91 ERA. Mark Mulder and Orlando Hernandez were the top starters. Bernie Williams (.325, 116 RCs) was the team batting leader. The lack of homerun power was evident in this team's failure to come from behind late in games. A local move in 2004 to Schenectady may be what this team needs.

OKLAHOMA Supercells

Manager: Mark Plate (Michelle)

Age: 38 Occupation: Meteorologist

The Season Story

Oklahoma enjoyed a successful season, making the playoffs for the first time under current manager Mark Plate. Starting pitching carried the team, with Curt Schilling, Jarrod Washburn, and Tim Wakefield all enjoying good seasons. Antonio Osuna performed well as the closer, and Rick White was a good set-up man, but the rest of the bullpen struggled. The offense was inconsistent, and was led by Magglio Ordonez, David Ortiz, and Mike Lowell. Scoring runs was a problem at times due to the lack of both power and speed on the team. Fortunately, the pitching was good enough to overcome these inadequacies. The pitching staff also led the team to upset victories over Rensselaer and Rockford in the playoffs, but Walla Walla had too much offensive firepower for the Supercells in the World Series.

PHILADELPHIA Phillies

Manager: Martin McGrath (Kathleen)

Age: 49 **Occupation:** Manager/Expedited Services

The Season Story

A totally new experience for this manager as I have never attempted any fantasy or simulated baseball in the past. With some fortunate drafting and some decent trades the team looked to a .500 year. About a 10 game improvement. And so it worked out on par with that predication. Now the team is slightly improved with the surge of Loaiza to the 'ace' pitcher. Backed by Russ Ortiz, Pettite, Clemens, Alvarez, W. as starters. The hitting will be slightly improved with Mondesi and Guillen improving much last season, and Garrett Anderson still performing well. Prediction :85-90 wins in a tough league!

PHOENIX Mystique

Manager: Dave Pittner (Francesca)

Age: 50 **Occupation:** Director of Human Resources

The Season Story

The team played like the sub par team it was. The HR leader was Cameron with 21, the RBI leader was Junior Spivey with 68, who also led the team in average at .290. On the pitching side, Brian Lawrence led with 11 wins and a 3.95 ERA. The team was 20th in batting, 21st in pitching and last in defense in the league. This all added up to a 68-92 year. The team is in a transition/rebuilding mode.

RENSSELAER Strikers

Manager: Joe Nocera

Age: 29 Occupation: Scientific Programmer

The Season Story

It was a good regular season for the Rensselaer Strikers. The pitching staff was dominant. Rensselaer had a TML leading 2.97 ERA. Derek Lowe (17-6,1.70), Kevin Millwood (21-6,2.98), and Randy Wolf (3.07) provided outstanding starting, while Joey Eischen (1.63), Tim Spooneybarger (1.55), and Mariano Rivera (2.67,25 SV) provided outstanding relief. The offense, led by Miguel Tejada (.315,25,102), had a TML 3rd best .278 AVG. Many of the strengths from the regular season turned bad in the post-season. Nonexistent clutch hitting, poor pitching by Rivera and Millwood, and costly errors put an early end to Rensselaer's season against an opportunistic Oklahoma team led by Magglio Ordonez.

The Season Story

Well, looking at all the statistics it's very hard to believe that we actually won 98 games. We had timely hitting and pitching until the playoffs when our hitting went bye bye. RO's pitching was again solidified by Greg Maddux with 19 wins and newcomer J. Acevedo with 26 saves. Robin Ventura had a surprisingly good year with 36 Hr's and 109 RBI's. The trade that bought J.Acevedo and S.Finley solidified centerfield and a closer. We finally got the lead-off hitter we needed. but in the end being able to defend our title up to the championship series tells us that it was a wonderful run for 2 years. We'll now we'll see what happens next year.

ROCKY MOUNTAIN Chinooks

Manager: Jeff Chapman (Sally)

Age: 37 Occupation: Meteorologist

The Season Story

The second decade of Chinook baseball started much as the first...mediocrity. Another year of mile-high failure (28-52) drove home crowds away early and often. Off-season expectations of lighting up the scoreboards were never realized, and pitching evolved to be the stunning strength of the team (3.91 ERA). Perennial MVP Sheffield (.298/.471 SLG/21 HR) even had an off year. RM swiped a TML leading 184 bases...including a team record 67 from Juan Pierre. Guilt-ridden closer Julio, near tops in the league with inherited runners, more than made up for it by allowing a bunch of his own to score. Longtime Chinook groundskeeper Carl Spackler was abruptly fired for admitting that he turned on the fans in the outfield during home innings to keep the batters cool. Perhaps, we're about to see a "Cinderella Story" in Ryan Rupe (5-5, team leading 3.17 ERA for a starter).

'SKAYUNA Squires

Manager: Hank Pedicone (Eileen)

Age: 53 **Occupation:** Attorney

The Season Story

Another season of highs and lows for 'Skayuna, with many regulars performing under their abilities. Realistically though, while the Squires' total of 82 wins was disappointing, the third place finish was not unexpected given the strength of Crimea and Albany. 'Skayuna management looks forward, however, to mounting a major challenge to the league leaders in the coming season, with the continued development of its young stars.

SAINT CLOUD Power Loons

Manager: Bob Weisman

Age: 43 Occupation: Meteorology Professor

The Season Story

Ewwwww! No lucky magic carpet ride to the Conference finals this year. The offense, led by Vladimir Guerrero, was great again, but the pitching was thinner and the bullpen was much weaker. Matt Clement deserved a better fate, but the porous bullpen was too flammable. Saint Cloud is more likely to make a run at Toxic Waste or Rocky Mountain than the division next year with weaker offense and pitching. When is Saint Cloud ever going to fire that Weisman moron running that team?!

SANTA ROSA Sounds

Manager: Bill Jelks (Lynda)

Age: 60 Occupation: Retired Air Force Officer

The Season Story

Another long season for the Sounds. When your best player, Todd Helton, hits .260 with 18 homers in 576 at bats you know you are in trouble. A team batting average of .237 and ERA of 4.62 tells the story. And when you are outthomered by a margin of 195-119.....well, what else is to say? Things may be looking up for the hapless Sounds however. Helton is expected to return to form and team with Eric Chavez, Melvin Mora, Morgan Endsberg and newly acquired Raul Ibanez, Randy Winn and Frank Catalanotto to provide renewed offensive energy. Hopefully a very solid bullpen can support a very young starting rotation.

TOXIC WASTE River Rats

Manager: Mike Landin (Teri)

Age: 50 Occupation: Meteorologist

The Season Story

The defending worst team of all time managed to be more competitive this season, thanks to more stable pitching, and actually won a few series. The 3-2 series victory at Mudville justified the Toxins' standing. Only one pitcher managed to lose 20 this year, a welcomed change from last year's disaster. Damaso Marte was the "good guy/bad guy" out of the pen, saving 20 games, but with 6 BS and 6 Ls. Offensively (stress on the 2nd syllable, please), Geoff Blum and Juan Encarnacion were the leaders, but many times lost the trail themselves. Jason Smith managed to tie for the TML lead in triples (12), but also set a TML record for whiffs (222). Smith provided a natural form of "air conditioning" on hot nights. At the end-of-season press conference, when confronted by the team's unprecedented 2nd consecutive 100+ loss season, Manager Biff Barnes screamed back, "Hey, show me another team that put up a 46% increase in wins from last season!" Barnes gave his typical "Italian Salute" and stormed out of the room ... muttering to himself.

WALLA WALLA Wombats

Manager: Bryan Sakolsky

TML Champion

Age: 36 Occupation: Financial Advisor

The Season Story

Well the Wombats won another Championship, and will now be rebuilding. The Wombats had a solid run wire-to-wire, and two huge acquisitions in mid-season, Sammy Sosa and Mark Bellhorn. The offense was led by a lot of role players with excellent seasons, Julio Franco, Ruben Sierra and Rickey Gutierrez. Solid seasons by Shannon Stewart, Andruw Jones and a half season from Sosa helped maintained a balanced offense. The pitching is summed up in two words: Al Leiter (25-3, 2.89 ERA). Rick Helling chipped in 17 wins and Robb Nen led the bullpen (which had 4 guys with ERAs under 2.05) with 36 saves.

Stat Key

Below you will find some explanations on a few stat categories:

RC: runs created ($RC = [A \text{ times } B] \text{ divided by } C$), where,

$$A = H + W + HBP - CS - GIDP$$

$$B = TB + .26 \times (TBB - IBB + HBP) + .52 \times (SH + SF + SB)$$

$$C = AB + TBB + HBP + SH + SF$$

RC / 27 outs: runs created per 27 outs; in other words, the number of runs a player would create if he were to bat in all nine positions in the batting order.

QS: quality starts; the number of starts in which a pitcher pitches six (6) innings or more and gives up three (3) runs or less.

OAVG: the batting percentage against each pitcher.

Batting & Pitching Leaders: the following symbols were used to denote individual accomplishments that were record-breakers:

🏆 - TML Record

🏆 - Tied TML Record

Team Stats: an asterisk (*) preceding any stat indicates that the player or pitcher led his Association in that stat category; a dot (•) indicates that the player or pitcher tied for the lead in his Association in that stat category.
